SHORT WEIGHT no matter how little at a time, amounts to a whole lot on a year's buying. Weight is a matter that we watch very carefully. We want to give you the exact weight every time. But if there is any error it has got to be in your favor.

OUR GROCERY reputation is too good to have it spoiled by short measure. Children get just as correct weight as grown people, too—here. JOHN CONNOLLY & CO. Queen Street, Ch'town.

IN STRICT CONFIDENCE.

Women Obtain Mrs. Pinkham's Advice and Help.

She Has Guided Thousands to Health—How Lydia E. Pinkham's Vegetable Compound Cured Mrs. Fred Seydel.

It is a great satisfaction for a woman to feel that she can write to another tell her the most private and confidential details about her illness, and know that her letter will be seen by a woman only, a woman full of sympathy for her sick sisters, and above all, a woman who has had more experience in treating female ills than any living person.

Over one hundred thousand cases of female diseases come before Mrs. Pinkham every year, some personally, others by mail, and this has been going on for twenty years, day after day. Surely women are wise in seeking advice from a woman of such experience, especially when it is absolutely free.

Mrs. Pinkham never violates the confidence of women, and every testimonial letter published is done so with the written consent or request of the writer, in order that other sick women may be benefited as they have been.

Mrs. Fred Seydel, of 413 North 54th Street, West Philadelphia, Pa., writes: Dear Mrs. Pinkham—

"Over a year ago I wrote you a letter asking advice, as I had female ills and could not carry a child to maturity. I received your kind letter of instructions and followed your advice. I am not only a well woman in consequence, but have a beautiful baby girl. I wish every suffering woman in the land would write you for advice, as you have done so much for me."

Just as surely as Mrs. Seydel was cured, will Lydia E. Pinkham's Vegetable Compound cure every woman suffering from any form of female ills.

No other medicine in all the world has such a record of cures of female troubles as has Lydia E. Pinkham's Vegetable Compound. Therefore no prudent woman will accept any substitute which a druggist may offer.

If you are sick, write Mrs. Pinkham, Lynn, Mass., for special advice. It is free and always helpful.

YOU HAVE INDIGESTION

And conclude of course that the stomach is at fault. So it is, but there is a cause away back of the stomach that must be reached before the stomach can be made to do its work. The cause is nerve disturbance or nerve debility. First get the nerves in shape and then the stomach will be right also. Ferrozone has accomplished this for thousands of people whose digestion was completely gone. Ferrozone is food for the nerves and works wonders in stomach trouble. Where digestion, appetite and assimilation are faulty just try Ferrozone. It cures thoroughly. Price 50c. at druggists.

Forecasting a Husband.

In Greece a young woman who wishes to know what sort of husband she is going to have goes to one of the gypsy fortune tellers, who are regarded with much reverence. The fortune teller gives her a pie seasoned with aromatic herbs. This she eats just before going to bed, having hung around her neck a bag with three flowers, one white, one red and one yellow. The next morning she draws one of the flowers out of the bag. If it be white, she is to marry a young man; if red, one of middle age; if yellow, a widower. She relates what she has dreamed in the night to the fortune teller, who predicts whether her husband is to be rich and the marriage happy. If the predictions are not carried out to the letter, no fault is ascribed to the fortune teller. This deviation by the bag and different colored flowers is equally adaptable to all countries and has the merit of being a cheap and easy way of settling one's future, if one has only faith enough.

Bagged the Bandits.

When Maximilian was emperor of Mexico the country was overrun with train robbers. They marched about in large bands, tore up the tracks and robbed everybody. One day the train from Vera Cruz to the City of Mexico was bounding gayly along the five coaches filled with hidalgos, peons, market women and farmers. Suddenly it came to a standstill. The train guard cried out, "Bandit!" Sure enough, on either side of the road the ragged but desperate ruffians were lined up. Suddenly hidalgos, peons, market women and farmers arose. There were a blinding flash and a deafening volley from both sides of the car, and the bandits fell dead, while the 300 zouaves, disguised in the costumes of the country, turned out of the cars, pursued the flying robbers and killed every one.

A Memory Method.

Association is the vital spring of memory, and any one who analyzes his thought process may catch himself recalling a thing by a series of allied things. Many people have tried to systematize association and arrange a scientific memory method. A mathematician has discovered a most interesting process for remembering dates. Suppose you have forgotten the year of the Norman conquest. Take the date of your birth and add to it the number of the month when you were born. Multiply the result by the day of the month your father was born. Square the result. Add six. Now divide by the cube root of the number of people in the United States, forget the result, add 1,000 and you have the required date.

Give the children Iron-ox Tablets for a Spring tonic.

For tired, fagged-out and run down people nothing will brace them up quicker than Hughes' Digestive Tonic. It strengthens the nerves and tones the entire system. As an appetizer it can not be beaten. Price 25c. Geo. E. Hughes, Apothecaries Hall.
