Brighton Horseshoe Club swung into their season's activities with a bang on Monday night, the occasion being the holding of the opening night's tournament that saw upwards of twenty "shoe tossers" take part in matches that, considering for many it was their first start, produced some great horseshoe pitching.

* * *

The layout that greeted the players also left nothing to be desired. Pitching platforms, pits, lighting and everything in connection with the club was in tip-top shape and to Jack McCourt and those connected with him must go plenty of credit for the efforts they have expended on the grounds.

* * *

Amby Doyle's capturing of the tournament came more or less as a surprise. Doyle, while far more than an average pitcher was not considered strong enough to take the measure of Len Phillips who was runner-up to Bill Murley last season for honors.

* * *

But past performances meant nothing to the smooth-pitching Doyle right from the start of the final match. He went into a short-lived lead on the first couple of tosses to the "peg" only to have Phillips overtake him, but again accounting for "ringers" almost regularly he built up a lead that safely withstood Phillips' closing drive, a drive that saw the runner-up plunk five ringers on in a row only to have Doyle nullify two of them with shoes that curled round the peg perfectly.

* * *

Now that they have made their start and with not a few of the old members making their appearance Monday night it is fully expected that the different competitions that were held last year will shortly get underway. Once again a lengthy list of trophies will be put up for competition and although the membership list is not as yet up to last year's, club officials are firmly confident that in the space of the next fortnight last year's mark will have been reached and passed.

* * *

Possibility of a series of home and home matches between Summerside and Charlottetown racquet wielders is being visualized on the local tennis front. Still in its formation stage, nevertheless it is rumored that plans are going ahead and it is likely that something definite on the matter will be forthcoming from the head of the Charlottetown Tennis Club in the near future.

* * *

Viewed from here the move seems to be an excellent one. In this writer's memory it is a long time since inter-county matches have taken place and if it does come to a head this season it would no doubt serve to add lots of interest to the game both in Summerside and Charlottetown.

* * *

There should be and likely are plenty of capable tennis players in the western capital. Like Charlottetown the game has declined more or less ever since war broke out but now with the picture rapidly brightening it is expected that many will be returning to the game, and it seems an opportune moment to arrange the inter-county matches that are now being so strongly mooted.

* * *

Likely No. 1 A.N.S. School at St. Eleanor's will be able to furnish a quota of players to take part in matches, together with local talent while the civilian players should undoubtedly be able to strengthen their ranks from No. 2 A.N.S., a few of whom have already been seen in action since the opening of the local courts.

* * *

There are already 29 immortals in baseball's Hall of Fame at Cooperstown, N.Y., and the thirtieth to gain a niche may well be Paul Glee Waner. Paul, recently unconditionally released by the Yankees, has bought a partnership in a Pittsburgh vault manufacturing company. At 42 he apparently has reached the end of his illustrious diamond career and, with his baseball days behind him is eligible for a place in the Hall of Fame. That he will be selected seems inevitable.

* * *

Paul—Big Poison—when he was at his peak with the Pirates—was one of the outstanding outfielders and hitters in the history of the National League.

* * *

In his brilliant career in the majors, which started in Pittsburgh in 1926, he amassed the amazing total of 3,152 hits and compiled a lifetime batting percentage of .333. Only five other players in baseball history made more hits than Old Poison—Ty Cobb, Hans Wagner, Tris Speaker, Nap Lajoie and Eddie Collins.

* * *

Waner will always be remembered for his many outstanding achievements as a hitter. For one thing he is the only major league player who ever refused to accept a base hit when it was credited to him by an official scorer.

* * *

In a game played in Boston he refused to take what would have been his 3,000th hit of his career because it was a scratch infield single. He wanted his 3,000th blow to be a clean safety.

* * *

Big Poison didn't see any service in the American League until the Yankees signed him as a free agent last year, after he had been released by the Dodgers, so he is headed for a place in the Cooperstown museum with a National League tag.

