

VICTORIAS WON A DOUBLE VICTORY

At the Arena last Evening. The First Game went by 5-0 Two Good Games

Senior Vics-5, Abegweits-0. Intermediate Vics-5, Abegweits-1.

The above is the story in brief of the two 1911 P. E. I. Hockey League openers played in the Arena last evening.

The Victorias are jubilant and, after the double victory of last night, now permit their anticipations to linger fondly on the vision of a certain piece of silverware now nesting in the Crystal fold. But the way is yet long and hard.

The senior Victorias outclassed their opponents last night. Their forwards were, on the whole, speedier on their skates and trickier in stickhandling, though they did not resort to team work as much as they should. This will come with practice. Their defence was not properly tried out last night yet they were equal to every occasion which arose in the game.

The Abegweits forwards were not evenly balanced, an unanticipated change in the forward line at the last moment being partly responsible for this. The defence was good, but not strong enough to offset the great speed and superior stickhandling of the blue and white forwards. Here too an unexpected change was visible. Toby McMillan, the retired veteran of countless conflicts, being called on to take his old place at cover. He

HALIFAX "PROS" DEFEAT MONCTON

Special to The Guardian.

HALIFAX, Jan. 13—In the "pro" game here tonight between Halifax and Moncton the former won by 7-5.

HANFORD PRICE IS RECOVERING

SUSSEX, N. B., Jan. 11—Hanford Price, who was shot on Saturday, passed another favorable day and the doctors now report that if he has two more favorable days they will consider him out of danger. The officers will continue their search for the guilty party tomorrow.

BOY BURNED TO DEATH IN HIS BED

LINDSAY, Ont., Jan. 10—Erastus Anderson, the six-year-old son of J. J. Anderson, of Harvey, six miles north of Bobcaygeon, was burned to death in his cot last night at 9 o'clock. He was in bed with his little sister, whose life was saved by W. Laird, who noticed the fire. The flames were too fierce to allow him to return for the boy. The cause of the fire is unknown.

SKIRTS SAID TO BE DOOMED

PARIS, Jan. 10—It is solemnly announced here that the successor to the hobble skirt has arrived, and that it is an exact reproduction of the dress worn by Turkish ladies, minus the veil.

Loose-fitting, pantaloons fashioned as elegantly as possible will be fastened close at the ankles by drawers. A well-known firm of Paris dress-makers will launch the models of this costume.

They say that the petticoat is finally doomed.

DIVORCE EVIL GROWS IN NEW BRUNSWICK

FREDERICTON, Jan. 11—According to returns furnished to the census commission at Ottawa by the registrar of the district court of this Province, there were five cases, which were more than in any fifteen years previous. In 1908 there were five cases, in 1909 six cases, and in 1910 there were six cases. Nine cases were brought by the husband against the wife, and eight by the wife against the husband. These figures would go to show that divorces are on the increase in this Province.

HE SAW THE BEST IN MAN

If ever a man was justified in turning with tragic helplessness away from the human race, it was Jesus of Nazareth. Why did He not give us up? The answer is because He knew what was in man. Because underneath the man of lust and murder who cannot be trusted, He knew the passion of the prodigal, the passion which led him from his father's house and trochery He saw another man in every iniquity; but He also knew that in the prodigal there was a deeper passion which, if awakened, would lead him from among the swine back to the life of a loyal son. He knew the disloyal coward, the ardent of Peter who would stand like a rock in the storm. He looked out from His Cross upon a jeering multitude, symbol of the vaster multi-

tude who forever jeer and crucify the good, and there He performed His supreme miracle. He believed in them. He saw through the darkness and through the whirlwind of evil passion the real multitude, whose deepest law, whose deepest necessity is that they shall be loyal to each other and to their father in Heaven.

He knows, yes, Jesus knows, All that we cannot understand. He knows so well, The silence of the heart is heard. He does not need a single word, He thinks of you. He watches and He cares too. He pitieth; He loveth. All this flows in one sweet word "He Knows."

PORTUGALS' RAILWAYS ARE PARALYSED

LISBON, Portugal, Jan. 13—Railway communication throughout the republic is practically paralyzed as the result of the strike of employees who went out Wednesday.

Portugal is thus cut off by land from the rest of Europe.

Today the strikers refused to permit the southern express to leave the capital.

The mail from abroad is reaching here by steamer.

The strikers have rejected an offer of a 25 per cent. increase in wages.

MANY DEAD IN A RACE RIOT

BOMBAY, India, Jan. 13—Eighteen persons were killed and twenty-four others wounded during yesterday's rioting.

As usual the occasion of the Muharram festival brought about a clash between the Sunnites and Shi'ahs, and the troops called out to restore order fired several volleys into the mob.

COMPETITION WITH BRITISH LINES SOUTH

WASHINGTON, January 11—Senator Callinger today addressed the senate in support of his new ship subsidy bill designed to encourage the establishment of American lines between ports of the United States on both the Atlantic and Pacific coasts to the countries of South America. This business is now in the hands of European lines. Mr. Callinger said in part:

"This bill aims to break up this arrogant monopoly through the power of an independent American competition in new high-class steamships, built for the auxiliary naval service and operated under rigid control with the government. The purpose of the bill is the express approval of President of the state department, the post office department, the navy department and the department of commerce and labor."

