## CANADIAN WOMEN'S PRESS CLUB VISIT

### Seventy-five Ladies Will Visit This Province Next Week.

Seventy-five members of the Canadian Women's Press Club who are now attending their annual conference at St. John will make a brief excursion to this province next week under the auspices of the Canadian National Railways, it has been announced. The conference opened yesterday and will continue until Monday the 24th. The ladies will then take a short pleasure excursion commencing with Cape Breton. They will then come to Charlottetown arriving here on the evening of June 27th. Arrangements have been partially made for the reception of the party while here. His Honour, the Lieutenant-Governor, has kindly offered to give a garden party on the evening of arrival. On the following day, it is understood that a motor drive to Summerside, going by way of Rocky Point and returning via the North Shore, will be on the programme. A visit to a fox-ranch enroute will be arranged. The party leaves on the following morning, June 29th.

## ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC.

- Hope River Tea Wednesday July 3rd. 5221-6-6-14
- Sturgeon Tea, Monday, July 15th. 5481-6-15-7
- Robin Hood Flour is guaranteed to please you better. 5233-6-7 to Sept. 12 pd.
- Dr. Clift, M. D.—Start now home prevention cure. Pury Station, Westchester Co., N. Y., U. S. A.
- Picnic at St. Eugene's Church, Covehead, July 3rd. 5440-6-13-15-18.
- Reserve, Thursday July 11. High-held United Church Festival. 5532-6-18-11.
- Hope River Friday, June 21st Corran Ban Dramatic Club will present the "Irish Millionaire" with excellent specialties. 5483-6-15-61.

- Taking wool at Grandview Wednesday afternoon June 26th. At Uigg Thursday afternoon, 27th. Get your twine and ship your wool to the Co-operative and patronize your own organization. 5507-6-17-22.
- Kensington L. S. S. Club loading Eggs, Calves and fat Sheep Wednesday of each week until noon. Will start taking Lambs June 26th. Also taking wool for Canadian Co-operative Wool Growers, June 26th. Twine on hand and at Kier Clark's Meat Market John A. Douglas. 5482-6-15-20-11.

## IS APPOINTED

Miss Susan Lawrence has been selected as parliamentary secretary to the British minister of health by Premier Ramsay MacDonald, according to the list of appointments to the Junior cabinet posts, as announced on June 11.

## NEW PHASE

(Special to the Guardian)  
FORRES, June 17.—The new phase in Anglo American relationship began this afternoon in the historic MacBeth country of Northern Scotland, in a conference on naval affairs between Prime Minister MacDonald and Ambassador Dawes. Although the details of this first chapter of peace under new political regimes of both countries will not be given until Tuesday night, when both men will say the same thing at separate dinners, there was an important foreword issued today at the end of the conference. After the conference the Prime Minister read to newspaper correspondents of Britain, the United States and Europe the following joint statement, upon which he and Ambassador Dawes had agreed: "We have had a conversation regarding the present position of the question of naval disarmament as between the United States and Great Britain. It had been informal and general and most satisfactory. His Excellency proposed to refer to the subject at the Pilgrims' dinner on Tuesday night, and I shall do the same thing at practically the same moment at a dinner at Lossiemouth and that is intended to be the beginning of the negotiations. We both want to make it clear that other naval powers are expected to cooperate in the negotiations successful of which the peace of the whole world must depend."

(The Tuesday night dinner at Lossiemouth to which the Prime Minister refers is one to be given in his honor by officials of that town, in which he was born.) The last sentence in that official foreword makes it apparent and emphatic that the new attempt at naval disarmament, which had its inception in Hugh Gibson's presentation of President Hoover's "yardstick" plan at Geneva, is by no means to be an executive Anglo American matter, but inclusive of all the naval powers of the world. Auto parties that started out on a recent Sunday morning in the Aberdeenshire section of Scotland were held up on the way home by heavy snowfall.

