

A Good Appetite

deserves food at its best, and here a dash of Colman's Mustard, freshly mixed, helps wonderfully. Doubly desirable—for its own flavour and for its happy faculty of bringing out the true savour of foods.

Colman's Mustard aids digestion

REPORT OF WOMEN'S INSTITUTES OF P. E. ISLAND

REPORTS OF WOMEN'S INSTITUTES OF PRINCE EDWARD ISLAND

MARIE. Twelve members and one visitor met at the home of Mrs. Gordon Hooper for the regular monthly meeting. The meeting opened with the Institute "Ode," followed by reading and adoption of minutes. Roll call was answered with House Hints. School committee gave their report. It was proposed to get new shades and a drinking fountain for the school and plans were made for holding an Ice-Cream social on the school grounds to provide the funds. Two new members were enrolled. Next meeting is to be held on Friday, July 15, at the home of Mrs. J. E. Dingwell, Midgell.

ALLISTON. The meeting was held at the home of Mrs. John F. Beck. 12 members and 2 visitors were present. The meeting opened with the Institute "Ode." Roll call was answered with "Suggestions for improving the school." Plans were made for holding an Ice-Cream Festival on July 9, proceeds to go toward school. Committees were appointed to make arrangements for Festival. A dainty lunch was served by the hostess, and a pleasant social hour was spent. The meeting closed by singing the National Anthem. The next meeting to be held at the home of Mrs. W. B. Hicken.

CLEAR SPRINGS. The meeting was held at the schoolhouse. 9 members and 1 visitor were present.

RODMAN NEEDED MORE

A year or so ago we mentioned that Rodman's Warrantmaker carried \$6,000,000 insurance. Since then he has brought his protection up to \$7,500,000.

You may have been sufficiently insured some years ago. But have you enough now? Maritime policies are most attractive. Inquire about them.

LONG CREEK WOMEN'S INSTITUTE.—The June meeting of the Long Creek Women's Institute met in the school house on June 1st with an attendance of twelve members. The meeting was opened with the singing of the Institute Ode, followed by the reading and approval of the minutes of last meeting. Roll call was responded to with "My pet proverb." The secretary read the correspondence received which caused considerable discussion. A short time was spent discussing ways of raising funds for the Institute, but nothing definite was settled. A few bills in connection with the Institute were ordered to be paid. The meeting closed with the singing of the National Anthem. Mrs. Fred Stretch invited the members to her home for the next meeting. Roll call will be responded to with "A place I would like to go, and why."

CROP REPORT

Below will be found a brief synopsis of telegraphic reports received at the Head Office of the Bank of Montreal from its branches. The Branch Managers are competent and intimate knowledge of each local situation and are in close touch with crop conditions in all sections of the districts mentioned.

Weather conditions that are almost ideal are continuing throughout the Prairie Provinces and as the result of rapid growth the late seeding of wheat has already been practically offset over large areas. There have been isolated hail storms but with favourable conditions recovery from the damage is probable. In the Province of Quebec intermittent heavy rains and cold weather have further retarded farming operations and necessitated the reseeded of lowlying lands in many districts, but all crops are now progressing favourably. Throughout Ontario weather has prevailed during the past two weeks, and in the Eastern portion where crops were backward conditions have improved. All grain crops have made good progress. In the Maritime Provinces favourable weather with warm rains has resulted in bringing growth up to the average. In British Columbia steady showers have improved the crops which generally promise fair yields.

PRAIRIE PROVINCES

ALBERTA WESTERN AREA.—Growth rapid and excepting in the south well up to average. There is plenty of moisture. **ALBERTA NORTHEASTERN AREA.**—Growth well up to average and prospects excellent—ample moisture. **ALBERTA SOUTHEASTERN AREA.**—Conditions favourable—there is a heavy start of rye and pasture is excellent. **SASKATCHEWAN NORTHWESTERN AREA.**—With ideal weather the growth of all grains has been rapid and in many places the late seeding of wheat is now practically offset. **SASKATCHEWAN SOUTHERN AREA.**—With warm weather and plenty of moisture grain is making excellent progress, though still some ten days behind last year. A belt of territory over one hundred miles long extending Northwest and South-east of Regina, suffered hail damage last week but crops are at the stage where good returns are yet possible with favourable weather. **MANITOBA.**—all seeding has been completed. The weather has generally been all that could be desired and crops doing well.

PROVINCE OF QUEBEC

All crops are later than usual but are now progressing satisfactorily. Grain and root crops are in urgent need of warm dry weather. Grass pasturage and hay meadows are in good condition. Fruit trees blossomed well and shows promise of bearing an average yield.

Two Country Boys Win Fame In Great City

Frank Kurtz "SALT"

Jack Culpepper "Pepper"

form a partnership. Although that day was Friday the 13th, it was a lucky one for them. In fact, they now call it the luckiest day of their lives.

Each one now draws down about twenty times the salary he got back home. With Culpepper at the ukelele and Kurtz singing in his high tenor voice, the two have become a riot in the "Merry World" at the Imperial Theatre, where they out-Hawaii Hawaii with "Hello Aloha."

"The city is the place to make money," declares Culpepper. "I only wish I had come earlier."

"That's just the way I feel," agrees Kurtz. "Best of all, the folks back home have got all reconciled to our being on the stage. They agree that we never could have done so well if we had stuck with the careers that were picked out for us. Culpepper has already bought his folks a fine home in Dallas. And we have no fear but that we can go ahead all the time."

Jack Culpepper and Frank Kurtz Succeed Beyond Dreams

New York City.—Sometimes the Middle Western boy who leaves home to become famous in the big city achieves his ambition without the gruelling waits and heart-breaks that fiction usually decrees and fact often corroborates.

