

NAVY EMPLOYEES TO GET HEARING

WASHINGTON, December 4 (Special)—On December 16, next, the employees of the Brooklyn Navy Yard will have an opportunity to submit to Secretary of the Navy Daniels their recommendations and complaints regarding the schedule of wages to be in force at the yard during the year 1914. A letter was sent yesterday by the Secretary of the Commandant of the Brooklyn yard stating that he will be at his office on December 16 for the purpose of hearing all representatives of the employees of the Brooklyn yard who have any suggestions to offer in regard to the new wages. The employees can appear in person at the Navy Department, or can make their statements in writing. The report of the Brooklyn wage board is now before the employees of the yard so they may have an opportunity to protest against any of its provisions if they are not satisfactory.

CHILD KILLED BY ACCIDENT

EAST MARION, L. I., Dec. 4. (Special)—Peter Tullis, the 7-month-old child of Mr. and Mrs. Charles Tullis, died at the home of its parents yesterday, the result of an accident due to a runaway. Tullis, his wife and family of several children were out driving, and when near Stirling Cemetery the horse became frightened at a car. Tullis got out of the wagon with the intention of leading the horse past the car, but before he could get hold of the horse's head he bolted up a steep incline at the side of the road, throwing the occupants from the wagon. The mother and children were badly shaken up and the youngest child receiving a fractured skull, from the result of which he died during the night.

WILL INCREASE THEIR CAPITAL
MONCTON, Dec. 4.—The New Brunswick-Tuplin-Irving Black Foxes Limited have decided to increase their capital stock \$30,000 and sell options on five pairs of next spring's pups.

SEEKING MONEY.

NEW STEAMER REGINA.
LONDON, Dec. 5.—The new 16,000-ton steamer for the Dominion Line at Halifax and Wolfe's, Bellfast, is to be named the Regina. It is for Canadian trade and the same time Liverpool-Philadelphia service.

EXHAUSTION GAME IN U.S. SENATE

WASHINGTON, December 4. (Special)—Efforts to get an agreement to vote in the Senate on the currency bill on Saturday, December 20, failed today, but the Senate Democrats began an energetic program which they expect will force early action. Senator Williams of Mississippi announced that it was the intention of the Democrats to "exhaust the Senate" and force an early vote.

HOLD UP TRAIN TELL RIGHT OF WAY WAS PAID FOR

WOODSTOCK, N. B., Dec. 4.—A case of more than ordinary interest and a decision of far-reaching importance were features of Police Magistrate Holyoke's court this afternoon. N. P. Napier, a prosperous Englishman, bought a farm from A. W. Hay and was told that the right of way of the Valley railway had not been settled for, but was assured that certain proposals would be accepted by the company. Mr. Napier has been unable to make any settlement and no notice ever was taken of his requests for a settlement. Finally the Valley Railway Company were notified that if the matter was not settled in some way the railway crossing his land would be obstructed. Nov. 24, this had no effect and a fence was placed across the track which the working train ran into on the morning of Nov. 25. Acting on orders from C. K. Howard, the foreman had a summons issued under a provision of the law that applies to obstructing railway tracks, etc. The court room was packed to suffocation when the case was called. The railway people brought P. A. Guthrie, of Fredericton, here to conduct their case. Mr. Carpell acted on Mr. Napier's behalf and called attention to a provision of the law which allowed owners of property to protect their rights. The magistrate, after a careful summing up, dismissed the case. The decision will have an important bearing on a number of cases that are unsettled.

MONTREAL'S INCREASED GRAIN EXPORT.

MONTREAL, December 4.—The quantity of grain exported from Montreal during the past season has been between seven and eight million bushels in excess of the best previous year, the total exported being well over forty-six million bushels. Grain still remaining in the harbor comprises elevators measures up to about 2,150,000 bushels, the capacity of the elevators being 3,662,000 bushels.

of fair and free debate. "This has been a body of intellectual discussion, a place where information was at par, and physical endurance not at a premium," he cried. "The place to test physical endurance is in the prize ring not in the Senate." Senators Owen and Shatforth reported that Senator Bristow and the other Republicans already had delayed the currency bill by demanding hearings and prolonged debate. Republican Senators at a conference decided formally to protest against the long sessions proposed by the Democrats but to enter into no organized opposition.

ANNIVERSARY

At North Winooski on the evening of Dec. the first, quite a large number of friends and neighbors gathered at the home of Mr. Charles Carter to celebrate his sixtieth birthday. The evening was joyfully spent in playing of games, vocal and instrumental music. Miss Lottie Campbell presiding at the organ. As the clock struck the hour of eleven each responded to an invitation to the dining room where to the delight of everybody was a table laden with all that was pleasing to the appetite, prepared in Mrs. Carter's best style. When everybody had done justice to themselves the ladies led Mr. Carter to the parlour, seating him in an easy chair which had been provided for the occasion. A short address was then read as follows: Mr. Carter, "Dear Sir.—We your friends and neighbors who have gathered here this evening on this your sixtieth birthday, kindly ask you to accept this chair, not on account of its worth nor the pleasures it may afford these in thy remaining years, but as a token of the respect in which you are held among us. Signed in behalf of all present. After a suitable reply by Mr. Carter, all joined in singing that grand old piece, 'God be with you till we meet again.' After bunting Mr. Carter and the members of the family and wishing him and Mrs. Carter a long and happy life the guests took their departure.