* * *

At this time there are 16 in the Hall of Fame who attained distinction in National League circles. The group does not include Cy Young, who was a brilliant pitcher for Cleveland through a nine-year period, in which that city was a member of the National League.

* * *

Young later carried on his remarkable mound career with Boston in the American League, serving that club for eight years. Then he returned to Cleveland as an American Leaguer. In 1911 he put in his last year with Boston in the National League. However, he is better remembered as an American League man.

SPORTING NEWS

N. Y. Yankees Blank St. Louis Browns 11-0

(By The Associated Press)

Atley Donald blanked St. Louis Browns with five hits yesterday, 11-0, as the New York Yankees swept the three-game American League for their eighth successive win and 14th in 16 Yankee Stadium starts. It was Donald's fourth success.

Two hits and three walks in the first inning sent Jack Kramer to the showers with his third defeat and the Yanks continued to blast Weldon West and Sam Zoldak for a total of 15 blows including doubles by Herb Crompton, Hersh Martin and Nick Etten and a triple by Johnny Lindell.

At Boston, successive fifth inning triples by Bob Johnson and Pete Fox plus Jack Tobin's fly gave the Red Sox a 6-4 victory over Chicago White Sox in their series' finale.

Pinky Woods started the Boston flinging but he was forced to retire in the last of the second when he was spiked on the foot by Cass Michaels during a rundown play.

Red Barrett then took over and before he was warmed up, the Chisox nicked him for two runs to pull into a 3-3 tie. Barrett then was effective until the ninth when he passed the first two batters and gave two balls to pinch-hitter Bill Nagel.

Barrett then was yanked for Clem Hausmann who limited the Chisox to one run while winding up the game.

At Philadelphia, pitcher Jess Flores walked in with his own winning run in the 10th inning as the Philadelphia Athletics snapped a five-game winning streak for the Cleveland Indians, 2-1.

The A's had muffed a ninth inning chance when after the bases were loaded, Allie Reynolds fanned Irv Hall and Joe Burns and got George Kell on a liner. Reynolds walked Flores and Bobby Wilkins to open the A's 10th and Larry Rosenthal was awarded first base on interference by catcher Jim McDonnell of the Indians.

Relief hurler Ed Klieman came in and promptly got Bobby Estalella on a foul with Rosenthal being doubled off first. Klieman walked Dick Siebert to fill the sacks and then gave up four balls to Charley George to force in the winning marker.

Home Run With Two On Gives Pirates 4-3 Win

(By The Associated Press)

Catcher Bill Salkeld's second major league home run with Jim Russell and pinch runner Vic Barnhart on base broke up a National League ball game at Pittsburgh yesterday and gave the Pirates a 4-3 edge over the league-leading New York Giants for their eighth straight victory.

Harry Feldman had shut out the Bucs for seven innings behind a 3-0 lead off Preacher Roe, picked up one at a time in the first, sixth and seventh innings. Pinch hitter Lloyd Waner walked and scored the first Pirate tally in the eighth on a single by Jack Saltzgaver and Jack Barrett's outfield fly.

Russell walked to open the ninth and Babe Dahlgren moved him to third with a single to centre; when Barnhart was sent in to run for Dahlgren, manager Mel Ott yanked Feldman and called on Ace Adams. Adams struck out Frank Colman, hitting for Frank Gustine, but Salkeld socked one into the right field stands to give the Bucs another triumph.

At Chicago, five runs in the third inning gave the Brooklyn Dodgers a 10-3 decision over the Chicago Cubs with Ben Chapman, making his first start since May 6, earning his second victory on an eight-hit performance.

Singles by Goody Rosen, Augie Galan, Dixie Walker, John Dantonio and Eddie Basinski, two walks and en error by shortstop Bill Schuster routed starter Mack Stewart in the third and clinched the first win of the series for the Dodgers.

At St. Louis, bounding back after a double setback Sunday the world champion St. Louis Cardinals trounced Philadelphia Phils 8-1 behind the four-hit pitching of Charlie (Red) Barrett.

