VICTORIA DIVISION 61ST ANNIVERSARY

Victoria Division, No. 4, of the Sons of Temperance, was organized in this city on the 21st day of October 1848 just 61 years ago on Thursday. The anniversary was duly observed Monday evening in the Division Room. In the absence of the Worthy Patriarch, the chair was ably filled by the Worthy Associate, Frank Stewart, who felt it was no small honor to belong to a Division with such a proud record as Victoria held. The charter was then read by the Treasurer, John L. Godkin, giving the names of the original charter members, namely—John Atkinson, George W. Owen, Charles Brew, John Godkin, William B. Davison, Benjamin Chappell, John LePage, George Moore, Richard Smith, Jenn Scott, James Hancock, George Butcher, Andrew Hamilton, William Douglas, Matthew May, Charles Harris, John Maxwell and John McKay. These good men who will be remembered by the older citizens have all passed to their reward, "they rest from their labors and their work to follow them."

A member of short and appropriate addresses suitable to the occasion were made by Brothers Andrew McNeil, George S. Deane, Chappell, James Brodie and L. P. Stanton, after which the division closed, by singing the closing ode and with a prayer by the Chaplain.

The Guardian extends congratulations to Victoria Division and trusts that continued and more abundant success may attend her meetings for many long years to come.

FOG HORN WAS NOT IN WORKING ORDER

OWEN SOUND, Ont., Oct. 18.—That the fog horn on Flowerpot Island, was not in working order, is the latest information regarding the wreck of the steamer Athabaska. She ran into a heavy storm of snow and ran under the lee of the island, listening for the signal. There was none so they kept on, and went on and on to the shelving rock. A searchlight in the distance will be made of their place of the accident. The Athabaska got off yesterday.

BODY OF INFANT FOUND ON TRACK

Mother Mysteriously Disappears while Officers were Examining the Car.

TRURO, Oct. 19.—(Special.)—The body of an infant, newly born, was found on the railway track at Thompson Station.

Traces of an occurrence in the women's compartment, of an extraordinary nature were observed, and word was sent to look out for the mother and a woman got off the train. Express while the officers were examining the car.

She disappeared and has not been traced. She was a stranger.

The supposition is that the woman was driven from the station by friends awaiting her arrival.

SECOND DAY OF THE CONVENTION

Of the Sabbath School Association. Important and Interesting Papers Read.

The S. S. Convention met at nine-thirty yesterday morning. After devotional exercises conducted by Rev. E. S. Styles, the President, Rev. E. A. McKee, in the chair, and after the reading of the minutes the following were given in—

(1) The Home Department. On this important department no report was given in, as the convener was absent. Mr. Ganong, however, fully explained the aim and methods of work. Mr. Cork also spoke on the subject stating that every member of the church ought to be on the roll of the S. S. either as active members, or the Home Dept.

(2) The report on Organized Adult Bible Class work was also absent. Mr. Ganong, Mr. Cork, E. S. Weeks, and Mr. Gillespie spoke on the aim, method, importance and difficulties of this work.

(3) The report on the "Elementary Department" was given in by Mrs. Sanderson in her usual pointed, practical and able manner. She complained somewhat of the seeming lack of interest shown teachers in this important department. The great aim to lead the little ones to Jesus.

The following statistics were given—

Charlottetown: Cradle Roll, St. James', 29; 1st Methodist, 24; 2nd Methodist, 27; Zion, Pres., 60; Central Christian, 7; Baptist, 60; O'Leary, 45; Eldon, 25.

Rev. Mr. Fullerton and Mr. Cork, delivered short and appropriate addresses on the report.

Rev. P. A. Whitman gave the report on Teacher Training, explaining fully and clearly the methods of the work, but he regretted to state that very little progress was made. There appeared to be a great lack of interest in the work.

A very helpful discussion followed, taken part in by Mr. Fullerton, Mr. Ganong, Mr. Cork, Mr. Orman and others.

The report on Temperance was not given in as the convener was absent.

The report on I.B.R.A. was read by the Secretary, Mr. Jardine, in the absence of Mr. Steele. Rev. Mr. Fullerton spoke on the great road of this work was accomplishing in all parts of the world. The Field Secretary then gave his report which will appear in full in the Advocate. No abstract could give a just idea of this exhaustive interesting and cheering report. The meeting then closed.

(AFTERNOON SESSION.)

