YESTERDAY the sad intelligence reached Souris of the drowning of two young men at East Point Monday night named Beaton and Arbing. It appears that on Monday evening they went in a dory to visit some friends further along the waterside, and were returning home about 10 o'clock at night when they encountered a heavy squall which upset their boat and both were lost. Their bodies were found yesterday. Beaton is a son of James J. Beaton, and Arbing is a son of D. Arbing, truckman of this city. Much sympathy is felt for both families, and the community will miss the young men greatly, as they were hard working energetic and well liked by all who knew them. Mr. D. Arbing left the city yesterday afternoon en route to Souris. It is thought that interment will be made in Souris.

A REPRESENTATIVE of THE GUARDIAN called upon Mr. W. S. Stewart in his office yesterday afternoon, for information respecting his recent visit to the Western States. His business there was of a private nature and he had nothing to say about it. He, however, did offer a few words about his trip and business prospects in the west. He travelled by the C. P. R. and the Soo Line to St. Paul and reports great activity at Sault St. Marie where the great American and Canadian Steel plant is being established. He found St. Paul to be an active, enterprising and cleanly kept city, being the centre of the two great railways, the Northern Pacific and Great Northern. Mr. Stewart returned by way of Chicago and Toronto, and reports magnificent crop prospects all along the route he travelled. The whole country at this season of the year looks its best and there is nothing so delightful to the traveller as the magnificent landscape which an extended trip to the west affords arrayed as it is at this season of the year in its rich and charming coat of green.

Great Victory.
BARNABY RIVER, N. B. Mar.—Few cases of illness and recovery have excited the interest in this community, as has the kidney trouble of Mr. Cornelius Crotte. Mr. Crotte's treatment by the doctors at home and in the hospital, and the fact that they absolutely gave him up as a case beyond all hope, is well known. His subsequent restoration by the use of Dodd's Kidney Pills reads like a miracle. "For five years I have suffered off and on with kidney trouble. Last fall I had an attack, for which the doctors had little hope of my recovery. I was obliged to go to the hospital for treatment, but it did me no good, so I came home given up by the doctors. A friend suggested Dodd's Kidney Pills. From the first box I improved. Now I am at my work every day."
