

MILLIONS KILLED IN ACTION

Wonderful news! Millions and millions of germs killed in action and thousands of victims relieved of bronchitis, asthma, coughs, and colds.

A FLAT CONTRADICTION

A Stanchel Ratepayer, in a letter elsewhere in this issue, makes the statement that the taxes paid by the people of that section are four times the amount said by the Patriot "through the courtesy of Hon. W. M. Lea."

CLAIMS FOR NATURAL RESOURCES

The premiers of the three western provinces, Alberta, Saskatchewan and Manitoba, are after more concessions from the Dominion Government. They have formulated demands on the federal government for the reversion to the prairie provinces of their natural resources.

It is unnecessary for us to recapitulate the various changes and shifts made by the successive Liberal administrations in the western provinces, but we may recall that after the advent of Sir Robert Borden as Premier, a deputation from the three provinces went to Ottawa in 1913 and threatened to disrupt Confederation unless their wishes were granted.

Then there is the question of immigration and colonization. Are we to have this important question left to the provinces, and our federal system abolished, and four or five provincial systems with all their inefficiencies, jealousies and duplication substituted?

It would appear that this sudden appearance of western Liberal premiers at Ottawa is not the outcome of any great desire on the part of the governments of the people concerned, but the result of the wire-pulling of Mr. MacKenzie King to get something doing in these provinces to distract attention from the utter failure of his own tour.

Happenings of The Week

The Duke of Devonshire, governor-general of Canada, will visit Halifax and other Nova Scotia points next week. His Honor, Lieutenant-Governor McAllum Grant has received word from Ottawa that His Excellency, the Governor-General would arrive in Halifax Sunday morning.

Major Barrett will be much missed in social circles. He was very popular in all gatherings of a public character. In the capacity of A. D. C. to the Governor, and at private social functions he was always welcome and entertaining.

One of the most interesting lectures in years was given by Mr. Henry Smith on Monday evening last to a crowded audience in the Hertz Memorial Hall, when he told of Charlottetown in its earlier days, showed pictures of the prominent men of that time and gave an altogether interesting and profitable talk to young and old.

With the early approach of Christmas and the shadow of bereavement resting over so many homes, in this city, social activities were generally cancelled for this week.

The public social event of the week was the Bridge and Dance in the Country Club on Monday night in aid of the Protestant Orphanage. Bridge prizes were awarded at the close of the game, dancing starting at an early hour, the floor and music being all that could be desired.

The Twilight Recital in St. Paul's Hall last Saturday afternoon was the musical treat always afforded when the genial professor, Mr. Earl presides.

The death of Mrs. Robert May who only arrived from St. John last Saturday, came as a severe shock to her relations and wide circle of friends to whom the sympathy of all is extended.

The Church Basketball League were treated to a delightful luncheon by the Ladies Auxiliary of the Y. M. C. A. on Thursday evening, previous to a lively game of basketball, won by the Anglicans and witnessed by about four hundred people.

Mrs. W. K. Rogers spent a few days this week in Summerside visiting her parents.

Mrs. R. T. Holman and the Misses Holman of Summerside have gone to Montreal for the Christmas holidays.

The bright spirit of Christmas

tion was never raised during the tour of Premier Meighen. But Mr. MacKenzie King need not think he is going to make party capital out of it. It will be recalled Sir Robert Borden fought for provincial rights in 1905, and in the elections of 1908 and 1911 did not receive any support from the prairie provinces for his battle in the interests of that section.

THE PUBLIC FORUM

This column is open for the discussion by correspondents of questions of interest. The Charlottetown Guardian does not necessarily endorse the opinions expressed by its correspondents.

STANCHEL REPLIES TO THE PATRIOT

Sir.—In the Patriot of the 10th inst., an attempt is made to further carry on the campaign of misrepresentation. Seemingly the organ thinks it can still fool the people of the province.

The Patriot thanks Mr. Lea for his courtesy in giving the information. Probably Mr. Lea had better call another peace meeting such as he had in Tryon for explanation of his government's actions, and also about those great laying hens, any two of which, he claims, could pay the tax on the average farm.

The Patriot says that Mr. Crosby did not make the statement at Stanchel that he would not increase taxation. The chairman of the meeting, whose mind is just as clear as Mr. Crosby's, and also many other gentlemen who were present at the meeting, have no doubt whatever that he made the statement just as published in the Guardian's report of the meeting.

Mr. Lea gave us to understand at the Tryon meeting, that Mr. Crosby did not always get his own way. This being the case perhaps he can justify the stand he has taken, and whether he has ever been over-ruled or not; in any case it is due to the electors that he should make the explanation and state just what efforts he put forth to have the government carry out

is now felt throughout the city, and the past week has been a busy one for everybody. There have been several fancy sales besides the shops to attract the Christmas shoppers and on the whole, business is brisker than it has been for some years.

The bridge whist in the K. of C. Hall on Tuesday evening was another pleasant social event of the week, largely attended, the prizes being keenly contested. Toothsome refreshments brought a delightful evening to a close.

