THE PRINCE COUNTY GUARDIAN

Offices in Summerside, J. Frank Lattery, Manager, and in Alberton, Herbert Clark, Manager

The latest news, first of all.

An important business meeting of the Summerside Board of Trade, will be held this evening at 7.45. All members requested to be present.

Kenneth Bell and Norman Campbell of Cape Traverse crossed over in the ice-boats to Cape Tormentine on Wednesday last.

H. R. Crockett, Jeweller, of Summerside, has installed a regulator for the benefit of his customers and others, and now they can always get the correct time from him.

The annual mite box opening and social in connection with the W. M. S. of the Summerside Methodist Church, will take in Epworth Hall, tomorrow, (Tuesday) at 3 p. m.

The many friends of Dr. Arce Weatherbe, son of Sir Robert Weatherbe, will regret that he has been critically ill with pneumonia in Spain, where he is engaged at the famous Rio Tinto mines. His brother, Dr. Weatherbe, of Yorkshire, England, left London on Sunday to be with him, and accounts state his condition slowly improving.

Halfax Herald. (Sir Robert Weatherbe is a native of the western part of this Province.)

Seldom does the death of a little child call forth so much expression of sympathy as did the death of Lillian McGowan, the only daughter of John and Mrs. McGowan, Kensington. She was taken ill at Georgetown, where her parents are spending the winter. Everything was done in the way of medical skill to save her life but five years old she was enveloped with such sweet old-fashioned ways, that she was much beloved, not only by her parents but by the many friends of the family. A void is felt in the hearts and home of the parents that can never be filled. An appropriate funeral service was conducted by Rev. E. J. H. at the residence of Rev. Mr. Gough, and Presbyterian Church which was crowded with the friends of the sorrowing parents. The school children of the village marched in the procession which followed the remains to their last resting place in Kensington Cemetery.

The Guardian Saturday should have said that Rev. R. G. Strathairn, belonged to Summerside.

Watch for Happyland's, Summerside, announcement for Tuesday night.

There is displayed in P. N. Enman's drugstore in Summerside a fine photo of the steamer Minto.

The branch office of the Charlottetown Guardian will be found at Water Street, Summerside, directly opposite Prince County Drug Store. 3-11drt.

The Dancing Hogs at Happyland, Summerside, tonight. These people by their charming personalities and great entertaining abilities are sure to please the patrons of Happyland, and a bumper house is sure to greet them tonight.

The pictures for tonight are "The Actors Child," "The Voice of the Heart," "Political Speeches," also a new illustrated song by Mr. Dillon. "Won't you be my little Sweetheart." 3-11drt.

In the death of Robert McC. Stavert, which occurred at his home at one o'clock Saturday morning, Summerside loses one of its most prominent and best known citizens. The deceased was in his usual health until a short time ago, and the announcement of his death came with an expressible shock to the whole community. Strong and active in body and mind his seventy-nine years sat lightly upon him. He was closely identified with the early history of Summerside and has occupied a large place in the business life of the town. The deceased was born at Wilton, in his early life he taught school and engaged in farming. For about thirty-five years he was cashier of the Summerside Bank and under his very able leadership, that well known institution became a great success in farming and gardening. He was a business genius, and a man of sterling worth and integrity. He leaves besides a widow, four sons Henry W. B. Manager of the Bank of New Brunswick, Summerside, Edmund P. at home, William F. of the Bank of Montreal, and Leslie in New York, and one daughter, Mrs. A. R. Hudson of Brockton, Mass. The funeral will take place this afternoon from his late residence, Central St. to the People's Cemetery. A short service will be held at the house at 2 p. m. The services at the grave will be conducted by the Masonic Fraternity of Summerside. The Masons will leave the Lodge room at 2 o'clock sharp.

On Jan. 21st, Hope River lost its oldest and one of its most respected residents and one of its most respected citizens in the person of John M. Bell in his 93rd year. Although so far advanced in years he retained wonderful physical vitality and a short time previous to his death was known to have walked a mile in a remarkably short time, to see a neighbor who was ill. In fact he was able to walk around until about a month before his death. His mental faculties were also unimpaired and forming as he did a link between the pioneer history of the island and the present how very interesting were his tales of olden times when those early settlers had to struggle against the forces of nature in its crude state, in which school was required honesty, determination, straightforwardness and sympathy for his fellowmen and all those sterling qualities which go to make up a man. If there was a lack of polish his sympathetic manner and true kindness of heart, more than made up for such and stamped him as one of nature's noblemen. Then let us pray that come it may, as some will for a' that, That sense and worth o'er a' the cat's.

