A NEW IDEA

The Five Per Cent Guaranteed Debenture Policy of this Company is a new idea in Life Insurance.

It guarantees, on the death of the insured, a definite income to the beneficiary for twenty years, at the end of which term the face of the policy is payable, as insured may have directed.

Should the beneficiary die, after receiving the income for only a few years, he (or she) may leave the policy to any person desired, who will be paid the income to the end of the term, and then the face value of the policy.

INTEMPERANCE

Cured by the Dixon Treatment.

St. Joseph Abbey, Roscrea, 22nd April 1900.

Dear Mr. Dixon.—I got the case of medicine all right. If you have no pressing calls, for it you may send me the other five cases. I have disposed of the last two you sent. So far as I can find the result in all my patients is most satisfactory. I will write to a few of them and hear from themselves what they think of it. One who has gone through the course of treatment about two months ago says he never thinks of drink and has gone into the paces, and company in which he always fell. Another gentleman here at present, who finished the medicine only a week ago, says if you placed water, ale and whisky before him to quench his thirst he says he would take the water and never even long for the others. He says all crave for stimulants is gone. Those are favorable accounts, but I hope to give you even better. I hope the cure will be better known and appreciated. I wish you every success, and as far as I can I will be very happy to recommend it to those who need it.

Yours sincerely,

(Rev.) B. LEO FITZGERALD.

St. John's Convent, Ayr, April 23rd, 1900.

Mr. A. Button Dixon:

Dear Sir.—It gives me much pleasure to be able to testify to the efficacy of your cure for diabetics. The patients who have taken your treatment here are now quite well, and assured me on the third day they experienced the good effects, morally and physically, which increased as the medicine was continued. They are now feeling quite regenerated, and say they possess a power of will they did not have for years, being free from the desire and craving for stimulants. If the treatment is given a fair and honest trial, and taken according to the directions, I feel confident of the most beneficial results. I shall be pleased to give information to any person whom you may wish to refer to me on the subject.

Wishing you every success,

I am, dear Sir, yours sincerely, J. C.,

SISTER ETHELBURGA.

DO YOU FEAR HEART FAILURE?

No death comes so suddenly and unexpectedly as that caused by heart failure, but the trouble had its beginning months or perhaps years before when the blood became thin and watery and the nerves exhausted. Gradually the waste has become more rapid than the process of repair, the tissues of the heart have become diseased and finally some over exertion or nervous shock has caused the breathing to cease and life to depart. Dr. Chase's Nerve Food prevents heart failure and all similar diseases by creating new, rich blood and nerve force, and building up the system.

FUR FASHIONS.

A pronounced Fur Season at hand.

Fur Garments and Furs of every description to be the rage.

What Sentner McLeod & Co. are doing for wearers of Furs.

The woman has yet to be born who has not a fondness for beautiful Furs, and it is therefore natural that this phase of fashion should interest and fascinate all womankind.

For a woman to possess that most comfortable of all outer garments, namely, a Fur Jacket or Cape, is to be the admired and envied of her sex. Hence the universal interest which Fur topics excite among fashion followers.

Among the fashionable Furs this season at Sentner McLeod & Co. are Ladies' Jackets in Persian Lamb, Grey Lamb, Bokhe, Electric Seal, Astrakan, Raccoon, Chinchilla, Mink, Wallaby, Wombat, Siberian, Deer, besides some lovely Jackets in combinations of Persian Lamb, with Mink and Sable Trimmings, also Mink Jackets with Persian Lamb and Seal Trimmings.

Sentner McLeod & Co. are showing capes in Persian, Seal, Bokarra, Astrakan, Raccoon, Blue Opposum, Wallaby, Wombat, Grey Lamb etc.

In Fur lined garments they show a very large variety in Silk Brocade and plain cloth covering and lined with Squirrel, Hemster and Calga, trimmed with Sable Blue Fox, Blue Opposum, Black and Colored Thibits.

Sentner McLeod & Co. are showing the greatest assortment of Fur Collars in various combinations of Fur.

If every woman young and old, does not possess a fashionable Fur Neck-piece, with a cluster of tails this winter, it will not be due to any lack of variety in Sentner McLeod & Co.'s stock or prices.

This firm is the largest Fur dealers in the Province, and they are going to make a show at the Provincial Exhibition. Their Fur Rooms are worth a visit