The S. S. Association met at two-thirty. The devotional exercise was led by Rev. E. S. Weeks. After reading the minutes, a discussion on the report of the Field Secretary took place. Mr. Cork, Mr. Weeks, James Gillespie, Colin McKay and others taking part.

Mr. Bates, Treasurer, presented his report: \$566.77 were received during the year. \$241.21 were still due from several districts that had not paid their amounts in full.

Mr. Cork then gave a lesson on how to open and close a Sunday School. Mr. J. D. Seaman gave a very able and practical address on the Teacher's Problem and its Solution. Some of the preparation of the teacher, some of the necessities of this is on account of the responsibility of the work.

What is the aim? (1) To find the truth as the Word puts it. (2) To have our spiritual wants supplied. (3) To find something to do for the need of others. (4) We must become acquainted with the times, the places and circumstances in the lesson. (5) Adapt every particular lesson to the class. Begin at your lesson early. Read it often. Pray much for every word and verse. Study independently. Use all the help you can. Talk much of your lesson. Fix on one Truth.

NIGHT SESSION.

The last session of the S. S. A.

REBELS GAINING GROUND IN HAITI

CAPE HATIEH, Oct. 18.—News reaching here, but somewhat delayed on account of bad weather and roads, gives brief details of a sanguinary engagement between the insurgents and the Government troops at Camong, near Bajabon. The insurgents were in ambush behind a hill and made a surprise attack upon the advancing troops. There were considerable losses on both sides.

Making a feint to re-enter Bajabon, the insurgents then proceeded to Guayubin and Sabaneta, which they captured without resistance. The loyal forces proceeded into Bajabon.

A Haitian postal courier who was taken prisoner, said that the whole frontier is in the power of the insurgents. There is a rumor that La Vega is among the "captured towns." A strict censorship has been established.

opened at seven thirty. A good audience filled the beautiful Baptist Church. A solemn and impressive service led by Rev. Mr. Styles, preaching to the Christian workers for the world was nearly done. The reports were all in. The time for saying farewell had come.

J. T. McKenzie, Mr. Mason and Mr. Chappell lead in prayer.

After the reading of the minutes, the reports of the following committees were given as follows: Nominations—E. S. Styles.

Vice Presidents—T. F. Fullerton.

Queens—Rev. Mr. Fullerton.

Kings—Rev. Andrew Gray.

Prince—A. J. Robinson.

Supts.—Convener of Departments: Home—Rev. Mr. Orman. Primary—Mrs. S. Sanderson. I.B.R.A.—W. A. Mason. Temperance—Rev. Mr. Field. Teacher Training—Wilfred Boulter. Adult Bible Class—J. P. Gordon. Secretary—J. C. Jardine. Treasurer—S. M. Hicks.

Rev. E. A. McKee was elected representative to the N.-B. Association. The following resolutions were then unanimously adopted:—

To the Pastor and members of the Baptist Church for the use of their building; to the people of Charlottetown for their magnificent hospitality in entertaining the delegates; and to the Railway authorities for reduced fares.

Miss Robertson presented the report on enrollment.

Mr. Cork then delivered a masterly and practically address on the Parents' Problem. Can the S. S. help them to solve it? The S. S. must not rob the parent of the great joy and blessing of saving their children. They only help them.

These problems are:—

(1) Prompt obedience.

(2) Respect and reverence for God's house, God's Book, for the aged. The S. S. can help parents solve these.

(3) Jealousness is also another problem. Let us show it is more blessed to give than receive.

(4) Recreation is another problem. They need recreation—must have it. But beware of the danger. Do not make your brother offend. The theatre, cards, balls—if they make my brother offend, I will never go.

Hang out a red light where there is any danger. But let the church plan and find innocent amusement for the child. Let boys and girls live clean, pure noble lives. Let the S. S. help parents teach their children to be pure, as they—Help parents bring their children to Christ.

Professor Barlow sang a solo. Short and cheering address were given by delegates, and the benediction closed one of our best and most successful conventions.

CAT SMOTHERS BABY TO DEATH BESIDE MOTHER

NEW YORK, Oct. 18.—Mrs. James Saunders, of No 136 Scholes street, Williamsburg, awoke yesterday to find a large black cat asleep on the breast of her nine weeks old son, Augustus, beside her.

