—FEAST OF THE IMMACULATE CONCEPTION—The Feast of the Immaculate Conception was observed in St. Paul's Church, Summerside, Sunday night at 7 o'clock. The ceremony opened with The Rosary by Rev. E. Murray. Rev. Father McLellan preached a very eloquent sermon. At this service ten new members joined the Society of the Children of Mary. This was followed by the procession of members, about sixty in number. The service closed with the Benediction of the Blessed Sacrament. S.

—RECEIVED INTO SODALITY OF CHILDREN OF MARY — On Sunday evening at 7 o'clock, sixteen young ladies of Kinkora Parish were received into the Sodality of the Children of Mary by their pastor, Reverend M. J. Smith. A most inspiring sermon was delivered by Reverend Charles O'Hara, C.SS.R., in which he exhorted the Children of Mary to cultivate the art of prayer in order to be faithful to the solemn promises they had made to their Immaculate Mother. He emphasized the unfailing efficacy of confident and persevering prayer. Benediction of the Most Blessed Sacrament was given by Reverend Father Smith.

—UNITY AMONG TEACHERS, PARENTS AND PUPILS—The following paper was written by David McLean, Grade VIII, Kensington High School: "If the pupils are to receive a thorough education, the parents, the teachers and the pupils must be partners in the work. The boys and girls of today to to be the men and women of tomorrow who will carry on the affairs of the country and in order to be fitted for this work they must be properly trained at home and in school. Education begins at the home where life long habits are formed. If a child is brought up in a good home and is well trained he is very liable to become a good citizen. Then comes the school life which is usually a continuation of home life in a larger sphere with a more definite purpose. In order for a pupil to progress well in school the parents and the teachers must work and plan together. To have unity among parents, teachers and pupils the parents should become well acquainted with the teacher, pay occasional visits to the school and try in every manner to help school life. The citizens of some communities form a "Parent Teachers Association" whose purpose it is to aid the work of the school and make such improvements as are necessary for the progress, good and happiness of the pupil. Thus the school becomes a part of the community and the pupils, teachers and parents all co-operate."—Y

"Jim," as he was familiarly known while in Charlottetown with the Royal Bank, is at present accountant in the main office in that city. Jim's family, twins, were coincidently born the same day as the famous quintuplets of Ontario. Mr. and Mrs. C. J. Cooke will visit their daughter, A. Thelma Cooke of Malden, Mass., on their return. "Bon voyage" will be the wish of their many friends.

—WEDDING AT TIGNISH — A very pretty wedding took place on Wednesday, Nov. 13th, when Miss Kathleen Gavin, eldest daughter of Mr. and Mrs. Charlie Gavin, was united in marriage to Mr. Everett Broderick, eldest son of Mr. and Mrs. Wilfred Broderick. The marriage took place in the Convent of the Angels, Rev. John McDonald officiating. The bride, who looked charming, gowned in wine crepe and accessories to match, was attended by her sister, Miss Mary, who also wore a wine colored costume. The groom was supported by his cousin, Mr. Walter Hogan. Following the ceremony dinner was served at the home of the bride's parents to relatives and friends of the contracting parties. In the evening a reception was held in their honour when upwards of one hundred and twenty guests assembled to tender their felicitations to the newlyweds. They were the recipients of many lovely gifts. Their host of friends join in wishing a long and happy voyage through life.

—CATHOLIC WOMEN'S LEAGUE—The regular monthly meeting of the Catholic Women's League was held in the Knights of Columbus Home, Summerside, on Wednesday, December 4th. The minutes of the previous meeting were read and approved. The treasurer's report was very satisfactory. The social service report showed a great amount of charitable work done during the past month, many children having been provided with shoes, rubbers, stockings and other articles of clothing so as to enable them to attend school. A letter was read from the Diocesan Convenor of magazine soliciting subscriptions for "The Canadian League" magazine, also a letter from the Diocesan President to the local President and members of this sub-division containing Christmas greetings. Plans were made for the distribution of Christmas charities. The question of providing hot cocoa for undernourished children of the convent came up and it was decided that owing to the Christmas holidays being so near, to defer it until the beginning of the new year. Meeting adjourned. S.

