

THE SUMMERSIDE GUARDIAN

and PRINCE COUNTY CHRONICLE

Meeting Of Summerside School Board

The regular monthly meeting of the Summerside School Board was held Tuesday night, February 3rd. Dr. E. T. Tanton, president, Mr. J. M. Hunter, architect and Mr. P. G. Clark, contractor were in attendance. Mr. Clark presented the cost of the building to date. Some minor changes were ordered to be made in the basement arrangement and it was decided to remove the chemical laboratory and the laboratory of physics to the new wing as completed which it was hoped would be ready for occupation in about a month's time. Tenders for coal were ordered to be called for.

The question of a Coat of Arms for the Academy and High School was discussed and the architect was instructed to submit a drawing of same to the Board at a future meeting. It was also decided to hold an official opening about the last of May when the roads would be open for automobiles and at which time the school would be open for inspection to the public. The tender of George Smith, landscape artist, was accepted for the planting of elm trees along Beaver Street extension.—S

Alberton

Mr. and Mrs. Charles MacBeth left last week on a visit to Boston and other places of interest.

Mrs. L. B. Champion is visiting friends in Charlottetown.

Rev. W. Phillips is spending a few days in Charlottetown.

Mr. R. H. Malley left Monday morning for Halifax.

Mr. George Clark is confined to his home with a sprained ankle.

A meeting of the Alberton Teachers' Study Group was held in the Alberton Library Friday, Feb. 28th, with Mr. Charles Green, President, presiding. The teachers present were Miss Mabel Fielding, Bertha Carruthers, Doris O'Brien, Lucille McQuaid and Arthur Malley. Rev. Dr. Ross kindly consented to give a short talk on some interesting subjects, and he chose to speak on "Facism and Democracy." He also dealt on the "Life and Death" of Rudyard Kipling for a short time, and in a few well pointed remarks drew home the highlights of the noted author's life. A vote of thanks was given Dr. Ross for his consent to address the teachers and his expense of time in their interests. The regular business of the meeting was discussed and a new program mapped out. It was decided that the next meeting would be held the 27th of March in the Library.—F

Races at Darnley

Three very fine races were pulled off on Darnley ice on Tuesday afternoon. This popular winter pastime is now well started, and two or three races will take place each week within a six mile radius of Kensington. The course was good and the races were pulled off in quick succession.

In Class A Trot and Pace Boy Phillips with Summerside Boy led the bunch. Peter S. raced well, but was short of work. Donna Watson had had luck, broke a shoe in the first heat and had to be drawn.

SUMMARY

Class A Trot and Pace
Summerside Boy (Phillips) 1 1/2
Peter S. (Geo. Brookings) 3 2
Donna Watson (E. Bryanton) 2 dr.

Class B Trot and Pace
Laona (M. Bryanton) 1 1/2
Happy (Watson) Day (F. Day) 3 2 1/2
Jean R. (J. Thompson) 2 3 2

Class C Trot and Pace
Hamilton Boy (W. Ramsay) 1 1/2
Capt. Peter (L. Holmes) 2 2
Pansy Watson (R. Campbell) 4 3
Mr. John McKie (R. McKay) 3 4
Judges: W. B. McArthur, Chas. Lockhart, James Craig.
Starter: William Sutherland.
Announcer: Hartwell Abbott, K.

—This column is reserved for news of local interest. If a newsy nature may be inserted at 2 cents a word strictly payable in advance.

—FOR LINGERING COLDS try our 7-2-4 Taylor Drug Co., Kensington.

—FOR CHAPPED HANDS or face use our Glycerine and Rose Water. Taylor Drug Co., Kensington.

—S'IDE POLICE COURT—At the Summerside Police Court two drunks were each fined three dollars and costs.

—JANITOR BENEFIT Friday, March 6th, 1936. Tip Top Trophy play off at 8 P.M. Junior vs. Intermediates. Leap year skate afterwards. L-3378-3-5-21.

—TRIBUTE TO LATE MR. AULD—The flag on Carleton School was at half-mast on Monday, the day of the funeral of the late Mr. Brewer Auld, as a tribute to respect to the memory of a former school inspector for whose untimely passing it was felt as a personal loss by all who came in contact with him.—D.

—CHARTERED PLANE—Messrs. Eldon Campbell of Borden and Douglas Bell of Carleton chartered an airplane from the Upton Airport to attend the hockey match in Shediac Tuesday night between Borden Nationals, the Island Intermediate champions, and Shediac. They returned by plane Wednesday morning.—D.

—PAINFUL INJURY—A painful injury was sustained by Mr. Harold McCauley while unloading freight at Carleton Station on Wednesday when his hand was caught and crushed between two casks. He was at once taken to Prince County Hospital, where it is feared amputation of one finger may be necessary.—D.