- Hope River Tea Wednesday July 3rd. 5220-6-6-14
- To-night—Recital by pupils of Miss Spencer in Baptist Hall, June 18th at 7.30 p. m. Silver collection. 5484-6-18-31.
- Reserve Tuesday, July 16th for festival in East Royalty. 5542-6-18-11.
- Silver female fox escaped from my ranch, tattoo letters right ear, C. X. S. Reward if captured alive. Lorne MacEwen, Stanley Bridge 5528-6-18-31.
- Murray River Club shipping wool June 23th, afternoon. Loading veal, calves, July 9th, from 12 till 4 p.m. List, John W. McLean Sec'y. 5536-6-18-31.

## MARITIME STOCKMEN TO MEET HERE

### Shipping Clubs Making Excellent Progress During Present Season.

The Annual Meeting of the Maritime Live Stock Marketing Board Inc., will be held this year in Charlottetown on July 3rd and 4th, and active preparation is now being made for this event. The Committee in charge are leaving no stone unturned which will add to the attractiveness of this meeting, and the usefulness of its purpose. A comprehensive program is now arranged which should serve as a strong drawing card when released for publication. Shipping Club Secretaries are expected to see that official delegates are appointed and it is to be hoped that an exceptionally large attendance will be lined up from the rank and file of Shipping Club members and others interested in advanced methods of live stock marketing. The business of the Board up to the present date of 1929 shows a decided advantage over the corresponding period of last year. The improvement effected is of a threefold nature. The volume of live stock moved is away in excess. The quality of the product shows a decided improvement, and the increase in financial returns to the farmer is so pronounced that further argument should be unnecessary so far as an appeal for increased production is concerned.

### WEEKLY SHIPMENTS CONTINUE

A number of clubs are making weekly shipments even at this advanced season of the year. The Hunter River Club is leading the Province in hog shipments during the past five months. Since March last this Club has shipped over 200 hogs per month with promise of about 150 for the month of June. It is worth noting that the run of hogs is not falling off in May and June this year, as in previous years. May shipments equalled that of any previous month this year, while the shipments of the present month are already in advance of the June total of last year. Veal calf shipments are reaching tremendous proportions compared with last year. It is not an uncommon event to see almost straight carloads of veal at some Club loading points. It should be borne in mind by all farmers that there is only one way to make top veal, and this is to leave the calf with the cow till shipping time. Bucket fed calves are not veal calves. Another point to remember is that veal calves should not be shipped when under three weeks of age, otherwise they may be condemned as unfit for human consumption.

### LAMB SHIPMENTS THIS WEEK

Lamb shipments in quantity will begin this week from some Clubs. It is a peculiar thing that in some districts the sheep growers always hold their lambs until October or November when prices are at their lowest. This rush shipping of lambs in the fall is a sure way to break prices. The first week in July should be a time for declaring war on worms in sheep. If all flocks were treated at this time with the Bluestone treatment and followed up with a similar treatment in November, and again in March, we would soon get away from losses in breeding stock, and eliminate those small stunted lambs which appear on the market every fall. An ounce of prevention may mean the price of many lambs. An acre, or less, of rape sown now in drills and cultivated with the scuffer as it develops may mean an extra ten pounds per head on lambs when the pastures dry up in September. It has been proved that by having a rape patch on which late spring or summer farrowed pigs may be turned, the cost of pork production may be cut materially. If all pigs were treated for worms at weaning age we would not have so many unthrifty ones which are now the curse of the swine industry.

## FOLLOWS ADVICE

(Special to the Guardian)  
LONDON, June 17.—As the outcome of a speech by the Prince of Wales last February, urging closer contact between manufacturing concerns and export markets, leaders of the linen industry of Scotland and Ireland had decided to send a delegation to Canada and the United States. About twenty principals of the spinning, manufacturing, bleaching and finishing and merchandise concerns next October will visit Toronto, Montreal, New York, Washington, Chicago, Philadelphia and Boston, to gather information on the requirements of these markets. The promoters said they were deeply impressed by the suggestion of the Prince and proud to claim that their industry had been the first to act on his advice.