May bear the fru and a' that. It's coming yet for a' that. That man to men the world o'er Shall brithers be for a' that. Deceased was born at Annapolis, Pictou, Scotland, on July 15th, 1816. Emigrated to this Province with his parents in 1820. They settled at Mill River on the land now known as the Hattenbury farm. After remaining there a short time they removed to the old Bell homestead in Campbellton formerly occupied by George Bell, a brother of the deceased and now in possession of Edward McEwen Jr. At the age of 15 John went to the shores of Chaleur Bay where he engaged in lumbering for about six years. He then returned home and married Miss Amelia McEwen of Campbellton and immediately after wards went to Chicago where he lived two years and had the misfortune of losing his wife. Chicago was at that time only a mere trading port or his own words he said. He could throw a stone over the city. He then went to the state of Wisconsin where he once more engaged in lumbering. After remaining in the West six years and visiting in the meantime Milwaukee, Detroit and other Western cities he returned home and bought a farm at French River now in the possession of Mr. Orr. Here he remained two years and then sold and purchased the present mill site at Hope River. In 1859 he married Miss Helen Simpson who pre-deceased him a number of years ago. He leaves two sons and five daughters to mourn. Wellington of Vancouver, B. C.; Mrs. T. A. More, Spokane, Maud and Mrs. H. E. Huntington of Kennebec, Wash.; Mrs. W. D. Edwards of Seattle; Emma of Kensington and Simpson at home. The funeral services were conducted by Rev. John Stirling of Cavendish and about fifty sleighs followed the remains to Cavendish Cemetery. The pall bearers were John McNeill, John C. Clark, Edward Coughlan, Arthur Simpson, Felix Murphy and Pierce McNeill.

The report of the congregation of Kensington and New London North is before us. This congregation stands among the highest in our Synod in its missionary giving. This year the weekly envelope system was adopted for missions, and the amount received for all missionary purposes was \$1144.49. The total for all purposes \$2832.00. The minister's salary is nine hundred dollars. A new furnace was placed in the Kensington church and the debt on the new Sabbath School building was reduced to one hundred and twenty five dollars. The congregation recognizes with thankfulness the goodness of God in the past, and hopefully looks forward to larger services and richer blessing in the days to come. —Presbyterian Witness.

Pursuance Notice. A meeting of the fishermen of Lots 11 and 12 was held in the Eilersie Hall on the evening of the 24th, to consider the most suitable time for quahaug fishing in the Bideford River and Narrows. W. I. Thompson acted as chairman and Colin Smith, Secty. After considerable discussion by Colin McKay, Norman Thompson, Wm. Burleigh, D. N. Forbes, A. A. McCaul and others the following resolution was unanimously adopted: Resolved that this meeting recommend that quahaug fishing would begin on the 10th day of May and close on the 10th day of June, and no fishing be allowed above Lennox Island Point and further resolved that quahaugs be fished with oyster tongs after the first day of October and quahaug tongs be strictly prohibited.

Although perhaps early in the season for fish stories, a good one is on the minds of a popular railway resident in Summerside. It is that one of the Railway buildings at Summerside was badly infested with rats, he betought himself of a novel way of ridding the place of them, by a novel scheme of baiting fish hooks which are attached to a string cord and stretched across the opening. This he did for several nights but only to find in the morning that his visitors had called and had a good meal at his expense. However he decided to give the plan one more trial, and after baiting the hooks and leaving them in position he went home to dream of the success of his plan. Upon arriving on the scene in the morning he was quite surprised to find that instead of a rat decorating each hook, there were several kinds of fish including smelt, trout, tomcod, &c, all firmly holding on to a hook. He has given up the plan of trying to catch rats, when even the fish from the sea will allow themselves to be caught to save their enemy "the rat."

Porto Rico Railways Earnings

With a sufficient equipment and fair charges for maintenance, taking the earnings per car-mile is a good indication of the carrying capacity of a railway. The following figures, being the latest available, show the earnings per car-mile of the Porto Rico Railways compared with several Canadian Railways.

Porto Rico	29.78
Winnipeg	29.78
Montreal	29.78
Halifax	29.78
Hamilton Ont.	29.78
Quebec	29.78
Ottawa	29.78

It will be noticed that the Porto Rico Railways earnings per car-mile is much the highest.