Ontario Tuber Growers Form Association

(C.P. By Guardian's Special Wire)

BARRIE, Ont., Dec. 9—A North Simcoe branch of the Ontario Potato Growers Association was formed here today at a gathering of representative producers. J. T. Cassin, one of the organizers of the Association, stated that other branches were to be formed in Hamilton and London districts.

The meeting passed a resolution urging compulsory inspection of potatoes in regular areas as designated by the Department of Agriculture, particularly in Toronto and district, as a means of preventing cull or inferior potatoes from being dumped, and thereby injuring the reputation of Ontario potatoes in the main market.

Another resolution asked for co-operation between growers and recognized dealers in the marketing of potatoes, a step regarded as essential in the movement to obtain better markets and better prices.

11 HELD IN GUN-SLAYING HOLD-UP

Sensational Story Expected to Be Told at Inquest Into Nadeau Killing Today.

(C.P. By Guardian's Special Wire)

MONTREAL, Dec. 9—A story of a sensational bank robbery conspiracy that subsequently led to the death of two men through its long, complicated stages may involve nearly a score of persons, including men employed or formerly employed by the victimized bank, will be told in Hull tomorrow at the inquest into the slaying of Armand Nadeau, a book-keeper still in his teens.

Eleven persons now held are "directly connected" with the $15,000 robbery that led to the murder of Nadeau, 19 year old Banque Provinciale du Canada clerk, and one of the two employees in charge of the money at the time of the hold-up near Hull last Wednesday. His fellow employee, Paul Lafleur, is held here as material witness along with an unannounced number of others.

Louis Jargaille, chief of provincial detectives, said today all the mystery enshrouding the robbery and slaying had been solved. But he declined to reveal details other than to say 11 persons were directly connected with the case. He said "possibly 15 or 16" persons were in custody. Three of them at least have unfolded the whole story in confessions to police, officers said.

Slayer of young Nadeau was named by police as Nathan Martin, alias Ted Montin, 40 year old Russian who four years ago abandoned his butcher counter at Springfield, Mass., and started a career that led him through various phases of criminal life to his violent death here yesterday at the hands of a provincial detective.

One more man whom police said was at the head of the gang along with Martin, is still being sought. Jargaille said his name was on record as Albert Herman Laroche or Larocque, the chief said it would "be well for him to report to Provincial Police Headquarters as soon as possible."

Armed squads are intensifying their search for Laroche, Jargille said, but he would not say if officers had been given instructions similar to those given Detective Sergeant Albert Merineau who lead a picked squad to Martin's rooms yesterday with orders to kill if necessary.

Claims Japan Threat To U.S.

(A. P. By Guardian's Special Wire)

NEW YORK, Dec. 9—Clyde Pangborn, only aviator to fly both the Atlantic and Pacific oceans non-stop, told the United States congressional committee investigating patent laws today that both New York and Chicago were within the cruising range of Japanese bombing planes.

The aviator, who was arrested by Japanese for flying over their fortifications, testified before the committee on patent revision that Japan "has one object in view:

"1. To seize the United States.

"2. To seize Russia;

"3. To seize the rest of the world."

The committee is concerning itself with possible handicaps to United States aviation through alleged pooling of patents under the present laws.

EXPEDITION UNREPORTED

Quartet Seek Missing U. S. Flyer In Wild Hinterland.

(C. P. Cable By Guardian's Special Wire)

GEORGETOWN, British Guiana, Dec. 9—Deep in South America's wild hinterland, a four-man expedition searching by plane for Paul Redfern was unreported tonight, 36 hours after it left its base at Wanotobo on the boundary intersection of Brazil, British Guiana and Dutch Guiana.

Little apprehension was felt here, however, for the safety of the party—Pilot Art Williams, former United States army flier; Harry Wendt, his co-pilot; Edward Sill, Georgetown merchant financing the search, and the Indian guide who promised to lead the party to a crippled white man living with a little-known tribe of natives.

It was known the search might take several days, leaving the expedition little chance to report back to base. For an emergency, the plane carried a large supply of gasoline and food. Both Williams and Sill were known to be well versed in South American jungle travel.