Senator Hale indicated that the measure would pass the senate without dissent. Senator Stone declared he would introduce no objection to its passage. The bill then went over without further action.

NEW YORK TO HAVE A 25 STORY HOTEL

NEW YORK, Jan. 11—Plans for the new Greely Square Hotel have been filed by F. M. Andrews & Co., architects. The building will have a frontage of 197.5 feet on Broadway and the estimated cost is \$4,500,000. The hotel will be twenty-five stories high, with three sub-basements, and will cover 30,000 square feet. There will be 1,520 guest chambers, 1,100 bathrooms and accommodations for 500 servants.

The grand ballroom will be 46 feet by 84 feet and 25 feet high. The lobby will be 64 feet by 30 feet and 40 feet high, making it the largest hotel lobby in New York. The marble and terra cotta interior of the lobby and its approaches is designed in the style of the Italian Renaissance.

The facade of the building will be of Bedford stone, the main shaft being of golden brown brick laid in white mortar joints.

TO SEARCH BRAZIL FOR GOLD TREASURE

SAN FRANCISCO, Cal., Jan. 11—An armed expedition into the wilds of South America in search of gold will be led from San Francisco next May by "Diamondfield Jack" Davis of Nevada, Mexico, and the world, and his partner, J. D. Mitchell.

Davis is making preparations for the invasion and he intends to head a force of fifty white men and two hundred or more South American Indians.

COMMUNICATION WITH MAINLAND

The Earl Grey arrived in this port yesterday from Picton at 10:20 and leaves this morning for Picton at 7:30.

The Minto crossed from Georgetown to Picton yesterday, arriving at 10:55. She leaves Picton this morning at 7:00 for Georgetown.

A Hot Shot on Home Shopping

Foreign mail order houses are looking for "easy marks"—people without loyalty or ambition to pass along their hard earned money for imaginary bargains.

The sun sets this afternoon at 4:43 and tomorrow afternoon at 4:44. The sun rises tomorrow morning at 7:35 and Monday morning at 7:34. The moon will be full this evening at 6:14 and rises tomorrow evening at 5:31.

MANUFACTURERS IN OTTAWA MAKING BIG CLAIMS AND DEMANDS

They Oppose Reciprocity, or Tariff Reduction in Any Form. They Are Standpaters. Sir Wilfrid Makes a Cautious Reply.

OTTAWA, Jan. 13—The manufacturers of Canada presented their views on reciprocity and the tariff to the Government today in the House of Commons.

Their case was carefully prepared, in view of the Reciprocity negotiations now proceeding at Washington on the demand of the western farmers for free trade.

Mr. Rowley of Ottawa, President of the Manufacturers' Association, made a brief speech setting forth the importance of the manufacturing interests of Canada.

Then a memorial of ten thousand words was read by Mr. Russell, chairman of the Tariff Committee of the Manufacturers' Association.

The reply for the Government was made by Sir Wilfrid Laurier.

The memorial was an argument for the maintenance of the present tariff with the United States.

It affirmed that while the tariff should be primarily formed for Canadian interests, it should give a substantial measure of preference to Great Britain.

The manufacturers claim to represent \$1,200,000,000 of invested capital, a billion dollar annual output, and \$250,000,000 in annual wages and declared that a reduction of the tariff would be an injury to the manufacturing interests and therefore prove detrimental to Canada and the Empire.

It was hoped there could be a reciprocity treaty arranged with the United States without interfering with Canadian manufacturers and said if there were two men in Canada who could be relied upon to avoid doing anything which would worsen business conditions, those men were Messrs. Fielding and Patterson, of the Manufacturers' Association.

SPORTING NEWS FROM ABROAD

NEW GLASGOW, Jan. 11—The opening round in the professional hockey league was played in the arena rink here tonight.

No sooner had the teams started puck chasing, when it became evident that much of New Glasgow's strength lay in their defense, where Cooke played the star game for his side. Gregory, Williams, Little and Simpson, constituted a fast bunch of forwards and backed with the superior defense they had the better of the game throughout.

In combination work the Halifax team had an advantage over the New Glasgow team, but the latter had speed to break up their combinations. Cooper Wisner, of Picton, was referee.

DEFENCE SCORES IN THE SCHENK CASE

WHEELING, W. Va., Jan. 11—The defence scores heavily today in the case of Mrs. Laura Farnsworth Schenk, charged with having attempted to poison her husband, John O. Schenk, the millionaire pork packer.

Among other things admitted by Dr. Hupp after the sharp attack of Attorney O'Brien was the fact that he was not sure the symptoms exhibited by John O. Schenk, even after the removal of the latter to the hospital, were due to arsenical poisoning, until a mineral water used by Hopkins University; that the discoloration of the patient's gums was probably due to a diseased condition of the gums, and the fact that Schenk did not use a tooth brush; that the millionaire banker was at no time, either before or after his removal to the hospital, actually confined to his bed at all times.