The success story of Jack Culpepper and Frank Kurtz is a brief but thrilling one. Culpepper is 23 and used to have a job in the Federal Reserve Bank at Dallas, Texas. Kurtz comes from Coffeyville, Kansas and was formerly a student at the College of Agriculture, University of Kansas. He planned to be a farmer until he caught the stage infection. Then he came to New York. He is 25.

When the two had been here a short time, both diligently hunting work, they met and decided to

Rheumatism Goes!

"I take great pleasure in recommending 'Fruit-a-lives' to anyone suffering from rheumatism."

Mrs. Louis Davidson, Eau Claire, Ont.

"Fruit-a-lives" is a genuine fruit medicine made from intensified fresh fruit juices combined with tonics, gentle and natural in action, a splendid blood purifier, restores health and vigour. 25c and 50c at all druggists.

PROVINCE OF ONTARIO

Fall wheat is headed out with a good length of straw and should be an average crop. Spring wheat is promising. Oats and barley have grown rapidly and should be a good average crop. Corn is somewhat backward and warmer weather is needed for this crop as well as for tomatoes, beans and tobacco. Haying operations have started. In Southwestern Ontario the crop is heavy. Small fruits are below average. Pastures throughout the Province are excellent.

MARITIME PROVINCES

In New Brunswick seeding has been practically completed. Weather is now favourable and the prospects are good for heavy crops of hay, strawberries and potatoes. The late Spring has reduced the increased acreage to about ten per cent over a five year average. In Nova Scotia good weather has set apple blossoms well and prospects continue to be favourable for a large crop. Small fruit prospects generally are good. Hay promises well. Potatoes also look well. In Prince Edward Island seeding is practically completed. Growth everywhere is rapid and conditions generally are satisfactory.

PROVINCE OF BRITISH COLUMBIA

A good hay crop is now being cut. Grain and other field crops are doing well. Apples will probably be 75 percent to 80 percent of average acreage but it is too early for an accurate estimate. Plums 75 percent; Cherries 35 percent; Apricots 40 percent; Peaches 65 percent; Strawberries (now nearly finished) 80 percent to 90 percent; Raspberries below average; Hops 100 percent. Pasturage is in excellent condition.

SPRINGFIELD SCHOOL

Honor Roll of Springfield School for the month of June—Grade IX—1, Dorothy Mayne; 2, Margaret Lamb; 3, Winnifred Sinclair.

Tryon Tid Bits

It sure looks good to see "Pooler's garage" open once more, although we all realize that W. A. is still somewhat under the weather. However, it is to be hoped that soon he will regain his strength, and once more feel fine and fit. In the meantime he has secured Mr. Geo. Dawson, an able and competent mechanic, who will see that the phrase "business as usual" is more than mere words.

Mr. and Mrs. D. J. Thomson, had as their guests for the past few days, Mr. and Mrs. James Thomson, Campbellton, and Mr. and Mrs. Robert Carruthers, O'Leary. The party motored to Charlottetown and thence to Tryon on Monday. They left for home on Wednesday. Mr. Thomson is a leading farmer and lobster packer of Campbellton and Mr. Carruthers operates the well known O'Leary garage.

Mr. J. Earle Thomson, North Tryon and aunt, Mrs. Morrison, of Naramata, B. C., arrived home Monday after a pleasant motor trip to the western section of the province, where they visited friends.

Mrs. Bruce Davidson, and daughter, Miss Irma, Brandon, Man., are guests of Mrs. Davidson's parents, Mr. and Mrs. H. A. Lefurgey, North Tryon.

Miss Enid Rogers, Charlottetown, is visiting in Tryon West, the guest of Mrs. Bruce Howatt.

Miss Grace Kirn, Summerside, is spending her vacation in North Tryon, with her mother.

Building operations in North Tryon—Wilfred Inman is remodeling his house and by autumn will have a fine convenient up-to-date home. A Waddell is building a pantry and wash room on the rear of his kitchen. Gus believes in every house having a good pantry.

Another Whippet Coach has appeared in Tryon, the purchaser being Mr. Bruce Howatt.

Among those attending Yeo's pictures at Victoria Wednesday, several Tryoners were: Mr. Will Lea, Miss Margaret Callbeck, Mr. Geo. McLeod, Miss Marion Waddell, Mr. J. A. Thomson, Miss Ruth Mullins, Mr. Will Rogerson and J. Earle Thomson.

Mr. Roy Rogerson and sisters, Miss Gladys and Kathryn are visiting their parents, Mr. and Mrs. Rueben Rogerson, Tryon, having motored from Waltham, Mass., in Mr. Rogerson's Chrysler Sedan.

much profit to us and we did have taken to help us to learn and ask hopes that you would be able to change your plans and remain with us. However since this is not possible we wish to make an attempt to thank you for the pains you have with you as teacher, here in St. Catherine's School.

Interlocking bookless units fasten on a new cover for cushions or pillows.

British Legion Settlers Arrive in Canada

One of the finest single parties to swell the ranks of western farmers arrived at Quebec recently on the Canadian Pacific steamer Montrose. The party of nearly 100 persons came to Canada under the auspices of the British Empire Service League, being the first to arrive in Canada under this immigration scheme.

The men are all ex-service veterans and a highly desirable type on account of the fact that they have received intensive agricultural training at the Ministry of Labor's Training Farm at Brandon, Suffolk, England. The photograph shows a number of the party at the C.P.R. Station, Winnipeg, waiting for the train that will carry them to their new homes farther west in Saskatchewan.
