NEIGHBORHOOD OR JUNGLE

Life is either a neighborhood or a jungle—or the confused and uncertain middle ground between. The rule of the jungle is that "the shall take who has the power and he shall sleep who can." The law of the neighborhood is "Thou shalt love thy neighbor as thyself." Justice at its highest in the jungle is "An eye for an eye, and a tooth for a tooth." "Avenge not thyself" is law in the neighborhood and "Whosoever would smite thee on one cheek, turn to him the other also." Greatness in the jungle is in forcing it over others; the maxim of the neighborhood is, "If any among you be great, let him be your servant." The neighborhood and the jungle, through the ages, spirit against spirit, ideal against ideal, are locked in struggle. All that is best in politics, all that is worthiest in trade, all that is most enduring in social progress and all that is most vital in religion, work together for the reclaiming of the jungle and bringing it in obedience to the law of the neighborhood. Each individual can choose to live in the world as if it were a jungle or else as if it were a neighborhood. He can say, truly, that there is success in a jungle way, for tooth and claw, for greed and injustice and brute selfishness. "He can be one of the jungle folk, tiger or snake hyena if he chooses." But he can choose otherwise, and be a neighbor instead refusing to follow jungle notions, keen on being human rather than bestial. The jungle is there, waiting for its inhabitants; the neighborhood is there, waiting for its people, who shall make it a place of civility and of brotherhood and of progress. Which shall it be—jungle or progress, neighborhood—for us? The choice is our own, and we must make it for ourselves.

HERO'S MEDAL UNDER HAMMER

LONDON, February 9.—Among a collection of coins and medals that came under the hammer at Sotheby's recently was a gold medal for gallantry in saving life on land. The medal was awarded in 1835 to Sergeant Cole, the London policeman, who discovered the attempt of dynamiters to blow up the House of Commons. Cole carried the bomb which had been placed in the crypt to explode, to Westminster Hall where the police took charge of it. The medal which is very rare, realized \$375.

The Way Out

From Weakness to Power by Food Route. Getting the right start for the day's work often means the difference between doing things in wholesome comfort, or dragging along half dead all day. There's more in the use of proper food than many people ever dream of—more's the pity. "Three years ago I began working in a general store," writes a man, "and between frequent deliveries and more frequent customers, I was kept on my feet from morning till night. "Indigestion had troubled me for some time, and in fact my slight breakfast was taken more from habit than appetite. At first this insufficient diet was not noticed much, but at work it made me weak and hungry long before noon. "Yet a breakfast of rolls, fried foods and coffee meant headache, nausea and kindred discomforts. Either way I was losing weight and strength, when one day a friend suggested that I try a "Grape-Nuts" breakfast. "So I began with some stewed fruit, Grape-Nuts and cream, a soft-boiled egg, toast, and a cup of Postum. By noon I was hungry but with a healthy, normal appetite. The weak, languid feeling was not there. "My head was clearer, nerves steadier than for months. Today my stomach is strong, my appetite normal, my bodily power splendid and head always clear. "Name given by Canadian Postum Co., Windsor, Ont. Read "The Road to Wellville," in pgs. "There's a Reason." Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interests.

VICS vs. CRYSTALS.—At the Arena tonight.

THE FUR FARMERS' BUREAU & Exchange, Ltd., are receiving applications from all parts of the United States and Canada for shares in the Rosemont Fox Company. 1142.

FUNERAL TO-DAY.—The funeral of the late Mrs. John McEachern will take place to-day at 2 p. m. from the residence of her son-in-law, Mr. Geo. S. Munna, Mermaid, Lot 48. 1143.

RACES POSTPONED.—The horse races to have taken place on the Hillsboro River this afternoon have been postponed, as the ice is not in condition for holding them. The Racing Committee hope to have it in readiness for races on Thursday, in which event the entries will not close with Mr. A. S. Hewitt, the Secretary, till Wednesday evening.

CURLING.—For a few days past the ladies have been patronizing the curling rink and have had some talk of forming a club. They will hold a meeting in the near future for this purpose. The large number that were present yesterday at the rink spoke volumes for their enjoyment of the roarin' game, of which some of them have gained quite an extensive knowledge already. There will be some excitement, surely, should the ladies finally determine to have a club, and a number of rinks between the ladies and gentlemen would not be amiss.

A PLEASANT VISIT.—Mr. and Mrs. D. Schurman, Charlottetown, leave to-night for Halifax where they will take passage on the Caraque, one of the Royal Mail steamers, for Bermuda. Here they will be joined by their son, Master Vernon, who has been in that island for some weeks. Together they will sail for Barbadoes, returning by Colon, calling at Jamaica, and Cuba, on their return via New York where they will visit friends for some time. They expect to return to Prince Edward Island in May. Mr. Schurman combines business with pleasure having received a commission from one of the big agricultural implement companies to look over the West India Island with a view to opening up business in that line especially on the sugar plantations.

