## Trayax Captures Feature Race Of Grand Circuit

## All Stars To Clash With Bees Tonight

The All-Stars and Bees clash this evening in a regular scheduled Industrial League game at the Park diamond. The game should produce some real smart baseball as both teams will be out for a win. A victory for the All-Stars would put them in second position with the Cubs while on the other hand a win for the Bees would put them on even terms with the All-Stars.

## MIDGET SOFTBALL

Tonight at 8 o'clock the Giants and Cubs will clash in a midget softball fixture at the Victoria Park diamond.

(A.P. By Guardian's Special Wire) CLEVELAND, July 5.—Trayax, black flyer owned by F. D. Fulton of Chicago and cleverly driven by little Charley Mabrey, swept to straight-heat victory in the \$1,000 ending race that featured the opening card of Grand Circuit's second week of racing at North Randall track today.

Trayax, a son of the former Grand Circuit star, Truax, carried too much speed for Dillon Hall who finished second in each of the three miles, clocked in 2:04 3-4; 2:05 2-5 and 2:05 1-2.

Over a track made slow by Sunday's downpour Trayax showed his qualities in the final heat when he recited the last half in 1:00 and the final quarter in 29 seconds.

Follow Up, property of Joseph Carr, Freehold, N. J., won the \$1,000 Richman Brothers three year old trot.

## Rovers Bat Way Into Second Place

Ev McNeill's Rovers last night raced into a second place tie in the standing of the City Softball League by virtue of an 11-5 victory over the Esquires. Timely hitting in the pinches in the early innings sent the winners away to a 9-1 lead as early as the fourth frame with the losers never seriously threatening their big lead.

Art Molins on the mound for the winners was nicked for thirteen safe blows during the encounter but in the pinches the slim hurler was superb, leaving eight Esquire players stranded on the bases throughout the contest.

Rovers pushed four runners across the plate in the first inning; with the sacks loaded in the third Aubin Blacquire poled out a screaming triple to clear the path and then scored himself a moment later on a passed ball to having pushed a runner home in the first of the third. Ray Stull coming in to pitch saw Rovers get their ninth run in the fourth on a double and triple but from then until the eighth Stull held them scoreless. Cairns coming through in the eighth with a two-run homer for the final Rover counters.

After their tally in the third the losers had to be content with single tallies in the fifth and seventh but in the ninth they counted a brace of runs. "Jiggs" McDonald slaming out the second homer of the game to score McElean ahead of him.

## Bernd Rosemeyer Triumphs In Auto Speed Classic

(By Paul Mickelson) (Associated Press Sports Writer) WESTBURY, N. Y., July 5.—The Swastika of Germany floated high over the heads of 70,000 spectators today as Bernd Rosemeyer, the blond bombshell from Germany, sped his silver-nosed Auto Union Racer to an exciting triumph in the rich George Vanderbilt cup race.

The 27 year old Teuton streaked over the 300 mile distance in 3:38 an average of 82.964 miles per hour, to win by scant 31.7 seconds over Richard Seaman of England, who had a great chance to win until he was forced into the pits for more fuel with only one lap to go.

Reg. Mays of Glendale, Calif., finished third, traversing the distance in 3:44.38. Like the rest of the American pilots, he was unable to match his car against the foreign cars which streaked down the straightways at speeds from 145 to 159 miles an hour.

In fourth place came another German in another Auto Union car, Ernst Delliuss, while Giuseppe Farina of Italy finished fifth. The race was run without a single accident or neck or limb although only 16 of the starting field of 30 were able to finish. Motor trouble and broken mechanism put the others out.

Wild Bill Cummings of Indianapolis suffered burns on his left leg and ankle, caused by hot oil dripping from his motor, but he finished the race and won ninth place.

Tazio Nuvolari of Italy, winner last year with an average of only 63.998 miles per hour, was eliminated after 16 laps with motor trouble, but returned as a relief driver for Farina and greatly shared in his fifth-place victory.

## Like GRADS - they need no "A.F."

Grads have their own flavour—Nature gave it to them, we take no credit for it. But we DO take credit for the selection of the fine Virginia they are made of—tobaccos that do not need their flavour "built up" artificially. Your taste, your throat, your nerves will endorse their natural tobacco flavour.