## FOREST FIRE

(Canadian Press)  
LUNenburg, N. S., June 17.—A forest fire cutting down a seven-mile strip of forest between Crouse's Lake and the village of Centre Range, has destroyed much valuable timber, according to reports reaching here tonight. The fire, the cause of which is unknown, was said to be threatening the villages of Centre Range, Tanners Settlement and Corkum's Island. A number of pastured cattle died in the path of the blaze which was fanned by a high wind. ers should take special care that they breed their sows to a good Yorkshire boar. There is no place in Eastern Canada for such breeds as Chester White, English Black, and other best breeds. The Yorkshire is the best bacon breed. It is noteworthy that in the best hog producing sections of the province we find nothing but Yorkshires, while in a few districts where farmers play at hog raising, we are able to find a mixture of nondescript hogs lacking in bacon qualities, and decidedly slow in reaching marketable weights. With hogs grading general in the province such mixed bred hogs are liable to be found in the 2nd grade, with a cut of half a cent per pound as their reward. In similar manner greater attention should be paid to the breeds of sheep followed in this province. With earlier lamb marketing becoming an important feature, the sheep growers should use rams of the mutton breeds. The Shropshire-Oxford cross, or a Shropshire ram on scrub ewes will give lambs which meet market requirements. A car load of lambs from West Prince County last year spread the name of Island lambs throughout Ontario, with the result that buyers from that province purchased them in thousands. In West Prince County the sheep men have been following closely to this black-faced breed; with the above result. The market does not like the white-faced lamb with its accompanying poor mutton conformation.

### IMPORTANCE OF BREEDING

In view of the fact that hog grading will be put in general practice in the near future, all swine breed-

## POSSIBLE BRIDE

Princess Ingrid, daughter of the crown prince of Sweden, whose name has been linked with that of the Prince of Wales several times, is again being mentioned in London as a possible bride for the prince. The approach of the prince's 35th birthday is said to be responsible for the rumor that their engagement may be announced within the next week.

## PREM. GARDINER WILL ATTEMPT TO CARRY ON

REGINA, Sask., June 17.—Premier James G. Gardiner will not accede to the ultimatum of the Opposition members elect that he resign and will "carry on" with his Liberal administration until the Legislature meets when the "will of elected representatives as to who is in a position to carry on the government" can be obtained. Mr. Gardiner's announcement is contained in a statement issued tonight. It follows a Liberal caucus held here Saturday.

"I have taken the responsibility," added Mr. Gardiner, "of advising His Honor, the Lieutenant Governor to summon the Legislature at as early a date as possible after the elections are completed in accordance with the Saskatchewan Election Act. This will be as soon as possible after the 12th of August when the Cumberland election will be held. "To adopt any other course would be to deny the right of the people to express their views and govern themselves in the manner provided for the constitution, namely, through their elected representatives and in accordance with well established parliamentary procedure."

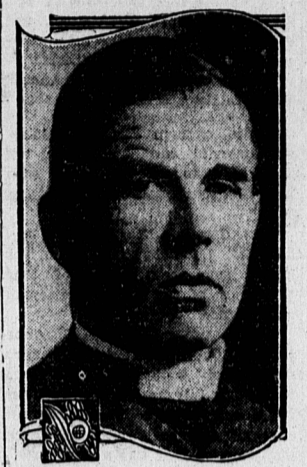

## CONSERVATIVE LEADER'S COMMENTS

EDMONTON, Alberta, June 17.—Defeat of the Gardiner government in the early hours of the pending session of the legislature can be attributed with but one result, declared Dr. T. Manderson of Saskatchewan, when seen here today. He and his wife are in the city on a holiday trip enroute to Calgary and Banff. "I have read with considerable interest the announcement by Premier Gardiner to the effect that his government will not resign and will risk defeat in the House," said Dr. Anderson in a statement to interviewers. This was not a surprise to me, as it is but consistent with the attitude of the government ever since its overwhelming defeat at the polls on June 6. "Mr. Gardiner's argument in favor of carrying on would be amusing if it was not so serious," said the Conservative chieftain. "As the situation stands at present there are 26 Liberals members and 35 of the Opposition. This leaves the Opposition a clear majority of eight after the election of a speaker. "There are two deferred elections to be held at Ile A La Crosse and Cumberland. Even if the government secures both seats, the Opposition will have a majority of seven. "There are twenty-five straight Conservatives elect and one Independent Conservative. The other nine are composed of Progressives and Independents, but in each case the candidates received the endorsement and support of the Conservatives. At a meeting held in Regina the nine members of the Opposition and the Conservatives signed a statement calling upon the government to resign. "Since Mr. Gardiner has decided to meet the legislature there can be but one result and this is his defeat in the early hours of the session."