SAD TELEGRAM.—Prof. Theodore Ross of the Department of Agriculture, Charlottetown received a telegram Monday morning from Edmonton, Alberta, informing him of the death of his brother, Gordon Wallace Ross. The deceased was born in 1858 at Ross Corner, P. E. Island. He was a son of the late Murdoch Ross. In the spring of 1913 he was attacked with diabetes and went to Edmonton where he has since been living with his sister, Mrs. Edward Cogswell. The late Mr. Ross was a brilliant student and entered P. W. College in the fall of 1902. In 1906 he entered McGill and took his Arts course in 1910 and his Science Degree in the spring of 1912. When he went west he was engineer in a silver mine in British Columbia and was beloved by a large circle of relatives and friends.

UNUSUAL PROCEEDING.—An unusual proceeding took place in the Court-room, Monday before Deputy Sheriff Kiggins, a proceeding which had not occurred previously in twenty years. It was the execution of a writ of enquiry to assess damages for alleged slander. The plaintiff had sued the defendant, who allowed judgment to go by default necessitating the writ. Deputy Sheriff Kiggins summoned a jury of twelve who were at the trial yesterday. Three King's Counsel appeared, evidence was given and the jury returned a verdict for the plaintiff in the sum of \$40. Deputy Sheriff Kiggins was congratulated on all sides on the efficient manner in which he conducted the proceedings (for the first time) and on the class of men whom he had selected as jurors.

AT THE PEOPLE'S.—The People's Theatre on Monday evening was crowded to the doors, and there was every good reason for that circumstance. There was put on the screen what was undoubtedly one of the most magnificent pictures ever presented in Charlottetown, a four-reel film depicting some of the awful and memorable incidents in connection with that tremendous event in European history, the Battle of Waterloo. The picture was one which could not fail to arouse and stimulate the keenest interest, and the house, in breathless unison, gazed fixedly at the canvas from beginning to end, well high on an hour, while cannon were belching forth their murderous projectiles and hand-to-hand encounters were resulting in crimson death. It showed the little farm ground which some of the deadliest moments in the battle were spent, the position which was won and lost fifteen times before the final came. It showed the powerful, tyrannical Napoleon at his best and at his worst, when he "cursed the British Bull-Dogs who never knew when to stop"; and the "Iron Duke" who cheered and encouraged "the lads" who won the day. It showed the gallant, hardy, irresistible Scotch, the men whose lines were "broken" and who used their "fearful arms with deadly effect." It showed this and much more; but above all it showed clearly and unmistakably to what a wonderful and stupendous state the cinematograph has been brought. The music was excellent and the play was one that everybody should witness.

NEW BRUNSWICK WOMAN PRAISES DODD'S KIDNEY PILLS.

She Suffered for Four Years, and the Doctor Could Not Help Her, But Dodd's Kidney Pills Gave Her a New Lease of Life.

Porton, Carleton Co., N. B., Feby. 9.—(Special).—"I had Dodd's Kidney Pills the best kidney medicine I have ever used. They have been of untold benefit to me."

The speaker is Mrs. John S. Dickinson of this place. She is enthusiastic in her praises of the great Canadian kidney remedy, and not without reason.

"I suffered from kidney trouble that started in a cold," she continues, "and for four years I was never free of it. I was treated by a doctor, but he did not seem to be able to do me much good."

"I had rheumatism and neuralgia, and my joints were stiff; my muscles cramped, and I was always tired and nervous. I prepared freely with the slightest exertion. I was depressed and low spirited, my limbs swelled, and I had a dragging sensation across the loins."

"Nine boxes of Dodd's Kidney Pills made a new woman of me." Are not Mrs. Dickinson's symptoms those of any run-down, worn-out woman? They are also the symptoms of kidney disease. Dodd's Kidney Pills give new life to run-down women by curing their kidneys.

We Have Faith in This Stomach Remedy

A woman customer said to us the other day, "Say, you ought to tell everyone in town about Rexall Dyspepsia Tablets. I would myself if I could." That set us to thinking. So many people have used them and have so enthusiastically sounded their praises both for us and their friends, that we have an idea you all knew about them. But in the chance that some of you who suffer from indigestion, heartburn, dyspepsia, or some other stomach complaint, don't know about them—we are writing this. They contain Bismuth and Pepsin, two of the greatest digestive aids known to medical science. They soothe and comfort the stomach, promote the secretion of gastric juice, help to quickly digest the food and convert it into rich, red blood, and improve the action of the bowels. We certainly wouldn't offer them to you unless at our risk unless we felt sure they would do you a lot of good. If Rexall Dyspepsia Tablets do not relieve your indigestion, check the healthiness and make it possible for you to eat what you like whenever you like, come back and get your money. Sold only at the more than 7,000 Rexall Stores and in this town only at our store. Three sizes, 25c, 50c, and \$1.00. McInnion Drug Co.
