Stock Markets At A Glance

CHICAGO, Oct. 17 — (AP) — A consistent strength in wheat and sharp fluctuations in oats and rye dealings gave the grain futures market an irregular tone today.

WINNIPEG, Oct. 17 — (CP) — Rye futures prices on the Winnipeg Grain Exchange today rallied from early hesitation with strength at Chicago stimulating a fair demand from commission houses and locals. Offerings were light in the deferred months, trading was quiet in the first half of the session but quickened somewhat later.

TORONTO, Oct. 17 — (CP) — A buying wave hit the gold group this afternoon on the Toronto Stock Market and gave issues their widest advance in many months. They added 2.57 to their index standing to touch high since 1937. Other groups had modest gains. More than a million shares changed hands in the final hour, lifting the aggregate volume to 2,808,000 shares.

NEW YORK Oct. 17 — (AP) — John L. Lewis put props under a shaky stock market today when he called off the six-state soft coal strike considered one of the most serious threats to reconversion.

Sizable blocks of low-quoted issues again aided volume which totalled 1,800,000 shares compared with 1,630,000 Tuesday.

The Asssociated Press 60-stock composite was up 1 of a point at 72.6 equalling the recent high since March 17, 1937.

MONTREAL, Oct. 17 — (CP) — While some irregularity appeared in trading today on the Stock Exchange and Curb Market, papers and golds managed to show strength in late deals and the groups went to new highs in the indices. Industrials, which has risen steadily lately on average, took a breather. Transfers were spread over a wide range of securities.

Trading box score: Total sales 391,100 shares; mines, 315,000; industrials, 76,100; stocks higher 92, lower 51, unchanged 63.