## FATAL CRASH

(Special to the Guardian)  
FOLKESTONE, Eng., June 17.—The Imperial Air Ways passenger plane City of Ottawa with 13 passengers aboard, plunged into the English Channel off Dungeness today. Seven of these aboard lost their lives, five others were brought ashore to a hospital. The Imperial Air Ways announced that six were saved, including the Americans, Allan Fleming and Miss Marjorie Fleming who were taken to the hospital. The pilot Capt. R. T. Barill, was reported among the saved, but not in need of medical treatment. The mechanic was among those taken to the hospital. Motorboats were reported to have recovered the bodies of two men from the plane and had taken them to Dungeness. It was believed other bodies were in the plane, the fuselage of which was submerged. It was officially announced that the missing included Lieut. Malcolm registered at the Hotel Keninworth, London. At the hotel it was learned Malcolm had registered from Hamilton, Ontario.

## NAMED PRIN.

Rev. F. Scott Mackenzie, M. A., Th.D., professor of apologetics, systematic theology and church government at the Presbyterian college, Montreal, since 1926, was named principal of that institution by the Presbyterian general assembly on June 10. Mr. Mackenzie succeeds Rev. Dr. D. J. Fraser, LL.D., who was forced to resign on account of ill-health, after many years' service.

## \$20,000 FIRE

(Special to the Guardian)  
MONTREAL, June 17.—Over ten thousand people watched an unheard exhibition at Dominion Park, Sunday night, when the entrance to its disused scenic railway in the northeast corner of the amusement park caught fire at ten o'clock, and was partially destroyed. Damage to the extent of \$20,000 was done, mostly covered by insurance. There was no loss of life and no injuries to any of the thousands in the park. M. M. Hannaford, manager of the Dominion Park Ltd. had his employees play six streams of water on the flames. A little later the firemen of the city of Montreal arrived and soon the flames were extinguished.

## FINE RECITAL LAST EVENING

At the Baptist Church last evening, the pupils of Miss Barbara MacNeill appeared in their annual recital. Both vocal numbers and the readings reflected great credit on the diligence of the pupils and on the tuition of the instructress and were received with hearty rounds of applause by the large audience present. The platform was charmingly flanked with apple-blossoms, ferns and cut flowers. Following was the programme:— Solo, "Daddy's Sweetheart"—Lehmann, Miss Marjorie Chandler. Reading (a), "Nothin' to Laugh At"—E. Guest; (b) "Crowning Indignity"—E. Guest, Master Gordon Carver. Solo, "Love Sends a Little Gift of Roses"—J. Openshaw, Miss Helen Laird. Reading, "Unfortunate Bessie"—Bitney, Miss Effie MacKay. Solo, "Daffodils A' Blooming"—E. German, Miss Ruth Simmons. Solo, "Calm as the Night"—Carl Bohm, Miss Mildred Harrington. Reading, Extract from "Penrod"—B. Tarkington, Miss Marie Mutch. Solo, "An Irish Lullaby"—Barker, Mrs. McLellan. Reading, "Her First Ride in an Ottomobile"—W. Hale, Miss Bessie McLeod. Solo, "Duna", Miss Amanda Cannon. Reading, "The Runaway Grandma"—N. McClung, Miss Kathleen McLeod. Solo (a) "There is No Death"—G. O'Hara; (b) "Flee as a Bird"—Root, Mr. Arnold Taylor. Reading, "Famine and the Ghost"—D. Holman, Miss Lulu Robinson. Solo, "The Garden of my Heart"—E. Ball, Miss Muriel Lee. Reading, "When Albani Sang"—H. Drummond, Miss Mary Sinclair. Solo (a) "From the Land of the Sky Blue Water"—Cadman; (b) "Your Song From Paradise"—Mr. Bud Mountain. Solo, "Sing Me To Sleep"—Greene, Miss Minnie Lefurgey. Duet, "Look Down Dear Eyes"—A.

