THE tea held on July first by the Murray Harbor South section of the Presbyterian congregation was a decided success, and the committee beg to tender their hearty thanks to all who have so kindly provided for and patronized the tea, also to A. McLennan, Murray River for his good services on that occasion.

At the regular meeting of Victoria Lodge A. F. and A. M. the Worshipful Master Benj. Rogers Jr. presented P. M. R. M. Johnson with a very handsome Part Master's jewel in gold in token of his appreciation of the valuable services rendered by Bro. Johnson in Lodge work, to which Bro. Johnson made a suitable reply.

THE Sunday School picnic of St. James' Church was held yesterday at Suffolk. Owing to the threatening weather in the morning a large number took advantage of the afternoon trade, while others preferred driving from the city. Shortly after five o'clock the members of the Maritime Medical Association arrived on the grounds and took tea at a table specially provided for them.

On August 1st, Donald McKinnon, attorney-at-law, will open an office in the Prowse Block, in the suite of rooms formerly occupied by Mathieson & Bentley. Mr. McKinnon commenced his legal studies with the law firm of M. & D. C. McLeod and completed his course with McLeod & Bentley. He passed a highly creditable examination and enters upon the practice of law with bright prospects and best wishes of many friends.

The attention of the Court was taken up yesterday with the Gillian case. In this case Neil McQuarrie, K.C. counsel for the prisoner on the ground that the deposition of Hector Currie was wrongly admitted in evidence. After Mr. McQuarrie had opened the case for the prisoner the counsel for the Crown, J. F. Wear, Acting Attorney General, and H. J. Palmer replied. Mr. McQuarrie will further argue the case today. The Counsel for the Crown contends that there was sufficient evidence to convict outside of the evidence objected to.

THE Brownie entertainment in the Opera House, looked forward to for some weeks with great interest, brought out a good house and we feel quite sure no one present would think of asking for his money back. Everyone was delighted and evidenced it by storms of applause. The young people impersonating the different characters each did their part in a highly creditable manner. The arrangement and decorations of the platform were elaborate and beautiful, and the management are certainly to be congratulated upon the success attending their efforts. The drills and marches were beautifully executed, especially the fan and flag drills, both these eliciting spirited and continued applause. The fairies too were a pleasing feature while the little tots' chorus quite captivated the audience. The many hired costumes of the Brownies mingled with the spotless white dresses of the fairies and the gorgeous array of flowers, made a truly pretty picture. Those in charge must have devoted much time and training to the preparation of the program and it must be highly gratifying to them to have received so large an attendance. Those who were not so fortunate as to be present last night ought to avail themselves of the privilege tonight. Many are attending both evening.

THE display of medical and pharmaceutical products by Henry K. Wampole & Co. at the Maritime Medical meeting was good. In the United States the name of Henry K. Wampole has for years been the synonyme for high quality and although they have only been established in Canada a few years their business has grown into very large proportions. Among the many lines shown were elixirs, fluid extracts, pills, effervescent preparations, gelatin goods, etc. A feature of universal interest is the pills of their manufacture. These are made by a secret process by which the constituents of the pill are retained in their original form indefinitely. Those made from pulverous ingredients may be readily crushed to powder under pressure of the thumb. The importance of this may be readily appreciated when it is known that pills of other manufacturers often pass through the stomach undissolved because some gummy substance has been employed to mass them, thus rendering the pills hard and insoluble. Another interesting display is the effervescent products of their manufacture, sodium phosphate, magnesium sulphate, etc. A recent analysis of sodium phosphate effervescent by the Gov' Analyst showed Wampole to be the only make containing the correct proportion of sodium phosphate. Their other goods are all manufactured on the same standard of quality. The representatives of the firm at the convention are Messrs. Beaton Smith and W. W. Moyes both energetic, courteous and capable men.

MARITIME MEDICAL ASS'N

(Continued from First Page.)

Dental Association, in joint convention, the following resolutions were moved respecting the death of Dr. Muir.

Resolved that we, the members of the Maritime Medical Association, in session assembled at Charlottetown, on the 10th day of July, 1902, do hereby record our deep regret at the loss we have sustained in the death of Dr. W. H. Muir, an ex-president, and a beloved and honored member of our Association. Dr. Muir possessed intellectual talents and moral qualities that made him in many ways an ideal physician. He was a careful and thorough diagnostician. His sound judgment gave him the confidence of his patients and of his professional brethren, while his kindness of heart and a particular charm of manner won him hosts of friends. The sterling principles of his character, his uprightness and geniality, made his friends love him. Farewell, for a time, dear friend—we mourn for you—but for a short time only. The old friendship will be renewed surely.

Resolved that the sympathy of the Maritime Medical Association be extended to Dr. Muir's wife and family in their bereavement, and that the above testimonial be recorded in our minutes and published in The Maritime Medical News and local papers.

DR. BEER.

Resolved, that we, the members of the Maritime Medical Association in session assembled at Charlottetown, on the 10th day of July, 1902, desire to place on record our deep sense of regret at the loss we have sustained in the death of our friend and confrere, Dr. F. D. Beer of Charlottetown. Dr. Beer's upright and gentlemanly bearing endeared him to all who had the pleasure of his acquaintance—his uniform courtesy, his high regard for professional propriety and his sound common sense in matters professional made him an honored and respected member of our profession.

Resolved that the sympathy of the Maritime Medical Association, be extended to Dr. Beer's wife and family in their bereavement, and that the above testimonial be recorded in our minutes and be published in the Maritime Medical News and the local papers.

After papers had been read by Drs. J. J. Magee and J. R. McIntosh the members took carriages and drove to Suffolk to St. James' S. S. Picnic.

In the evening the visiting members of both the Medical and Dental Associations were entertained by the local doctors and dentists at a smoking concert in the orderly rooms of the Armory. A considerable number of prominent public men and leading citizens were also present as invited guests. The veranda of the rooms was tastefully decorated with Chinese lanterns. Cigars, coffee, ice cream, cake, strawberries, and other refreshments were served in abundance, and with song and speech, a very pleasant evening was spent. Dr. Taylor presided very happily at this pleasant function.

Most of the visiting doctors and dentists leave to return home this morning. A number of them have assured The Guardian that their meeting here has been a very enjoyable one.

A RUNAWAY on Queen street made things lively for a few minutes yesterday afternoon. When near the city hall the horse got rid of the carriage and ran around the block ending his career at Searn's livery.