It was Barrett's second victory since joining the Cardinals last Friday and was his fourth of the year against three losses.

Whitey Kurowski broke a three-day slump and connected for four hits in four trips to the plate, three singles and a double.

Swap Catchers

PHILADELPHIA, May 29 —(AP)—Philadelphia Athletics and Cleveland Indians swapped catchers today.

The A's traded veteran Frankie Hayes for Cleveland's Buddy Rosar. The announcement was made as the A's won 2-1 over the Indians.

Ernie Roderick Wins British Middle Title

LONDON, May 29 — (Reuters)—Ernie Roderick, 148, British welterweight champion, gained the middleweight title tonight when he won the decision over Vince Hawkins, 159, of Eastleigh, Hampshire in a 15-round Albert Hall bout which marked the first defeat for Hawkins in 73 professional fights.

It was one of the fiercest struggles in British boxing but the 32-year-old Roderick's ringcraft over Hawkins, 10 years his junior, predominated.

Appointed General Counsel For C. N. R.

MONTREAL, May 29 — Norman J. MacMillan has been appointed general counsel with jurisdiction over the law department of the Canadian National Railways and subsidiaries, according to an announcement issued here today by R. C. Vaughan, chairman and president. He will succeed R. H. M. Temple, K.C., who after many years of valuable service becomes consulting counsel. The appointment becomes effective June 1.

Mr. MacMillan was born at Bracebridge, Ontario, April 8, 1909. He is a graduate of law from the University of Manitoba where he obtained his B.A. degree in 1930 and LL.B. degree in 1934.

R. C. A. F. Announces—

(Continued from Page 1)

will be governed by conditions under which men serve "but in general they will compare favorably with the campaign bonuses being paid to Canadian Army personnel."

Canadian Navy ratings and Army privates receive about $10 monthly in bonuses bringing their pay to about $54, which compares to the United States navy, army and marine rate of $60, with a $70, rate for combat infantrymen.

Air re-volunteers for the war against Japan will be brought home to Canada for thirty clear days leave before continuing to their Pacific bases.

Any surplus of Pacific volunteers will be given preference in selection of the occupation force or for continuing duty in Canada.

"In the unlikely event of there not being sufficient volunteers for the Pacific," said Col. Gibson, "members of the R.C.A.F. aircrew reserve may be drawn upon, but members of this reserve will not be called until they have indicated their willingness to serve in the far east."

The program includes the R.C.A.F. personnel in the R.A.F., but no mention is made of the possible role of the women's division. The Army is sending its C.W.A.C. members to the Pacific and the Navy is sending its wrens. The C.W.A.C. also will be used in the Army of occupation in Germany.

CURTSIED TO BERNHARDT

When she was still an obscure, provincial actress in Italy, Eleonora Duse curtsied to the already famous French actress, Sarah Bernhardt, old.

Gains Decision

NEW BEDFORD, Mass., May 29 — (AP) — Marcel Fournier, 134, of Montreal, gained a unanimous decision over Al Lewis, 129, of Port Arthur Tex., a merchant mariner, in a six-round boxing bout tonight.

Describes Visit To Mount Stewart

("Island Traveller" in the Halifax Herald.)

Eighteen miles east of Charlottetown is the village of Mount Stewart, where "The Traveller" enjoyed a very pleasant sojourn a few days ago, renewing acquaintances with many of the villagers, even though the weather was rather "wintry" and damp.

An item of news that is really outstanding is the remarkable accomplishment of the Mount Stewart district in the 8th Victory Loan, when its objective was exceeded by a good margin. Rev. W.T. Mercer and Earl Jay, the two salesmen are to be congratulated for their efforts in making the loan the success that it was.

* * *

One of the first matters that attracted my attention was the fact that street lights had been installed throughout the community. This is a decided improvement and a valuable asset, which shows the enterprising spirit of these residents, and it was entirely through their own efforts that this additional lighting was secured. I understand that a meeting was called to enquire into the matter of securing street lights, which resulted in the raising of the necessary funds by popular subscription. Fourteen lights in all have been provided. The people of Mount Stewart deserve a word of commendation for this progressive step and no doubt they are deriving much satisfaction from it.

