Meeting Of Summerside Town Council

Synthetic is extended to Mr. and Mrs. V. L. Brown, the case of their 5 year old daughter, Sylvia Jean.

Among those taking advantage of the "special" train travelling from Tignish to Summerside last week were Dr. and Mrs. J. A. Lefebvre and Rev. W. MacDonald of Alberton, P. E. I.

Rev. K. O. Charman has recently returned from a visit to Nova Scotia. He reports a more sunny like atmosphere than that of our snowy and frosty one. The automobiles are very busy there, he tells us.

The many friends of Mrs. Raymond Saunders of Alberton will rejoice to learn of her death which took place in the "Prince County" Hospital on Wednesday, March 9th. She was operated upon on Friday, March 7th, for an improving condition of her lungs. Her death was wonderfully upon unforeseen indications set in, causing her death. She leaves to mourn, besides her husband and three children: Mary, 7, Harold, 4, and Elsie, 2, all 10 months; two brothers, Stanley formerly of Florida, U. S. A., and Charles of Toronto, U. S. A., and her father, known to all as "Son" Bots, and her foster-mother. She enjoyed good health up to the time of her operation. She was 32 years of age. Her funeral will be held at the Sacred Heart Cemetery, 10 o'clock on Friday, March 11th, at the residence of the Rev. W. MacDonald, 100 St. John's Street. The Rev. W. MacDonald celebrated the Requiem Mass. The pall bearers were: Joseph MacMillan, Stephen Murphy, Arthur Seaman, Bernard Saunders, Francis Keele and Joseph P. Grant.

The Grim Reaper closely followed the visit of the Stork to the home of Mrs. Evelyn Bell on Elmada, P. E. I. Much sympathy is extended them upon the loss of their "first-born."

TURMOIL GRIPS CZECH HOUSE

(C. P. by Guardian's Special Wire) PRAHA, March 15.—(AP)—The Czechoslovak House of Deputies was thrown into turmoil today by a virtual ultimatum of Karl Hermann Frantek, vice-president of the Sudeten German Party, that the nation accede to German demands or face the consequences.

"At this hour" Frantek read from a statement on behalf of his party, "all we wish to say is that it would be politically wiser to create voluntarily a situation that gives no cause for complaint.

The advisability to adopt such a new course now is placed in all a storm of protest broke in the Chamber when Frantek, after giving the Nazi salute, addressed the body as "my comrades."

When the noise died down, Frantek warned the Czech Government to profit from the example of Austria, which rejected Germany.

(About 3,500,000 Sudeten (southern) Germans are Czechoslovakians and live in the peninsula-like region of Czechoslovakia that cut a wedge into southeast Germany.)

Frantek declared Sudeten Germany refused to "withstand" the continued state allotted to them and warned the Czechoslovak Government to heed the portent: re-augmented by Germany's absorption of Austria.

The leader of the Sudeten autonomous movement, Konrad Helldorf, guides his movement from outside parliament.

Financial Record Comes Underfire

(C. P. by Guardian's Special Wire) FREDERICTON, March 15.—Belief the New Brunswick Government had "paid far too much for a balanced budget" was expressed in the Legislature today by Robert McAllister (Cons. John G. Johnson County), who reviewed the Government's financial record.

He referred to proposed increases in the excise tax, commercial motor vehicle fees and taxes on corporations.

URGENT LAW TO CURB ACCIDENTS

FREDERICTON, March 15.—To lessen the chances of highway accidents, W. W. Foster (Lib. Kings) urged in the New Brunswick Legislature today a law to compel pedestrians to walk on the left hand side of highways.

This was rapidly becoming a general custom and was the law in several provinces, he said, speaking in the budget debate and covering a wide range of subjects.

Scores "Greedy" Montreal Interests

FREDERICTON, Mar. 15.—(CP)—"Greedy Montreal interests" were behind a move to have the Canadian terminus of Trans-Atlantic air service established on the St. Lawrence rather than at Shediac, N. B., E. R. MacDonald (Lib. Westmorland) charged in the New Brunswick Legislature today.

Shediac was originally the definite choice of both Pan-American and Imperial Airways, asserted Mr. MacDonald, a resident of Shediac and solicitor in New Brunswick for Pan-American Airways. He asked that the Provincial Government take steps to have the "dangers" of the St. Lawrence route investigated and exposed.

If Montreal influence prevailed and the latter route were adopted a "great tragedy" would awaken the people to the harm caused by "greed," he declared.

Centenarian Makes Rapid "Comeback"

(C. P. by Guardian's Special Wire) HALIFAX, March 15.—J. D. McLellan will be leaving hospital soon.

Stricken suddenly ill last Saturday, the 102-year-old man rushed to hospital and underwent an immediate major operation. He rallied splendidly and is talking now about "getting up soon."

A native of Scotland, McLellan lived for more than 90 years in Prince Edward Island. Thirty five years ago, he had two fingers and a thumb severed from his hand while working in a sawmill at Gaspe.

The doctor was seven miles away, and as there was a possibility of infection setting in before he could be summoned, McLellan heated a sifter and scared the ends of his fingers himself.

Arrange For Symphonic Broadcasts

(By The Canadian Press) OTTAWA, March 15.—The Canadian Broadcasting Corporation announced today it had completed arrangements with two of the nation's most widely-known symphonic orchestras to broadcast weekly over its national network and was negotiating with others.

The corporation said that from May 5 to June 13 it would carry a weekly one-hour broadcast by the Toronto Promenade Symphony Orchestra under direction of Sir Ernest MacMillan. Twelve of the concerts will come from the Massey Hall stage, eight from the CBC studios.

The CBC said its symphonic program was made possible by its strengthened financial position and added: "All the worthwhile music organizations of Canada are ultimately to be included, but the process will have to be by stages, not only because of the observance of program balance but also because of a lack of funds."
