The concert in aid of missions, held recently in the Baptist Church, was pronounced a success in all respects. A large audience was present to listen to a carefully prepared and well rendered program of readings and music. Miss Minetta Crandall presided at the organ. The musical part of the program consisted of hymns by the congregation, a solo "The Heavenly Song" by Mrs. Crandall and a duet. The recitations were of a high order and listened to with deep interest. Some stirring remarks by the Pastor and the singing of "Onward Christian Soldiers" brought to a close a very helpful and entertaining evening. A generous offering was given to aid in the work of the Woman's Missionary Aid Society under whose auspices the concert was given.

The news of the death of W. Frank Carter, briefly announced in The Guardian yesterday morning was learned with great regret by many in the city and throughout the Province. The deceased had been in failing health for some time but was able to be around until a few days ago. He leaves to mourn a wife, daughter of Archibald White of this city, to whom with other relatives The Guardian extends sincere sympathy.

EASTERN NOTES—The rising potato digging, weddings, politics and emigration are prevalent here at present. The results of the first are generally disappointing and will average no higher than last year's crop, given 50% of an average crop. Potatoes are turning out fairly well but the average has been much reduced the last years owing to low markets, inability to cope with the potato bug, and devoting more attention to dairying, cattle raising, etc. The marriage of Miss Jennie Stewart to S. H. McLean was solemnized at the residence of the bride on the evening of the 6th, by Rev. Mr. Gardiner. A large number of invited guests were present and the presents numerous and valuable.

The candidates for Dominion honors can be seen in their series of meetings here on the 6th, and as usual both parties claim the best of it and a sort that the arguments and statements of their favorite candidate are unimpeachable. These public meetings, as it is called, are interspersed with a personal recrimination entail a vast amount of labor on the candidates, subject them to much dangerous exposure, endanger their very existence, and it is doubtful if the change is for the better. Angus M. Campbell has left for a few weeks cruise among friends in Boston, Peter Mellicoe, Riccio Rose, John D. McLeod, William Suthland and S. J. Sutherland have left for the lumber woods of Maine.

MEDICINES LOADED WITH ALCOHOL.

Think of it? The Danger You Run—Drink Habit is Easily Acquired, but Hard to Cure.

Careful analysis shows that many so called tonics contain little else but whiskey—the rankiest poorest kind of whiskey.

You may unconsciously be using an alcoholic liquid remedy. Some members of your family may be doing so. Your duty is plain; stop it at once.

The test of a tonic is the permanency of its cure. To become strong you must build up the blood. Alcohol weakens it. You must increase your nerve force—alcohol steadily devents it.

Give up the liquid tonic before you become its slave. The true medicine for the run down depressed and nervous system is in tablet form. It stimulates the appetite, aids digestion and fills the blood with iron, builds up in nature's way. Never known to fail.

Whether weak from worry, overwork, thin blood or ill-nourished nerves, Ferrozene will quickly make you well. It is safe and harmless, and undoubtedly the best tonic and rebuilding medicine made. We recommend you to use Ferrozene if in poor health.

Ferrozene known as the great food tonic, costs 50 cents per box, or six for \$2.97, at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

WATCH RELIABILITY The average person knows very little about the value and merit of the different kinds of watches, hence the importance of buying from a reliable source. G. F. HUTCHESON, Jeweler and Optician, Deserisay Block.
