Hold Interesting Farmers Rally At O'Leary

Although he was lavish in his praise of what farmers had already accomplished in Prince Edward Island, Mr. H. H. Hannam, managing director of the Canadian Federation of Agriculture, suggested at O'Leary last night that there was still room for improvement. He said the Province would be made a "farmers' paradise" if the men on the land realized the strength there was in uniting in their federation.

Mr. Hannam was speaking at a farmers rally at O'Leary Hall. There was only a fair attendance. It was felt that many had been kept away by the rush of hay making.

Mr. W. J. Reid of Kinkora presided and introduced Mr. R.A. Profitt of Freetown, president of the P.E.I. Federation of Agriculture. Mr. Profitt in turn introduced Mr. Hannam. The only other speaker was Mr. L.P. McIsaac who described the progress being made in junior farmers organizations.

Mr. Hannam expressed his great pleasure at being able to attend the meeting. He said he was very much impressed with what he had seen here, and mentioned particularly the great interest here in soil improvement.

He said he was impressed, too, by the splendid co-operation given by the junior groups to the Department of Agriculture and by their eagerness to learn more about their job.

He traced the history of the Federation and spoke of its strength, with a present membership of some 400,000.

Following his address an open forum was held and Mr. Hannam answered a number of questions from the floor. He said he believed the food contracts with the United Kingdom would be extended for another two years. Questioned concerning butter, Mr. Hannam said the Federation would support a move to import butter into Canada, rather than lift the present ban on margarine.

Decide Death Of Summer Visitor Due To Drowning

A coroner's jury empanelled to inquire into the cause of death of John Ellis McPhail of 252 Massachusetts Ave., Arlington, Mass., whose body was found on the shore at Ives Point on Monday evening, met last evening in the County Court House before the Coroner J. Astin Delaney, M.D. and Sgt. Heath of the R.C.M.P.

In view of the evidence submitted the verdict rendered was death by drowning.

The first witness Winnifred Tanton of Brighton, Mass., stated she had gone to Ives Point on Monday afternoon along with her sister and the deceased. She had gone out with the deceased about a quarter mile at low tide to dig clams and after a time returned to the car on the shore and rejoined her sister, leaving the deceased, who continued to walk along the shore and around a point out of view. The tide was low. He was a very good swimmer. Later when deceased did not return she went in search of him and could not locate him. She returned to the car and then called the home for help as she felt something was wrong.

Mrs. John Bogan, sister of Winnifred Tanton corroborated the evidence given by the first witness.

Major Scott Lynn, who was camped at Ives Point on Monday, said that at about 8.15 P.M. two young girls had come to his trailer and notified him that a body was lying on the shore, some distance away. He went over in company with a young couple who were nearby and brought the body ashore. He applied artificial respiration for about half an hour until the coroner arrived and pronounced the man dead. He did not see anyone on the sandbar during the afternoon.

The report of Dr. Claire Tanton, who performed the autopsy, was that the deceased had met his death by drowning and not from heart failure. He placed his assumption on the condition of the lungs which presented a typical condition of a death from drowning. Examination of the heart showed it to be normal. Any bruises on the body were in his opinion, post mortem. The doctor suggested that perhaps after a long day on the beach in the hot sun, deceased might have suffered sun stroke, which would make his ability as a good swimmer impotent.

The members of the jury were: Messrs Ralph Dodds, foreman, George Olscamp, Earl Sudsbury, Fred Gallant, Norman MacDonald, Harold McIver, George Clow. —S.

Mrs. Emerson Mills was widowed by the crash of a Rimouski Airlines plane in Gaspe. Her husband was pilot of the ill-fated DC-3 that hit a cliff and killed 29 persons in the worst crash in Canadian aviation history.