She pushed the animal out of the bed and then chased it. The cat re-enters the attack and sprang at her. Mrs. Saunders avoided the animal and then obtained a broom, with which she drove it into the rear yard.

Returning to her bedroom, Mrs. Saunders picked up her baby. His hands and face were cold, and as the realization that her child was possibly dead came upon her she cried hysterically. Mr. Saunders and several neighbors ran to the side of the mother in answer and attempted to console her. It was thought possibly there was some spark left and a call was sent for Dr. Driscoll, of St. Catherine's Hospital. When he arrived he said that the child had been dead for about four hours. The circumstances were explained to him, but he could not give his opinion as to the cause of death and referred the case for an investigation.

It is believed that the weight of the cat on the child's breast prevented it from breathing and caused the child to be slowly smothered to death. The animal was merely seeking a warm place to sleep. There is a belief that cats draw the breath from infants, but little credence is given to this.

PITTSBURG WELCOMES CHAMPIONS HOME

PITTSBURG, Oct. 18.—Pittsburg was baseball mad tonight, the time officially set for the great celebration in honor of the Pittsburg Baseball Club, winners of the world's championship. Traffic along Fifth Avenue in the downtown section of the city was abandoned early in the evening the street car company running their cars by other routes. A great parade was held tonight. Led by Mayor Magee and all the members of the Pittsburg Baseball Club, the 14th and 18th Regiments of the National Guard of Pennsylvania formed the vanguard. Practically every political club of Allegheny County was in line, as was also about one hundred athletic organizations, the members marching in uniform. Each section of the city constituted a division of the parade, which the business men and various trades unions marched in another class.

Every "rooter" in this section of the country had been publicly invited to participate in the celebration, the newspapers of the city furnishing hands and attending to the formation of the baseball enthusiasts. Forbes field where the parades later gathered was taxed to its capacity, the great amphitheatre being unable to seat the multitude.

Mayor Magee, Congressman James B. Burke, and other prominent citizens of the city were among those who made addresses, each member of the ball club being introduced to the vast crowd and forced to make a remark of some sort. Mayor Magee presented each player with a check for his share of the receipts of the world's series. Charles (Babe) Adams, the pitcher who led his team mates to victory three times during the great series was the recipient of a great ovation, and besides the check as his share of the receipts was given a purse of over \$1,000 as a testimonial of his great work.

WOMAN MEETS A TRAGIC DEATH

NEW YORK, Oct. 18.—The bleached skeleton of a young woman partly covered with shreds of linen which once were part of her clothing, was found today in a lonely stretch of woodland, near Islip, Long Island.

The coroner found nothing by which the identity of the young woman could be established. Close to the skull was a thick mass of blonde hair tied with fragments of a girlish bow of ribbon. The teeth were preserved with several gold fillings. It was evident that the victim had been dead for about a year. The skull was intact, showing no marks of violence and it is impossible to ascertain whether it is a case of suicide or a mysterious murder.

A friend, who had seen him during the day, said that he appeared to be then in the best of health and spirits.

SEEKING CAPTAIN KID'S TREASURE

CHATHAM, Oct. 13.—Fascinated by the magnetism of Capt. Kidd's treasure, a number of men are seeking with spade, shovel, and boring machines, to ungrasp the booty of the celebrated buccannan chieftain. This time the scene is a maine island, located approximately four miles from Miscou Island, on Bay Chaleur. The islet is appropriately named Money Island, and is only a few yards in circumference.

A New Yorker who was in Chatham yesterday reports that cavities on the islet are as deep as twenty feet, and are extremely numerous. The expected reward has not materialized, and in a week or two it is believed that the operations now in progress will be abandoned.

The island is eighteen miles from the New Brunswick mainland and supplies for the expedition, which has divided to two members, are obtained at Caraquet.

DETROIT, Oct. 18.—That the life saving crew at Point Pelee was extremely negligent when it did not attempt to rescue the men who later lost their lives in an effort to bring aid to the steamer George Stone, wrecked on Grubb's Reef in Lake Erie, is charged by Lieut. R. H. Camden, head of the U.S. life saving service on the great lakes. Common humanity should have caused them to endeavor to render some assistance to the wrecked and suffering sailors, Lieut. Camden declares. The life saving station on Point Pelee is maintained by the Canadian government, and Lieut. Camden asserts it is not up to the standard. The crew of the Stone, a man, say the life savers were indifferent.
