NORTH TRYON SCHOOL.

The half-yearly examination, of the North Tryon School, took place on Thursday, the 24th inst., in the presence of a goodly number of ratepayers. The teacher, Miss Auclilla Stewart, examined the pupils in all the rudimentary branches of learning. The questions were all answered with great promptness and decision which shows that the pupils are taught in a very careful and painstaking way. The work of the sixth grade was more than satisfactory; in analysis and reading they exceeded the average. The black-board work in arithmetic and geometry was highly creditable—and reflects much credit on the teacher. Although the advanced grades made such a good showing, yet the smaller ones also showed by their quick answers that they had not been forgotten, by their energetic teacher. The neatness of the copy books and also the good writing called forth no small amount of praise. The maps shown were good specimens and prove that this most essential branch of learning is gaining a good foothold in our school. Many and varied beautiful "goodies" was dispensed to the children from a Xmas tree provided by the teachers. The school was artistically trimmed with spruce and flags thus showing the joyfulness of the young at Xmas time. Now after the hard mental labor of the day, two young ladies presented the teacher with a hand some gold mounted morocco leather watch case accompanied by the following address:—

DEAR TEACHER:—We your scholars wish to express to you our appreciation of your efforts to instruct us in the different branches of study in which we are engaged. We know that at times it must seem to you, as though we do not care very much, about acquiring that knowledge without which no one is fitted to take their proper place in the work the future may bring to us. So we thought the Xmas season, would be a proper time to let you know that we are grateful to you for your interest in our school work. We wish you to accept this little present, as a token of our gratitude to you and something to remember us by.

In conclusion we wish you a Merry Xmas and a Very Happy New Year.

Signed
WILLIE POOLBY,
BAYON IVEY,
RUBY DELANEY,
NELLIE FERGUSON.

Although the address and present took Miss Stewart completely by surprise, yet she touchingly replied in a few well chosen words, thanking her scholars not only for the very beautiful present, but also for their kindness, obedience and intelligence.

Before dismissing the school, for the Xmas holidays, Frank Lank gave a short address, in which he congratulated the teacher, in securing not only the high esteem of her pupils but also the love which only their youthful natures can give.

FRANCIS O. Schaefer, son of H. H. Schaefer of this city, and formerly of the Bank of Nova Scotia here, but now of the Merchants Bank of Canada, has been promoted from teller in the bank's branch. Mr. Schaefer had only been located at Berlin a few months and his many friends here will be glad to learn of his promotion.—Moncton Times. (Mr. Schaefer has many friends in this city where he attended college a few years ago.)

Mrs. Daniel Minchin whose death has been recorded in The Guardian was the oldest resident of New Perth. She was the daughter of the late Captain Ferguson who came to P. E. I. in 1817 with his wife and family and took up his residence for a time in the suburbs of Charlottetown which was then a mere village. His family consisted of one boy and two girls of whom Mrs. Minchin was the oldest. She remembered her father at that time advancing the Island Government a considerable sum of money and all made up of silver dollars and carried to headquarters by two men having the bag which contained the money suspended by a pole. Deceased was the mother of nine children, six sons and three daughters five of whom survive her, John and Margaret at the homestead, Daniel in Boston, Archibald in Brantford, O. He is the father of the veteran who was so fearfully wounded in the African War. Mrs. M. Neill is a resident of Charlottetown.

YOU WILL BE ALL SMILES AGAIN.

Forget Your Stomach and You'll Have a Santa Claus Face.

HOW TO DO IT.

If there is one thing more than all others that will give a man a forlorn and friendless appearance and make him morbid and "cranky" and disagreeable, that thing is dyspepsia. It makes one forget his friends and become morose and irritable. He is so wrapped up in his own misery that he is inconsiderate of every one else. Relieved of this terrible and depressing ailment, he again becomes a good fellow and a man among men.

Stuart's Dyspepsia Tablets are beyond question the most effective and popular remedy ever offered to the sufferers of this terrible disease. The thousands and thousands of cures they have brought about and the enormous increase of their sales fully attest the truth of this statement.

They are, above all, a natural remedy. They possess exactly the same properties that the gastric juices and other digestive fluids of the stomach possess and they actually do the digestive work of the stomach and enable that organ to rest and recuperate and become sound and well. They act in a mild, natural manner and cause no disturbance in the digestive organs. They prevent any fermentation of the food which causes sour stomach. In fact, under their influence the subject forgets that he has a stomach and his resulting cheerfulness presents a sharp contrast to his former dejection.

Millions of boxes of Stuart's Dyspepsia Tablets are sold annually and they are out in the dawn of their popularity. Every mail brings letters of thanksgiving from grateful ones who have been cured of this terrible disease. The following is one of hundreds received each week:

Rev. J. R. Hoag of Wyoming, Neb., writes: "For six years I have been troubled with dyspepsia. Last fall I became very much alarmed at some symptoms of heart trouble and came to believe there was a sympathetic relation between the two diseases, or rather that the stomach trouble was the cause of the heart disturbance. I hit upon Stuart's Dyspepsia Tablets for a remedy and invested a dollar and a half for three boxes which lasted me three months and I can eat any kind of food I want and have a good, vigorous appetite. Although I am 77 years old, I now feel perfectly well and without being requested by anyone I make this statement as a compliment to the virtues of Stuart's Dyspepsia Tablets.
