

This Man Dropped Suddenly Dead From Heart Trouble

Everything Depends Upon Your Heart.

If you wish to live long, if you wish to avoid sudden death, you must attend to your heart. You must see that it beats properly. If your heart flutters or palpitates or skips beats—you are in danger of sudden death. If you suffer from shortness of breath or endorses or pain in the left side—it is your heart that is giving you trouble. If you ever feel dizzy or faint or have spots before your eyes, if you leap poorly, if you have dreams at night, if you find it painful to sleep on the left side, if your feet and ankles are swollen it means that your heart is bad and needs immediate attention. Remember, IMMEDIATE attention. Delay is dangerous. However, if you suffer from heart trouble it need not frighten you for we have the cure, not only the relief but CURE, it is.

Grossman's Heart Tablets

These tablets are the result of years of research and experimenting and we can assure you that we have truly discovered the cure. Thousands of people saved from sudden death is the proof. "Thousands of people die suddenly from heart failure because either they have not heard about our Heart Tablets or because they are too stingy to spend the small sum of \$1.00, which is the cost of these "life savers". Now it is up to you if you are suffering. Relief and cure is yours if you will only send for a bottle of GROSSMAN'S HEART TABLETS now, at once, ONE DOLLAR WILL DO THE WORK. Address your order to

"CONSUMPTION IS INFECTIOUS"
Every Precaution Should be taken to Prevent Its Spread
Persons coming into contact with consumption should inhale Catarrhazone several times each day as it is a powerful destroyer of disease germs, and renders them innocuous. Catarrhazone is a most efficient preventive and may be thoroughly relied upon to promote expectoration, soothe the cough, and benefit in many ways too numerous to mention. Both from a medical and scientific point of view, Catarrhazone is the most valuable addition to the armament against consumption. Its merits cannot be too warmly applauded, and anyone troubled with coughs, bronchitis, throat weakness, Catarrh, etc. should use Catarrhazone frequently.