YOUNG ROYALTIES PREFER TO CHOOSE.

In a recent number of the Daily Sketch this paragraph appeared: "Only those in intimate touch with the Court are aware of the strength of the Queen's objection to the marriage of cousins. She had accepted at a wedding in the early months of next year, but so soon as it was pointed out to her that they were own cousins who were to wed she promptly withdrew her previous acceptance, and gave her reasons for doing so in very plain terms. Neither is her Majesty in sympathy with the constant inter-marriage of the Royal Families of Europe—as she is likely to demonstrate very shortly." From another source comes the statement that the younger royalties refuse to be hampered by ancient conventions which keep them from enjoying themselves after the manner of other well-bred people. This striving to attain their "rights" applies also to marriage, it is said. No less a person than the King has taken up the question of allowing more freedom in the selection of royal consorts. Marriage with blood relatives or with the estate progeny of European royalty does not please either the King or Queen.

LET DOWN THE BARS! Remove the Obstacles to a Thorough Business Training by Enrolling with the Union Commercial College Today

A census of 10 successful men in New York city recently shows the fact that 76 p. c. started active life as farm boys. Are you training? Are you prepared? If not, why not? It all rests with YOU. Special classes in speed shorthand, advanced penmanship, rapid calculation and commercial law. Write today for prospectus and full information. Water Street Summerside. Union Commercial College. WM. MORAN Principal. Royal Bank Bldg Charlottetown.

TUNNEL CONTRACT.

DENVER, Dec. 5.—The C. P. R. has awarded to Jas. A. McIlme & Sons, of Denver, the contract to drive 10 miles of tunnel in British Columbia, under the Rogers Pass, to start January 1st, and finish in 3 years. It is said to be the biggest tunnel contract ever let in America, being for \$5,000,000.

PEACE MEN EXCHANGE GREETINGS.

RICHMOND, Va., Dec. 5.—The American committee for the celebration of one hundred years of peace among English-speaking peoples, in session here considering plans, adjourned yesterday after exchanging cordial greetings to the British committee in London. The report of the committee on international celebration which was adopted proposed to make these demonstrations a universal in character as possible and suggested various monuments, tablets and observances in the United States, Canada, Great Britain and elsewhere, particularly at Ghent, where the last peace treaty was signed.

SUDDEN STRIKE IN SOUTH WALES.

LONDON, Dec. 4.—The Great Western Railway announced yesterday that it would accept freight for South Wales only subject to the sender's risk. This action has been taken because of the dislocation of traffic due to a strike which has developed with amazing suddenness. It originated through the dismissal of an engine driver, who refused to handle "tainted" goods from Dublin. The company declined to accede to the demands of the men that he be reinstated. In spite of a manifesto issued by the Railway union's executive, declaring that the strike was not authorized, and that no strike pay would be allowed, the movement is growing and threats are made of a general tie-up of the Great Western system. At meetings at Swansea and other railway centers in South Wales today, the men decided to lay down their tools immediately. Two big Cambrian collieries are idle because work in trains driven by "black" miners have refused to travel on legs.

HALDANE FOR HOME RULE CONFERENCE.

LONDON, Dec. 5.—The idea of a Home Rule conference is not altogether dead. Speaking last night in Birmingham, Viscount Haldane, Lord Chancellor, made the following important reference to the Bristow controversy: "It is infinitely important that we should come to a settlement of this question but it is impossible that we should come to a settlement if the proposals are to be handed from newspaper to newspaper and from platform to platform. The right course is that those who are most responsible should come together and talk with the unrestrained freedom with which men can talk when talking to each other in private and not under the restraints and temptations which arise when a discussion takes place on platforms within the earshot of hot partisans on both sides."

IMPORTANT PRONOUNCEMENT

This renewed invitation to negotiations, coming as it does from so influential a member of the Cabinet as Lord Haldane, will cause considerable comment. The Right Hon. Herbert L. Samuel, Post Master General, Sir John A. Simon, Attorney General and the Right Hon. J. A. Pease, president of the Board of Education, speaking at other places last night, voiced sentiments similar to those expressed by Lord Haldane, and emphasized the fact that Premier Asquith had not closed the door to negotiations.

Does It Mean Anything To You?
Have you considered the far reaching responsibilities of a Drug Store? Its import, having reference directly on Public Health, Security and Economy. Should not the personnel in charge of a position of such importance be men who are registered pharmacists, persons of known ability and experience in their business? Why of course!
Our Experience
This store has been serving the public for over forty years. No inexperience here. No guesswork when you bring your prescriptions and family receipts here. Our prescription department is in charge of a Registered Pharmacist with fifteen years experience. We can fill prescriptions from any doctor and our record of long and efficient service assures you of accuracy.
Our Stock
of drugs, chemicals, patent medicines and toilet articles is complete in every detail. No matter what you want your chances of getting it here are better than elsewhere.
Our Prices
are right too—we buy in large quantities and can save you money.
Gourlies Limited