—GIVEN OVATION—On Wednesday afternoon the Borden Nationals, returning victorious from their first game with Shediac, received a tremendous ovation from their fellow-citizens as the car was being docked. Steamer, powerhouse and shunter whistles all blew simultaneously as the Island Intermediate Champions returned to await the final game with New Brunswick at Borden Friday night.—D.

—LEA AND WRIGHT elimination playdowns at Kensington Thursday, March 5, 1936. Two games, first game Aces vs. Silverwings, second game New Annan vs. Maple Leafs. Winners of each game will meet in sudden death game Saturday, March 7, 1936, to decide the semi-final playdowns, first game commencing at 7:30 sharp. Admission 10 and 20 cents. L-3381

—ATTEND DIOCESAN MEETING—The annual diocesan and Women's Auxiliary meetings of the Anglican Church are being held in St. Paul's Church, Charlottetown, this week. Delegates from Kensington to the diocesan meeting are Rev. B. Fream, rector of St. Mark's, laymen, John Howard and John Dobson. Delegates to the W. A. meetings, Mrs. W. J. Harrington, Mrs. W. J. Paynter and Mrs. Henry Mills, B.

—THE LATE GEORGE DOUCETTE—The death occurred in the Prince County Hospital, Tuesday night, March 3, 1936 of George Doucette of Peterville, P.E.I. Mr. Doucette had been in falling health for several months and had entered the hospital about two weeks ago. He leaves to mourn his wife and eight children. The funeral will take place Friday morning to Palmer Road Church.—S

—W. M. S. MEETING—The regular monthly meeting of the Women's Missionary Society of Trinity United Church, Summerside, was held on Tuesday, March 3rd, in Epworth Hall. The president, Mrs. T. M. Linkletter, presided. Meeting opened with quiet music and the Scripture lesson was read by Mrs. Godkin after which Mrs. A. S. McKay led in prayer. The theme for the service was Christ, the theme for the service was Christ, the theme for the service was Christ.

—FINED FOR BEGGING
LONDON—(C. P.)—Well-dressed and living in a fashionable quarter in West London but making his living by begging, Bernard Scholz was fined \$5 for asking alms.

—FIND ROMAN RELICS
COLCHESTER, England—(C. P.)—A large number of Roman relics, including human skeletons, bronzes, ironwork, pottery and many coins, has been unearthed by workmen laying out a bowling green at Castle Park.

—The document clearly showed, said Senator Hughes, "a tremendous organization" operating especially on the seaboard to defeat the ends of justice. High-scale smuggling of liquor into Canada was of recent origin and it had arisen when governments boosted liquor duties to the heights they had attained before the reduction noted by Senator Dandurand became effective. It was plain that duties continued excessively high.

Opinion throughout Canada on the liquor question was divided said the Senator, "and in a small way we have a civil war going on in the country."

"It would be better," he declared, "to get back to the duties that prevailed before this business originated."

It had been estimated "between 70 and 80 per cent of the liquor consumed in Canada was illegally produced or illegally imported. The loss in revenue was a serious matter, but it was no more serious than the demoralization of character attendant upon the traffic."

The Senator had been commended on his stand by the president of the Vancouver Seamen's Association, who described conditions on the Pacific coast as "appalling." From the Maritime Provinces two Premiers and Attorneys General had endorsed his position.

"We have been complaining of not having work to do," declared Senator Hughes. "I think we could not be better employed than looking into this matter."

Senator Dandurand said he had received from the Premier of Prince Edward Island a communication saying anything done by the Senate to improve anti-smuggling conditions in the Island Province "would be much appreciated."

The Building Service Workers Union struck suddenly last Sunday in a demand for a blanket wage increase of \$2 a week, fewer working hours and closed shop agreements.

fractionally lower.

International Nickel was sold heavily and followed the downward section of the New York listing, finishing off 1-4 at 51 1-4. Hollinger firmed slightly and Noranda held even.

Good demand sent a couple of utilities fractionally higher with Power Corporation, Quebec, Southern Canada and Winnipeg Electric on the upside. Canadian Hydro-Electric preferred marked its first appearance this week with a gain of 3-1-2.

Lone firm construction issue was Steel of Canada preferred, up 1-4 at a new high of 57 1-4. The common, Foundation,

Continuation Of Library Project Urged At Meeting Summerside Trade Board

The community music campaign, improvement in port facilities, increased accommodation at Summerside abattoir and the library project were the principal topics discussed at the monthly meeting of the Summerside Board of Trade held last night.

It was reported that a good response had been received by the music committee and that the first practice of the town band had been held on Tuesday evening. A special committee was formed to meet the Town Council in connection with the abattoir proposal, consisting of H. T. Holman, J. F. Arnett, Dr. Tanton.

Progress in the provision of accommodation for the library was reported and the support of Board of Trade members invited in the petition now being circulated asking for continuation of the library.

During the meeting reference was made to the recent death of Mrs. W. E. Hyndman and a resolution of sympathy passed.

see it contain more provisions for fishermen.