Attorney O'Brien also secured an admission that it was the wife who first summoned Dr. Hupp, and who asked if Schenk should not have a trained nurse.

RECIPROCITY IN THE CONSUL'S FEES

OTTAWA, January 11—There is talk in the capital of asking reciprocity with United States on a point where none now exists. All shipments of goods from Canada to the United States of a value of \$100 or over must have attached to them a document from the United States consular agent. To obtain that document it is necessary to pay \$2.50, which, in all intents, are an increase in the regular schedule of duties.

There are no Canadian consuls in the United States, so there could not be any corresponding arrangement.

WANAMAKER GIVES ANOTHER FAIR.

NEW YORK, January 11—John Wanamaker has just promised to erect his sixth Y. M. C. A. building in the Far East. It was announced today at the international headquarters here that he had pledged \$60,000 to provide a Y. M. C. A. building for Peking, China. It was also announced that of the \$2,000,000 fund recently started to erect fifty or sixty association buildings in strategic centers in foreign lands \$1,800,000 had been pledged and an American architect is just sailing to the east to make a study of conditions preparatory to the erection of the buildings.

VEGETABLES SHOULD NOT SELL BY WEIGHT

OTTAWA, Jan. 10—With a view to obtaining a number of changes in the Weights and Measures Act, certain provisions which they claim are unjust to them, the vegetable growers of Ontario and Quebec are sending two large delegations to a capital to wait on the Government on Jan. 18. In the sale of vegetables by weight the vegetable men claim injustice is done to them by the fact that they are supposed to give sixty pounds weight to the bushel, whereas they claim some lines do not weigh this much to the bushel measure, such as onions and parsnips. The delegation will include a number of leading growers from Toronto.

PASSENGERS IN PULLMAN KILLED

SIXTY FOUR LICENSES WILL BE CUT OFF

TORONTO, Jan. 13—Sixty-four licenses will be cut off on May 1st as the result of the voting on local option by-laws this year in 25 municipalities.

The by-laws were carried in 30 other municipalities in which there are 100 licenses, but not by sufficient majorities to bring the law into force.

There was a majority against local option in 25 municipalities, having 116 licenses.

The liquor forces failed to repeal local option anywhere.

PLAGUE SPREADS IN MANCHURIA

PEKIN, China, Jan. 13—The bubonic plague in Manchuria is spreading rapidly.

Reports state that hundreds of persons are dying every day and the number of fatalities is increasing.

SUMMERSIDE MAN WRITES RE MAIL

Rev. R. O. Morse, Summerside, writing to the Halifax Herald, says the arrangements for the distribution of the mails throughout Prince Edward Island, west of Charlottetown, are about as bad as the evil genius of the post office department at Ottawa can devise. Early in December the steamer Empress went into winter quarters. The people of Summerside and of the western part of the island had been promised the government steamer Minto to maintain the winter service, as long as possible, between Summerside and Cape Tormentine, thus giving the most advantageous winter service. The Minto came to Summerside, took the mails and passengers and some freight, sailed for Cape Tormentine, found that no arrangements had been made with the New Brunswick and P. E. Island railway

(Continued on page 13)

MUCH PULPWOOD GROSSES BORDER

OTTAWA, Jan. 11—According to statistics collected by the forestry branch of the department of the interior, there were 622,129 cords of pulpwood used in Canada during the year 1909. Of this the total value at the mill was \$4,464,080. In spite of a decline in the price of pulpwood, the value of the price of pulpwood more than \$550,000 over that used in 1908, the quantity used being more than thirty per cent. in advance of that used in the previous year.

There are some sixty pulp mills in the Dominion, and of these reports were received from fifty. Half of these mills are in Quebec, one fifth in Ontario, and the rest are located in New Brunswick, Nova Scotia and British Columbia.

The province of Quebec furnished over half the pulpwood, Ontario gave about one-third, while the rest was obtained in New Brunswick, Nova Scotia and British Columbia.

Two species of timber, namely, spruce and balsam, furnished 99 per cent. of the wood used in the making of pulp. Poplar, hemlock and jack pine were also used.

Three-fifths of the pulpwood cut in Canada during 1909 was exported to the United States for manufacture. Nearly all this wood went from Quebec. The average price received from it was only forty-five cents; more than was paid at the Quebec mills.

The New Act How Many People Know it?

Judging from the opinion of the Postmaster General, the reading public need no longer worry over subscription accounts caused by Publishers continuing subscriptions after same have expired.

Section 56 of the Dominion Postal Regulations reads as follows:

"The Department finds that an impression is prevalent among publishers of newspapers throughout the country that when a person has once subscribed for a paper he should continue to be regarded as a subscriber and to be charged for the paper until he has definitely notified the publisher to cease sending it and has paid the subscription price in full for the whole period during which the paper has been sent him. Postmasters are informed that this impression is erroneous and that the subscription to a newspaper does not involve any such obligation as is suggested."
