CADETS.—The drilling of the 668 G. H. S. Cadet Corps under Captain R. Jenkins and Lieutenants D. A. MacCormac and G. J. MacDonald has been suspended for some time and will remain so until spring. This corps is one of the finest in P. E. I.

The other brother John is in the American Army training in the United States. Still another brother Frederick reported for service but did not go yet.—G.

ROLLO BAY WEST.—The semi-annual examination of Rollo Bay West School was held in the school room on Dec. 24th. An unusually large number of rate payers and visitors were present. Also many from the surrounding districts. The school room was most artistically decorated with ever greens, Christmas bells, roses and tinsel and a prominent place stood a beautifully decorated Christmas tree. The pupils were examined in the different subjects and by their prompt and correct answers gave evidence of the careful training received from their efficient and painstaking teacher Miss Viola Aiken. After the lessons an excellent program of songs, drills and dialogues, which brought loudest applause from the audience was rendered. Special mention must be made of the Flag Drill by the Senior Grade and step-dancing by two girl pupils. About nine o'clock the fringe of bells was heard and Santa Claus appeared upon the scene, loaded with candy, apples and other gifts for every pupil in the school. In the midst of all this merriment the teacher was not forgotten and was presented with a beautiful Angora Wool cap and scarf and although taken entirely by surprise replied in fitting terms. Miss Clara Keefe, was accompanist. The singing of The National Anthem brought to a close a very successful examination. (One who was present.)

RED CROSS WORK THE PRIDE OF THE ARMY

The following are extracts from a letter received by Mrs. J. R. MacLeod, Grand View, from Pte. Bruce MacLeod, Pte. MacLeod is in England convalescing from trench fever. Buxton, England, January 5th, 1918.

My dear mother, —Just a few lines to let you know I am well. Since last writing I have been transferred to another hospital in Buxton. It is away up north of England 260 miles from Lawton. It is a nice town situated on the edge of a mountain. There was six inches of snow when we first came (Dec. 22) and one imagines at times he is in a Canadian city. There are five large Canadian hospitals in this town, with an average of 600 or more in each. The hospital was formerly the "Palace Hotel," a beautiful modern hotel. My room is on the third floor, so get lots of exercise. This is also the number are leaving for Canada every day. Was up for military examination a few days ago, before six doctors. I sure got them going. I am feeling fine, but a little weak, not for the trenches yet. I got a light job here, —some trade for an old farmer, eh? McKinnon is discharging from here, on leave for ten days, then report to the Base Depot for duty. It's too bad about poor Jack Ross! They like all other families, must feel bad, but such is life and this had to come, although it's hard, yet it is God's will. Had a card from Alex Martin. He and Martin McDonald and Lauchie McPhee were on pass to Scotland. They wanted me to meet them in London, but I could not get away.

I see quite a number of the 105th lads here, wounded. Another Xmas passed, and still the war goes on. We had a very nice Christmas here. Much better than I expected. Had a good dinner, turkey, etc. Each one got a Christmas stocking from the Red Cross. Quite different from last Christmas in France. We came out of the trenches, tired, dirty and discouraged. I am glad you people are doing so much for the Red Cross, as you cannot imagine for one moment how much it is appreciated here, even the least thing, especially by the wounded and sick. When wounded, we usually lose all our things, and by writing to the Canadian Red Cross in London we can get everything we need. When I was taken to the hospital I lost everything, including pipe, tobacco, all my money,

etc. I wrote to the Red Cross, and they sent me a sweater, woolen gloves, underwear and socks free of charge. Also when in the trenches we don't always have woolen gloves. The Canadian Red Cross is doing wonderful work. The British Tommy envies we Canadians getting so much and just when we want it. Nothing is wasted, and one cannot send for only one article of a kind, in a limited time. Anyone caught selling these things is punished and heavily fined. Food is by no means scarce here. The Government is taking every thing over. The "civies" can only buy one lb. a week of sugar, tea, etc. They have a card for that, in one store only. The same applies to everything, preparing for hard times, if such should come. Of course the soldiers get the preference every time and are better off than the "civies." For instance, when we go on pass we get a card and can buy any foodstuff at cost. The people here are very patriotic. When we are travelling and go into a crowded car the ladies get up and give us their seats. Of course, we refuse, but it's no use, they will never see a soldier standing. They

all realize what it means, and all are doing what they can to win the war, which is the only motto here. The general belief here is that the war will be over in a few months. Fritz will likely make one last supreme effort to press us back on the western front, but he will never get through there, as it is too strongly held both by rats and men. What we want now is for him to attack us than us to attack him, for we can cut him down far quicker by him attacking, like he did on Hill 70 (Lens) in August. He came in mass formation seventeen times to regain lost ground, but each time only a few of his men reached and these were either killed or taken prisoner. Think I told you before of the first attack he made in front of us. One thousand of them came or started. We let them come half way, then like a clap of thunder all our guns burst and in less time than it takes to write, they were cut to pieces by our artillery and machine gun fire. Only three men got back. Seventeen times in two days he tried to drive us back, each time he failed. Twice he reached our trenches, and then he had to beat it back on the double. I saw Sergeant Fred Andrews before I left France. He is a fine fellow. I see quite a number of P. E. I boys here. Must stop now. Tell everybody to write. Goodbye.

"CASCARETS" FOR A COLD, BAD BREATH OR SICK HEADACHE

Best for liver and bowels, for biliousness, sour stomach and constipation.

Get a 10-cent box now. Purged Tongue, Bad Colds, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with indigestible food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

Unless a man has a reputation for truthfulness he need never hope to become a successful liar. It is folly to be if no one will believe it.

FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save your hair! Make it thick, wavy and beautiful—try this!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp of dandruff—that awful stuff. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—and any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

IT IS THE "KNOWING HOW" THAT COUNTS
