MARTIAL LAW NOW IN TOKIO

Rioting as Result of Dissatisfaction with the Terms of the Treaty of Portsmouth.

TOKIO, Sept. 7.—(Special)—Martial law has been proclaimed here. TOKIO, 6-10 a. m.—Rioting broke out here Tuesday night in connection with the dissatisfaction over the results of the peace settlement. There were several clashes with the police and it is estimated that two were killed and five hundred wounded. The rioting ceased at midnight. Police stations were the only property destroyed. TOKIO, Sept. 1 (delayed in transmission)—The Kokumin is the only metropolitan daily paper that defends the terms of peace settlement. The paper declares that the purpose of the war has been accomplished and says: "The war has not been fought to gain money. Russia has been stripped of the control of Manchuria and driven sufficiently north. More than the aim and purpose of the war has been gained by our recognized ascendancy in Korea and every reason exists to thank our delegates and feel specially grateful for the good offices of President Roosevelt."

MOTHER HELPED TO KILL HER CHILD.

Two Year Old Baby "Was in the Way" and Had to Be "Removed."

NEW YORK, Sept. 4.—A confessed accomplice in the murder of her two year old daughter whose mutilated body was subsequently bathed and neatly clad in its best clothes and then tossed into the doorway of a west side tenement house, Agnes Hyland, 23 years old, was locked up last night. Gustave Denser, a plumber, with whom the woman lived as a housekeeper, is also under arrest. The mother told the police that Denser killed her baby girl Gertrude because she "was in the way" and that she helped to dispose of the body. The arrest of the mother and Denser was made and the confession of the former followed. According to the mother the child was beaten to death during the night because Denser, who has three children of his own, objected to her presence in the home. Later she washed the body to remove blood stains and dressing it, carried it to the doorway where it was found. Denser denied the murder of the child, to the support of which he said he had, however, objected. He said that at the request of the mother he had finished the girl Sunday night and afterwards left the house. When he returned at midnight the mother told him that the child was dead and he went with her to dispose of the body.

IN PURSUIT OF HORSE THIEVES

Lowder and McAleer Accuse Of Robbery Manage to Elude the Police and Escape.

Considerable excitement was occasioned in the city yesterday by the report that George Loder and William McAleer, who have been suspected of the recent horse and wagon thefts throughout the country, had crossed by the ferry boat and were in the city. At the wharf the officers learned that the suspects had crossed several hours previous to their arrival and when last seen were proceeding from the city by Upper Prince street. At Southport, Officer Bradley found a two-begone horse with a buggy in good condition which they had left with Mr. Murphy at that place. This is the fourth horse which these men are said to have had during the past two weeks, it being alleged that they stole two and swapped these for two others. On Thursday night the store of Alex.