Another worthy enterprise I learned about during my visit, was the staging of a play called "Ready Made Family," the proceeds of which will also be used for local improvements. Around 400 people packed the Canadian Legion hall recently to witness the opening of this show. Since then it has played in several nearby centres. The cast is composed of local talent and its members are: Henry Clark, principal of the Mount Stewart school who directs the show, Marjorie Affleck, Elmer Coffin, Reggie MacDonald, who, I believe was one of the instigators of this worthwhile venture, Ham McKenzie, Mrs. Harold Affleck, Winnie McKenzie, Mary Rossiter, Mrs. Rita Ross and Thelma Burke. Mrs. Earl Jay and Bruce Affleck acted as prompters and the music was provided by Mrs. Edith Douglas, Isabelle MacDonald, Danny Burke and Willard Coffin.

* * *

The village school was the scene of my first stop, where I met two teachers, Mrs. Helen Comiskey and Mary Rossiter, whose home is in Morell.

Nearby I called in at the Royal Bank of Canada branch to be greeted by the manager, Lyle Morrison, who introduced me to the comparatively new teller, Helena Rossiter of Morell. The next port of call was Clarke's store and here I enjoyed a few minutes conversation with the proprietor, Russel Clark. Before leaving, I passed the time of day with two of the lady clerks, Leona Hendricken and Helen McDonald.

Across the street I went in to see Harold Affleck, who operates a meat shop and then I proceeded to the Post Office to meet the Postmaster John J. McIntyre and his daughter and able assistant, Evelyn, who I understand recently enjoyed a month's vacation in Montreal. During her absence Mrs. Annie Lacey assisted with the office duties.

My last call was made at the Mount Stewart Consumers Association where I saw the manager, Jimmy Doyle and some of his staff including Fred McDonald, Margaret Douglas and Margaret Rose.

As I was nearing this store, I was surprised to see an old landmark, the Mirimar Hotel, being torn down and on making enquiries concerning this, I was informed that the building was being remodelled to serve as a warehouse. Just before leaving, I decided to pay a visit to the railway station, where I shook hands with Agent Harry McKay and discussed the weather with his clerk, Norine Barrett. Other well known residents I saw during the day were: Dr. T.L. Farmer, who is president of the P.E.I Medical Association; Leona Jay, the local librarian, Roy Leard, who operates a well drilling outfit; Basil Jay, manager of the service station; Bruce Affleck in his grocery store; the barber, Roy Jay; Dannie Mullen, proprietor of the garage and his helper, Harold McDonald, Senator Jim McIntyre, Dr. A.B. Martin, Benjamin Birt, the plumber; Alex McDonald and Urban McDonnings. Some of those were small ranchers who had not been in the habit of showing in the live fox show but by their winnings evidenced they were capable of producing pelts of high quality and holding their own with the larger ranchers.

"The following particulars re the pelt show will I feel prove interesting.... There were 46 exhibitors who entered 650 pelts, 627 of these have been sold to date at a grand average of $72.37. These consisted of standard silvers, white marked silvers, platinums, platinum silvers and pearl platinums and we believe that our grand average was the best of any consignment of pelts made to any Canadian auction this year. It is also gratifying to know that our platinums brought excellent prices. Four of these sold in the January sale for $220.00 each and some of the highest prices recorded in the May sale were secured by our pelts. All our show pelts were marketed through the Fur Marketing Department of the Canadian National Silver Fox Breeders' Association, Summerside, and I feel I would be very remiss if I did not express our thanks to the officials of that organization for the help they gave us in putting on our show and to Manager George A. Callbeck for the good judgment he used in pricing and selling the furs and to him and his assistants for their excellent lotting and to seceretary Thomas Carruthers who assisted us during the pelt show in very many ways.