An Ontario farmer, Thomas A. Thompson (Cons. Lanark) accused the Prime Minister of making an improvident bargain with Washington, of swallowing "the American bait, hook, line and sinker." Canadians, he said, "sold our birth right for morsels of postage" and had become "hewers of wood and drawers of water" for the Americans.

Joseph Bradetts (Lib. Cochrane), whose riding takes in much of the mining, lumbering and newsprint sections of northern Ontario, predicted another era of prosperity for Canada. He said prosperity had followed every time tariff bars were dropped between Canada and the United States.

General MacBrien's memorandum traced operations of the preventive service through the years in all portions of the country and showed the gradual betterment in the situation both with regard to suppression of smuggling and to economy of administration.

The margin of profit to be derived from smuggling, however, was still considerable, and was sufficient to be an incentive to the lawbreaker. The margin fluctuated over the international boundary since the United States had repealed the Volstead Act; but the Commissioner paid tribute to the co-operation which his own enforcement officers received from those of the United States.

If, with a further reduction in duties, the provinces also cut prices to the consumer, a useful service would be rendered to the agriculturist, the merchant and the industrialist. Enforcement had received some set-backs through adverse decisions of the law-courts respecting the validity of penal legislation, and, out of the experience of the past four years, the Royal Mounted had made certain recommendations to the government which it was hoped, might fructify in Parliamentary action at the present session.

The document clearly showed, said Senator Hughes, "a tremendous organization" operating especially on the seaboard to defeat the ends of justice. New Annan Wins Baker Cup

The intense interest in the outcome of the contest for the Baker Cup between teams of the North Shore League culminated in one grand turnout of enthusiastic fans at Kensington rink on Monday night, March 2nd, for the deciding game between New Annan and Spring Valley teams. Seven hundred and fifty high tension fans lined the promenade and gallery.

Fine music was dispensed by the large electric amplifier and all work succeeded in pining the disc barely inside the New Annan goal posts in the third session. The second period had been scoreless. New Annan then started another onslaught, the result of which was the scoring of the winning tally by minutes before the final bell.

Spring Valley fought valiantly all the way but appeared to lack the ability to "click." The best skating of Bob Craig, Ivan Darrach and Walter Duggan went for naught, also the finesse of Harold Champion. It is just possible that the speed and consistent activity of the four McKay brothers was a potent factor in bringing about the downfall of Spring Valley.

Be it said to the credit of the defeated team that they were as glorious in defeat as they were in victory. They cheered lustily for the victors, their actions bespoke the principle "that it is better to have tried and lost than never to have tried at all."

Before the players left the ice Mr. C. C. Baker, M.L.A., made the presentation of the cup in person to the captain of the New Annan team. He made brief informal remarks, congratulating the victors, also the vanquished, with a few words of praise for the executive of the North Shore League, Messrs. Darrach and Jay referred the game to the satisfaction of players and fans. Some minor penalties were dealt out.

The lineups:
New Annan: Goal, Driscoll; defence, D. McKay, E. McKay, R. Crozier, A. Bernard; forwards, E. Schurman, E. McKay, R. Macdonald.

Spring Valley: Goal, R. Walker; defence, R. Craig, W. Duggan, H. Champion; forwards, R. Champion, I. Darrach, F. Proffitt, C. Champion, L. Campbell.

Referees: Jay and Darrach.
Score, New Annan 2, Spring Valley, 1, K.

SENATOR HUGHES

(Continued from Page 1)

were unconvinced the situation was being adequately coped with, the original motion of Senator Hughes for a committee to probe the whole question could be advanced. The government would comply with it. Meanwhile he urged his colleagues to digest the memorandum thoroughly.

The government leader recalled that last year both customs and excise duties on liquor were greatly decreased.

He detailed the reductions, adding however, that they still left a large margin of profit for the illegal operator.

General MacBrien's memorandum traced operations of the preventive service through the years in all portions of the country and showed the gradual betterment in the situation both with regard to suppression of smuggling and to economy of administration.

The margin of profit to be derived from smuggling, however, was still considerable, and was sufficient to be an incentive to the lawbreaker. The margin fluctuated over the international boundary since the United States had repealed the Volstead Act; but the Commissioner paid tribute to the co-operation which his own enforcement officers received from those of the United States.

If, with a further reduction in duties, the provinces also cut prices to the consumer, a useful service would be rendered to the agriculturist, the merchant and the industrialist. Enforcement had received some set-backs through adverse decisions of the law-courts respecting the validity of penal legislation, and, out of the experience of the past four years, the Royal Mounted had made certain recommendations to the government which it was hoped, might fructify in Parliamentary action at the present session.

The document clearly showed, said Senator Hughes, "a tremendous organization" operating especially on the seaboard to defeat the ends of justice. High-scale smuggling of liquor into Canada was of recent origin and it had arisen when governments boosted liquor duties to the heights they had attained before the reduction noted by Senator Dandurand became effective. It was plain that duties continued excessively high.