Gardiner To Seek Election In Assiniboia

OTTAWA, Dec. 9—Robert McKenzie, successful Liberal candidate in Assiniboia (Saskatchewan) in the last general election, was today appointed a member of the Canadian Farm Loan Board, and writs issued for a by-election to be held Jan. 6. Hon. James Gardiner, Minister of Agriculture, will be Government candidate.

Prime Minister Mackenzie King announced the appointment this afternoon following a meeting of Cabinet Council. Writs for the by-election will be dated Dec. 9 with nominations Dec. 23, two weeks before the polling date.

Resigning as Premier of Saskatchewan in order to join Mr. King's Cabinet as Minister of Agriculture, Mr. Gardiner is without a seat in the House of Commons.

Finance Minister Charles Dunning, who was not a candidate in the general election, will also have to contest a by-election before taking a seat in the House of Commons. An announcement in this respect will be made in a few days. It is understood that Mr. Dunning, who is also a former Premier of Saskatchewan, will find a seat in Eastern Canada, probably Ontario.

CONFERENCE GETS DOWN TO WORK

Solution To Many Urgent Problems Looked For At Sessions.

(C. P. By Guardian's Special Wire)

OTTAWA, Dec. 9.—Launched by Prime Minister Mackenzie King amid expressions from the premiers of all the nine provinces of a determination to approach their difficulties in a spirit of co-operation, the Dominion-Provincial Conference got down to work today on the major problem facing the Dominion—unemployment and relief.

Under the chairmanship of Hon. Norman Rogers, Minister of Labor, this committee was the first of the six to report, and its afternoon's deliberations, according to the official press summary, resulted in agreement upon the necessity of separating relief of unemployed from care of the unemployable. The committee will continue tomorrow.

The official press summary was, in part, as follows:

"It was generally recognized that the distinction between unemployed and unemployable which had tended to become blurred in practice should be restored and that the problem of relieving those normally indigent and unemployable should be kept separate from the problem of providing work or maintenance for men willing and able to work but unable to find it as a result of the prolonged economic depression.

"Under normal conditions the first problem, which is chronic, was recognized as a direct responsibility of the municipalities. The other and major problem, which has been greatly magnified under present conditions, is obviously far too serious for them to cope with. Opinions differ as to whether or not responsibility for the support of these unemployed but able and willing to work should be borne by the Dominion and provinces and as to the proportions of which this financial burden could be most equitably divided.

"The possibilities of government action resulting in a direct re-employment and in the creation of economic conditions under which the extension of employment by private enterprise would once more be profitable would be the subject of further study."

Presenting a comprehensive agenda, embodying the most pressing problems facing the provinces and the Dominion in common, Mr. Mackenzie King declared that while all problems could not be settled at once, many decisions should be reached on matters of vital importance.

Majestic For Scrap Heap

(A. P. By Guardian's Special Wire)

LONDON, Dec. 9 — Shipping circles heard today that the 14-year-old S. S. Majestic would soon be withdrawn from the Atlantic service and be broken up for scrap iron.

Officers of the Cunard-White Star Line declined to comment on the report although they admitted that the Majestic does not appear on the sailing schedule after Feb. 13 of next year.

WALKING CHAMPION BREAKS RECORD

LONDON, Dec. 9.—(C.P.-Havas)—Bert Couzens, British amateur walking champion, today established a new record when he covered the 125-mile mile course between London and Newmarket in 21 hours five minutes.

WOMEN IN GOVERNMENT

EDMONTON, Dec. 9. (CP) — A woman cabinet minister in the newly-elected Alberta Social Credit government and appointment of a woman police magistrate in addition to a demand for women representatives on all governing bodies were objectives of the Council of Women in Canada, approved at a meeting here.

U. S. Reduces Rate On Silver

NEW YORK, Dec. 9—Following a decline of silver prices in London and Montreal today, the quotation for the imported metal in New York was reduced from 65 3-8 cents to 64 3-4 cents an ounce.

This was the first change in the New York rate since last August and was the lowest level since April 10, at which time it was advancing under speculative buying. The upward flurry in April carried the price to 81 cents an ounce, its highest in recent years.

Dealers attributed today's reaction partly to reports that the United States Treasury had lowered its bid for the white metal abroad and to far eastern selling due, it was believed, to efforts of the Chinese government to nationalize silver.