## NEW CHURCH TO BE READY IN NOVEMBER

### Work on New Roman Catholic Church Commences Today—Parish Comprises Western Section of Ward Five.

Work on the new Roman Catholic Church at the corner of Bayfield and Upper Queen Streets will be commenced to-day, it was announced by Rev. Father McGreeff last evening at a meeting of the men of the new parish. The present structure will be a basement church, built of brick. The superstructure will be erected at a later date. The parish which is bounded by Elm Avenue on the east and Euston Street on the south, will be administered by the Redemptorist Fathers of Canada, whose representative here is Rev. Father McGreeff who outlined the plans made at the meeting last evening. The new church will accommodate about 500 and will be administered by Rev. Father McGreeff when it is ready for occupation in November. A name for the new parish was not decided on at last night's meeting. Excavation will start to-day. It is understood that the firm of Chappell and Hunter of Charlottetown will design the structure.

## MEETING OF SUMMERSIDE TOWN COUNCIL

(Special to the Guardian)  
An adjourned meeting of the Town Council was held last night and lasted only about twenty minutes, during which time Mr. John Smallman was appointed a member of the School Board. Councillor Grady gave notice that at the next meeting he would move a bye law for the boxing of gasoline tanks. The monthly report of the milk test by the Meat and Milk Inspector was read and passed, and it was decided to loan the town scarifier to the department of public works to repair the approaches of the town. Council adjourned till next Monday night.

(Special to the Guardian)  
At a special meeting of the Summerside Town Council called at 10 o'clock last night it was decided on an unanimous vote to retain the electric light plant and to operate it under the control of a thoroughly qualified engineer. The following new rates, proposed by Councillor Schurman were on motion of Councillor Kelly adopted. Residential. Service charge seventy five cents a month including rent of meter. Energy charge first 30 K.W.H. per month ten cents, over 30 K.W.H. per month five cents. Commercial Service. Charge thirty cents per 100 watts for first, 2,000 watts, twenty cents per 100 watts for the next 3,000, fifteen cents per 100 watts for the next 3,000, fifteen cents per 100 watts for over 5,000, minimum service charge \$1.50 per month. Energy charge, first 100 K. W. H. per month eight cents, over 100 K. W. H. per month five cents. Power at the present rate.

## DAMAGE BY LIGHTNING AT O'LEARY

### Two Men Rendered Unconscious When Bolt Struck Queen Hotel. Barn Near O'Leary Completely Destroyed.

On Saturday evening at 6 o'clock the west of the province was visited by a thunder storm of terrific intensity. O'Leary was in the direct path of the storm and the Queen Hotel was struck by lightning but was not set on fire. Two young men, sons in the kitchen and both of them were knocked down and for a brief period were rendered unconscious, but have now fully recovered from the shock. A bolt struck a large barn about a mile from O'Leary, belonging to Mr. James Gay and in a moment it was in a mass of flames. People quickly gathered by auto from the neighborhood and rendered all the assistance that was possible, but the building was completely destroyed with all its contents which included a combined seeder hay mower, 150 bushels of oats and a ton and a half of hay. Mr. Gay's heavy loss is only covered by some \$400 insurance. On Sunday morning Alberton was bombarded by another intense electrical storm and seldom has such heavy rain fallen in the district, though so far no damage has been reported. S. marks were prompted, he said, by his inspection of local industries, particularly the oil fields and refineries. He deplored the fact that so many Canadians had left this country for the United States and had it not been for this exodus, Canada would have a population of at least 17 million people. The cause of this he declared had been the failure of Canada's government to protect Canadian industry and provide employment for Canadian people and in this way provide markets for Canadian farm products.

(The Tuesday night dinner at Lossiemouth to which the Prime Minister refers is one to be given in his honor by officials of that town, in which he was born.) The last sentence in that official foreword makes it apparent and emphatic that the new attempt at naval disarmament, which had its inception in Hugh Gibson's presentation of President Hoover's "yardstick" plan at Geneva, is by no means to be an executive Anglo American matter, but inclusive of all the naval powers of the world. Auto parties that started out on a recent Sunday morning in the Aberdeenshire section of Scotland were held up on the way home by heavy snowfall.
