**COMMON STOCKS as an inflation hedge**

This advertisement is addressed to those investors who are seeking a solution to the problem of investing in common stocks at this time.  
Commonwealth International Corporation — an investment fund with non-callable, self-liquidating shares—achieves the following benefits:  
1. Broad diversification of risk inherent in Common Stock investment.  
2. Greater assurance of continuous income.  
3. Careful selection and continuous supervision of investments by capable and experienced management.  
Low cost of investment management, made possible because many investors share the expense of operation.  
Commonwealth International Corporation is a common sense hedge against inflation.  
May we forward full particulars?  
**F. J. Brennan & Company, Ltd.**  
85 Prince William Street, Saint John, N. B.  
Halifax - Charlottetown - Fredericton

**DODGE HERE** **DODGE NEW** **DEPENDABLE AS EVER**

**34 New Features in the New Dodge**

IT'S BETTER THAN EVER... the beautiful, new, Dependable Dodge.  
Thirty-four important new features and improvements, added to Dodge time-tested engineering and design make it the finest low-priced car ever built by Dodge.  
It's New... with new solid, wrap-around bumpers for greater protection... new, massive grille of glittering chrome... new enamel finish, smooth as silk—yet harder than ever... new, streamlined rear fenders with lowered side opening to protect body finish from flying stones... luxurious, two-tone, French-plated upholstery that blends with the colorful plastics and shining metal of the new instrument panel and steering wheel.  
It's New in performance... finger-touch starting with the new push-button, mounted on the instrument panel... quicker warm-up and easier cold weather starting with a new intake manifold, having a greater heating area and better gas distribution... new, rotor type oil pump which gives required oil pressure over the range of engine speeds and temperature... new enclosed, universal joints for added protection on rough roads... new, sturdier, Year-also ring gear and pinion... new gas tank filler which prevents dirt blockages in the gas lines and is self-cleaning by action of the gasoline in the tank... and many other improvements in engineering and design, including the great brake improvement described at the right.  
See this New Dodge now at our showrooms... let us demonstrate these many new features... drive it... compare it... and judge for yourself.

**THE GREATEST BRAKE IMPROVEMENT IN 24 YEARS**  
You will be amazed at the efficiency of these new brakes the first time you drive a new Dodge. A light touch on the pedal immediately gives you even, smooth brake action, of all car speeds, and gives your present brake the most important advance in brake since 1926, when four-wheel, equal pressure hydraulic brakes were first introduced, by them to-day!  
Let Improved New Brakes with increased hydraulic pressure.  
Right New front brake, with non-cylinder action. (Right wheel shown).