"The excellent average obtained for our marked silvers, platinums, platinum silvers and pearl platinums shows that the proper method of disposal for these types is to bring them together in quantities so that similar skins can be picked out and matched up for capes and jackets. Proper lotting and selection make a vast difference in the selling price.

"And now we have to sound a very sincere note of regret when we state that the Main Building at the Exhibition Grounds which was used to house our foxes during live fox shows and the Paton Pavillion, especially built for judging foxes were destroyed with other buildings on the evening of April 6th. All our fox crates were burned but fortunately we had them insured for a fair proportion of their value. It will be impossible under present circumstances to find premises as suitable for holding live shows as those destroyed, but it will be the duty of the officers appointed at this meeting to endeavor to find a solution of the problem.

"In concluding this brief report I wish to extend my sincere thanks to the Directors who have assisted so splendidly and to the members for their support and to our Secretary, W.R. Shaw, for his excellent handling of his work.

Respectfully submitted,
D. A. MacKINNON, Lt.-Colonel,
President.

In the latter half of the 16th century, the Dutch astronomer Huygens and the Danish astronomer, Roemer, built a planetarium to represent the solar system.

ANNUAL MEETING—

(Continued from Page 1)

George Bishop, unanimously decided to cancel our live fox exhibition for which we had made considerable preparation. That it was a deep disappointment to us all must be admitted, but the danger of spreading the dread disease throughout the province was justification for our action.

"The executive committee of the Association gave considerable thought to the problem of preventing and combating the spread of the distemper. The city authorities of Summerside and Charlottetown were contacted with a view to obtaining the fullest possible protection to fox ranchers by rigid control over dogs. This was acted upon in a very co-operative way by Summerside authorities but because of the larger population and extent of the city of Charlottetown and its limited police force it was not possible to control and quarantine all the dogs affected.

"The Department of Agriculture was asked to store in this province a supply of Green's distemper serum which was done and part of this serum was used in a ranch where there was an outbreak. As no other ranchers desired to use this material the balance was left on hand and considerable monetary loss was sustained. It would appear that through the Department of Agriculture we will have to make some specific arrangements whereby Dr. Green's serum can be quickly obtained or a supply kept on hand, which can be exchanged from time to time. It is a matter for congratulation that a very small proportion of the fox population of our Island was affected with distemper although the disease did spread to dogs in various hamlets.

Processing Tax

"Your executive took action in regard to the processing tax of 25% on furs put on by the Dominion government. The matter was brought to the attention of the Hon. Mr. Ilsley and cancellation of this tax strongly urged. The Canadian Federation of Agriculture was asked to intercede in our behalf and that body brought the matter to the attention of the proper authorities at Ottawa. During the course of the legislature the Prince Edward Island federation of Agriculture in a general brief presented to the government also brought this matter to the attention of the legislature and as a result a resolution was unanimously passed and forwarded to Ottawa asking that this matter receive favorable consideration.

"We are glad to report that the annual Pelt Show held at Summerside the first week in January 1945 was an outstanding success. 650 pelts were classified and entered in the books. A gratifying feature was the number of new exhibitors who were prominent in the win-

I. O. D. E. Resumes Overseas Awards

(By The Canadian Press)

REGINA, May 29—Post-graduate scholarships awarded by the Imperial Order Daughters of the Empire for overseas study will be resumed this year, with the first scholarship students travelling to Great Britain in 1946, it was decided at the annual meeting of the Order's national chapter.

The awards were granted through the Order's First War Memorial Fund and were held in abeyance during war years. For 1946, the nine scholarships granted will each have a value of $1,300. The Memorial Fund was designed to give advantages of overseas study to sons or daughters of servicemen who served in the First Great War.

REMEMBER WHEN

Floyd Roberts, aviation engineer of Van Nuys, Calif., streaked around the 2½ mile Indianapolis Motor Speedway to win the 26th running of the annual 500-mile classic seven years ago today. Driving the entire distance without relief, Roberts turned in an average speed of 117.2 miles an hour, breaking the previous record of 113.58 set in 1937.
