HUNTER RIVER AND VICINITY

The regular monthly meeting of the Wheatley River Women's Institute was held at the home of Mrs. William Ling with sixteen members, and five visitors in attendance. The president Miss Cassie Rattray, opened the meeting with the members reciting the Creed. Each member answered the roll call by giving her pet superstition which created quite a lot of amusement. The minutes of the previous meeting were then read by the secretary Mrs. Nelson Stead and approved. The members voted to ask a play to come from Charlottetown to Wheatley River hall and half the proceeds with them, but after much discussion this was postponed until later in the season. The secretary reported no correspondence received during the month. Miss Mary Andrews, teacher of Wheatley River school reported the articles purchased by the Institute for the school to be satisfactory. The picture of the King and Queen ordered for the school had not yet arrived. The meeting closed by singing God Save the King after which Mrs. Ling assisted by her sister Mrs. Ferguson, Bonshaw served a delightful lunch. The next meeting will be the annual one in which the officers will be appointed for the coming year. The roll call will be answered by paying five cents.

Friends of Mrs. Charles Houston who sustained a broken leg resulting from a fall while picking apples are sorry she is improving so slowly in the Prince Edward Hospital and hope for her speedy recovery.

Mr. Theo Ling who was visiting at his brothers home in Wheatley River for the week end has returned to his studies in Prince of Wales College.

Mrs. Ferguson, Bonshaw, was visiting her sister Mrs. William Ling, Wheatley River recently.

The people of Rustico and surrounding parts were shocked Wednesday by the death of a well known resident, Mr. Thomas Craswell. Although Mr. Craswell had been more or less confined to bed for the last four years, the result of a stroke, his death came as a surprise to his friends and neighbours. The sympathy of the entire community go out to the bereaved widow and children.

The annual Rally Day Services which was to have been held in Wheatley River United Church on Oct. 11, was postponed until Oct. 25th. When it is hoped there will be a large attendance. At the service Oct. 11th, Rev. Mr. Boothroyd spoke largely on the abundance of food in some centres of Canada while other parts especially in Western Canada people are on the verge of starvation. The speaker said he could vouch for the fact that in northern Alberta

numerous families are compelled to keep their children in the house from the fall until spring from lack of warm clothing. He pointed out that these people of our own race mostly deserve the best we can afford to give these hard times, and that what concerns others, both in our own country and foreign countries, also concerns us as we are all brothers. Rev. Mr. Boothroyd emphasized the purity of home life in Prince Edward Island compared to that of other parts of Canada and the United States, and stressed the point that the home is the backbone of the nation, and should be kept sacred.

Regina Youth Killed In Plane Crash

(Canadian Press)

REGINA, Sask., Oct. 19.—Strapped in the front seat of a moth plane owned by Regina Air Club, William Rogers, Regina youth, was carried to his death when the plane crashed from 200 feet immediately after a take-off from a field near Wynyard, Sask., Bruce Yasinski, pilot, was badly bruised and burned in the smash-up.

Yasinski, severely shaken up by the crash, struggled from the crumpled plane just as flames, which had enveloped the machine when it struck the ground, reached the rear cockpit in which he had been seated. Because of the heat of the flames, he was unable to reach Rogers, who is believed to have been instantly killed.

Yasinski and Rogers had flown this morning from Regina to Wynyard near where the pilot's parents reside. The plane was accompanied by another plane, piloted by Steve Albulc, Regina. After a brief stay at Wynyard, the two machines took off for the nearby farm of Yasinski's parents. Suddenly, Yasinski's plane nose-dived to the ground with terrific force.

H. C. Ingram, Inspector of Civil Aviation, flew from Regina to the scene of the crash immediately on receipt of the report.

A BOY POPULATION CENSUS

KIPLING SPINS BOYS A YARN

A story told by Rudyard Kipling "in person" was an honour enjoyed by Boy Scouts camping this summer near the Kipling home at Burwash. The story, which was given the typical Kipling title, "The Haunted Dovecot," concerned the disappearance of doves from a large dovecot, and strange noises heard at night. The servants became so frightened that they gave notice. The haunting was investigated, and the ghost discovered in an old owl, who had made his home in the cot and dined off its occupants at his leisure. He snored in his sleep, which explained the strange noises.

Lone Yachtsman Thought Lost

(Canadian Press Cable)
 LONDON, Oct. 18.—Discovery of the wreckage of a small motor yacht, thought to be that of J. Mills, of Quebec, who started a lone voyage from the Canadian city to Swansea, was reported from Terschelling, Holland, tonight. There was no trace of the owner.

Mills was seen on October 7th in the English channel by Brixham fishermen, when, although obviously worn out by the long voyage, he refused to put into Dartmouth, saying he was intent on reaching London. Another fishing boat which arrived at Yarmouth on Saturday reported sighting Mills 72 miles from Ymuiden, Holland.

Tonight's report from Terschelling said the wreckage of a small motor launch was washed up on the beach near there. At the same time a lifeboat landed the body of a man wearing two lifesaving jackets. Among his papers was an United States automobile license, but no details of identification were given in the report.

Guides in welcoming Lord and Lady Baden-Powell was the most impressive spectacle ever witnessed on the famous Melbourne Cricket Grounds. The pageant was witnessed by 50,000 spectators.

WHERE BOYS OF 45 NATIONS GATHERED

A statute to mark the assembling there in 1929, for the World Scout Jamboree, of 53,000 boys from 45 countries, was recently unveiled by Lord Hampton at Arrows Park, Birkenhead.

FIRE WITHOUT MATCHES

When lined up for their 24-hour cross-country hike, Scoutmasters at a Maritime training camp were deprived of matches and given a piece of wood and a thong, to make their cooking fires Indian fashion. One group broke its thong and had cold meals. The others succeeded. They included several middle-aged clergymen.

THE BOY SCOUT SANTA CLAUSE

Last Christmas a small army of Boy Scouts operated toy repair shops in 147 towns and cities stretching across the Dominion from Sydney, N. S., to Victoria and Prince Rupert, B. C. The boys, with the assistance of their Girl Guide sisters, played Santa Claus to some 75,000 kiddies who otherwise would have found empty stockings on Christmas morning. Over 4,000 children on farms were taken care of by mail. A number of Scout troops are already collecting and repairing discarded toys, dolls and books for their 1931 toy shops.

Persistent Asthma. A most distressing characteristic of this debilitating disease, is the persistence with which recurring attacks come to sap away strength and leave the sufferer in a state of almost continual exhaustion. No wiser precaution can be taken than that of keeping at hand a supply of Dr. J. D. Kellogg's Asthma Remedy, famous as the most potent remedy for eradicating the disease from the tender air passages.