A marriage of much interest took place in Montreal on Saturday, Dec. 11th, when Miss Georgie McQuarrie of Summerside became the bride of Albert D. Sharp, M. D. C. M., M. C., son of Mrs. John Sharp also of Summerside. The bride is a graduate of Acadia University, Wolfville, Nova Scotia, of the "Macdonald" College, Quebec and the New England Baptist Training School for nurses. The groom who is a graduate of McGill College, Montreal, had a brilliant record over seas where he won the Military Cross. After a brief honeymoon the happy couple will reside in Summerside where the Dr. has opened up an office.

the promises he made before his election.

The people of Stanchel expressed their candid opinion of the government at the meeting held by them, as reported in the Guardian and partly reported, and most insultingly misrepresented in the Patriot. The Patriot may try to hide behind the heretofore sacredly guarded books of the Provincial Treasurer and the evidently political "courtesy" of the Hon. Mr. Lea, to insult the electors whom they have so shamefully misled, but this will not help either the Patriot or the Hon. Mr. Lea or the government.

The people in a good many districts have already told them that the only thing they can do to help the province is to GET OUT.

I am, sir, etc. STANCHEL RATE PAYER

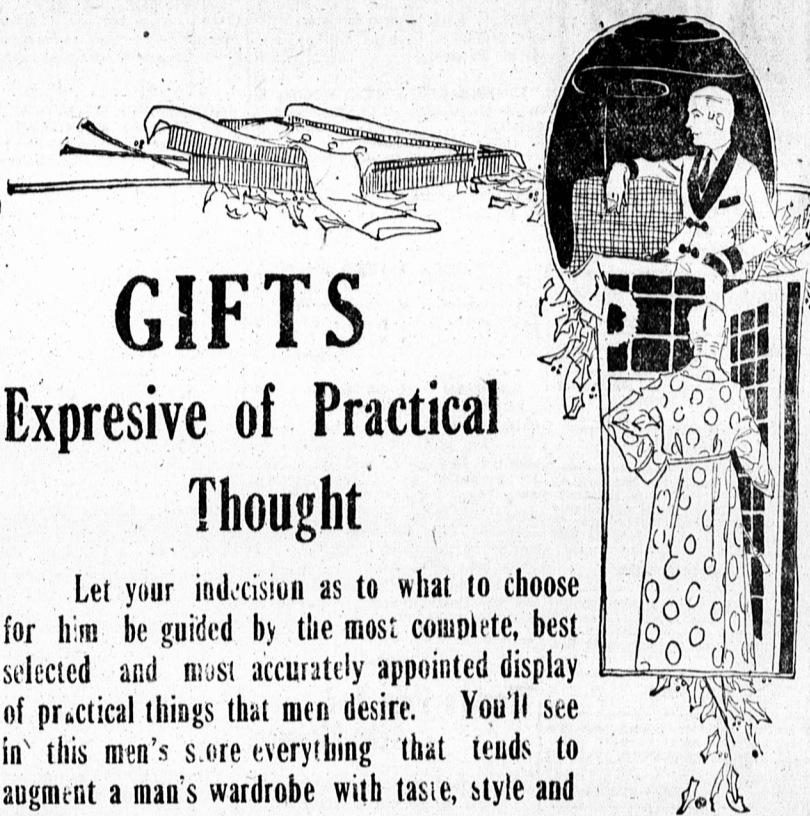

MR. DEWAR NOT LEADER

Sir.—We would like to correct the false impression held in some places, that Mr. J. A. Dewar is leader of the United Farmers' Movement in this Province.

Nothing could be farther from the truth. Mr. Dewar was, we believe appointed President of something at a so-called meeting, held by a Mr. MacMillan from Ontario. This gentleman, naturally could have no voice in our local affairs. His object in coming here was to organize a branch of the Federal party led by Mr. Crerar. Mr. Dewar may (or may not) be provisional President of that branch—if such exists. All this had nothing whatever to do with the United Farmers' Movement in this province, which is concerned with local politics only. This movement springs from the painful conviction of the people that they no longer have any voice in our Government.

Tales were sorely proved to them in the Automobile Question. The outrageous and indecent conduct of the Bell Government, however, in ignoring their election promises and the people's verdict, and pursuing a course in open defiance to the people's will, brought the feeling to a head. The first object of the movement is to restore Responsible Government in this Province and give the people a real voice in our Government. This can be accomplished only by banishing the lawyers and professional politicians and dates in their stead. The speedy expulsion of the Bell Government will be the first step only. At this stage we cannot allow ourselves to be straddled by any politician who happens to find himself without a party. We are etc. (By Order) Peakes Station Local U. F. of P. E. Dec. 16th 1920.

A CHEERFUL SPIRIT

Amid the many trials, that fall to our lot in this world, there is great need that we cultivate a cheerful spirit. A person possessed of a cheerful spirit, is not only happy himself, but he is a veritable blessing to the community in which he lives.

It is an entirely mistaken notion, that religion should always wear a sombre garb, as if it were really painful to serve the Lord. A long face, a look of pain, a sigh or a sob, are not necessary adjuncts of true piety, rather they are a sign that the person who indulges in them has not yet come very close to God.

The advantage of a cheerful spirit comes home to us with special insistence during the festive season of Christmas. The very air seems filled with cheer, a spirit of giving takes hold of men, while on all sides our ears are gladdened with fervent expressions of happiness and good-will.