Heavy liquidating orders from the Orient delayed the opening of the London market for about two hours. The initial price there was finally fixed at 28 3-4 pence an ounce, off 7-169 from Saturday's rate.

Silver futures in Montreal quickly followed the London trend and closed with losses of 2 1-2 cents to five cents an ounce. The top figure is the allowable fluctuating limit for a single day's trading.

Gladstone Painting Graces Committee Room

OTTAWA, Dec. 9—Occupying a place of prominence in the railway committee room where the Dominion-Provincial Conference opened today was a large painting of William Ewart Gladstone, presented recently to Prime Minister Mackenzie King by the late Lord Henry Neville Gladstone, youngest son of the Victorian statesman.

Early this year Lord Gladstone commissioned Charles H. Thompson to paint a portrait of his father after one by Sir J. E. Millais which hangs in the National Gallery in London.

Lord Gladstone died last April, before the portrait was finished, but it was completed under the direction of Lady Gladstone who herself wrote the inscription which reads: "Gladstone, 1809-1898, four times prime minister. The gift of his son, Henry Neville Baron Gladstone of Hawardan, to Rt. Hon. W. L. Mackenzie King, Prime Minister of Canada, 1935."

Syndicate Plans Fall Through

(A.P. By Guardian's Special Wire)

ST. LOUIS, Dec. 9—Plans for the purchase of St. Louis Browns by a syndicate of St. Louis business men apparently fell through today when Walter Smith, spokesman for the syndicate, said the idea seemed "impracticable at the present time."

BRITISH "WHO'S WHO" INCLUDES DOCTOR DAFOE

NEW YORK, Dec. 9—Dr. Allan Roy Dafoe, physician to the Dionne quintuplets of Callander, Ont., is registered in Great Britain's Who's Who for 1936. The insertion was in keeping with his modesty. He recorded of himself: "Practice of medi-1907; in charge of the Dionne quintuplets from their birth."

GUITAR ENTERS HIGH MUSICAL CIRCLES

MADRID, Dec. 9—The old-fashioned guitar, famed in Spanish romantic history, has entered high musical circles for the first time.

On the petition of numerous students, the Government established a chair of guitar at the National Conservatory of Music. The noted guitarist, Regino Sainz de la Maza, was appointed to the post.

London's county council asks an appropriation to advertise London to the world. Some of these out-of-the-way places are veritable bonanzas if tourists are merely told.

Final Tribute Paid Hon. James Malcolm

(C. P. By Guardian's Special Wire)

KINCARDINE, Ont., Dec. 9. — From all walks of life and all parts of Canada, men and women gathered here today to pay their last respects to Hon. James Malcolm, former Minister of Trade and Commerce in the former Liberal Government under Prime Minister Mackenzie King. Only relatives and a few intimate friends attended a private service held at the family residence, prior to a public service. Employees of the furniture company which bears his name mingled with Cabinet ministers in the throng which filled Knox Presbyterian Church.

Rev. T. D. McCullough of Toronto, former minister of Knox Presbyterian Church officiated, assisted by Rev. A. Gordon MacPherson of Knox Church, Listowel and Rev. L. E. Hussey of Kincardine United Church.

The remains were borne to the family mausoleum by H. R. Magwood, J. G. Morrison, Dr. E. E. Bruce, George Welch, E. A. Henry and Dr. M. Helliwell of Kincardine, Dr. D. R. Finlayson of Ripley and Earl Bennett of Listowel. Honorary pall bearers were James Symonds and Gideon Kastner, Wiarton; Charles MacPherson, Port Elgin; J. B. Watson, H. T. Hurdon and John D. MacLeod, Kincardine.

Was Misinformed Says Aberhart

(C. P. by Guardian's Special Wire)

OTTAWA, Dec. 9—Premier William Aberhart of Alberta admitted today he had been "misinformed" in the charge he made here last night The Canadian Press carried a despatch some time ago that 25 Royal Canadian Mounted Policemen had been sent to Alberta to protect him.

"I was entirely misinformed," the Alberta Premier said when shown a statement by J. F. B. Livesay, General Manager of the Canadian Press, denying the news agency had carried the despatch referred to. "My information was all wrong," he added.

The Alberta Premier made the charge here last night while addressing a congregation at St. James United Church, claiming he had been misrepresented and maligned in the press of Canada.

"If Mr. Livesay says the Canadian Press did not carry the despatch, that settles it," said Mr. Aberhart.

4 SUSPECTED OF SABOTAGE

British Admiralty Declines Comment On Case.

(A.P. By Guardian's Special Wire)

LONDON, Dec. 9—The Evening News said today a search for the saboteurs of the Battleship Royal Oak and the submarine Oberon "is believed narrowed down to four men, who are not members of the Royal Navy."

The Admiralty declined to comment on the case, but it was understood that the scheduled departure of both craft to join the Mediterranean Fleet was delayed four days by short circuits.

The Oberon and the Royal Oak were at the Devonport dockyard in Devonshire when the alleged sabotage occurred. A sailpin an eighth of an inch in diameter, which pierced a two-inch cable connecting the control tower of the battleship and the dockyard power station, caused a short circuit aboard the Royal Oak and failure of the electric system.

Damage to the 29,150 ton battleship was placed by officials at several hundred pounds. A commutator had been tampered with on the Oberon but apparently the damage was slight.

COUNCIL REVIVES CURFEW LAW

Regular Monthly Meeting Of Town Council Last Night.

The regular monthly meeting of the Summerside Town Council was held in the Council Chambers last night. The payment of town bills in the amount of $3431.68 was confirmed. Bills in the amount of $2691.18 were passed for payment. At the request of the Children's Aid Society a motion was passed to put the Curfew Law into effect commencing Thursday, Dec. 26th. The curfew bell will ring at 9 p. m. all children to be off the streets at that time.

A resolution was passed asking the Government to provide for better accommodation for the treatment of venereal disease. A letter was read from the Secretary of the Summerside Board of Trade regarding the holdup in traffic at the railway crossing at the east end of Water Street, due to the shunting of railway cars. Councillor Nicholson was appointed to draft a letter to the Superintendent of Railways suggesting a method to overcome this nuisance.

The police report is as follows:
Drunkenness 35.
Theft 1.
Vagrancy 1.
$250 in fines were collected.

The meeting adjourned to Dec. 26th to close the year's business.

HAUPTMANN DENIED REVIEW

(A. P. by Guardian's Special Wire)

WASHINGTON, Dec. 9—Bruno Richard Hauptmann's chances of escaping the electric chair were definitely narrowed today when the Supreme Court of the United States, in a one-word verdict, refused to review his conviction for the murder of tiny Charles Augustus Lindbergh.

Only two avenues remained open to the one-time German army machine gunner. One is an appeal for clemency to the New Jersey Board of Pardons. The second is a petition for a new trial if fresh evidence can be found.

Hauptmann's counsel promptly asserted at Trenton, N. J., that the defence was considering asking for a new trial on the basis of evidence not yet disclosed. In the death cell there the German himself received the news quietly. Still asserting his innocence, he was described as smiling when he said:

"Well, sorry you couldn't bring me any better news."

"I do know that despite everything he will come home again," was the verbal reaction of Hauptmann's wife, Anna.

By John Ferris,
Associated Press Staff Writer

TRENTON, N. J., Dec. 9.—Governor Harold Hoffman disclosed today he recently conferred with Dr. Erasmus Hudson, New York fingerprint expert who testified for the defence at Flemington that he could find no fingerprints of Bruno Richard Hauptmann on the Lindbergh kidnap ladder.

The conference, held two weeks ago and attended by Ellis Parker, chief of Burlington County detectives who is convinced Hauptmann is innocent, was apparently surrounded with as much secrecy as the Governor's nocturnal visit to Hauptmann's death house cell Oct. 17.

The Governor's announcement gave fresh heart to Hauptmann's attorneys and softened the shock of the U. S. Supreme Court's decision not to review the Flemington trial.

Shortly before the Governor told of Dr. Hudson's visit he conferred with Egbert Rosecrans, defence counsel. Rosecrans said later he and his associates will probably ask for a new trial on the basis of newly discovered evidence.
