Hawks Defeated Abegweits 2-0

Torrid Battle Witnessed By Large Crowd - Foster Unbeatable In Moncton Cage.

Once again that old dame "Lady Luck" deserted the Abegweits. In their clash with Moncton Hawks last night, they came out on the losing end of a 2 to nil score, after battling like Trojans during every minute of the three stanzas. It was a heart-breaking defeat for a team which tried so hard, but failed to beat the great little Jimmie Foster, Moncton goalie, who at times was forced to vacate his citadel on Abegweits rebounds to smother the disc with his prostrate body. The blonde goalie was unbeatable last night, and that is all that's to it. He stopped his usual remarkable game in a manner that brought groans and at the same time earned plenty respect from the home fans.

Bubar, Abegweits goalie, is still hand in hand with that unseen spectre which hovers about his goal line like something obsessed. The initial count of the evening coming at the eighteen minute mark in the first period was registered off the blade of "Duke" McDonald, Hawk centre, who breezed down his lane unmolested, took a flyer just outside the defence and about fifty feet from Bubar, who was caught flat-footed and unprepared for the sudden drive. In fact "Daddy" was the last person in the Forum to see the heel drift into the mesh; and among the most surprised was the same "Duke" McDonald. He had no more idea of counting on that play than the writer did. His job at that time was to shoot—and shoot he did, much to the discomfort of the home fans and the consternation of the Red Shirts net minder. It was a tough break for the Abegweits, who by now should be very much accustomed to such happenings.

The second tally, banged past Bubar by Webster on a pass out from Connolly was another hard pill for Bubar to swallow. He was alone, very much alone when the above mentioned Webster had him at his mercy and not a "Chinaman's Chance" to save. This score occurred when the teams were each a man short. Oliver, who was skating very fast last night, broke with the front line wings on a determining advance. They lost the disc inside the Hawk blue line. Connolly, Moncton elongated centre ace, seeing his opportunity, broke fast with the three Abegweits trailing. He moved in fast on Gross, who worked him to the corner, Webster, who got away almost at the same time as his teammate, rushed from his wing to centre ice and over the Abegweits scoring zone to take Connolly's pass and the rest is history. It was a great piece of work on the part of the Moncton duo and well deserving of the tally.

At this point it would be a good idea to suggest that the defence stick together at all times; two defencemen are better than one, especially in the above mentioned instance. Of course, it's very easy to criticize, because there are times when a rear guardman gets a break and is literally forced to carry through centre ice, as in the case of Tom Oliver, but on the whole the less puck carrying by defencemen the better. Their job of stopping wave after wave of attacks is arduous enough without using up their reserve energy which is very badly needed in times of stress. These boys behind the blue lines take a lot of punishment and at the same time skate miles in their zone during a game, and this should certainly suffice without trying to penetrate the opponents' stronghold.

On the night's play Abegweits had the edge, carrying the play to their opponents in wide open hockey, while the Hub town team resorted to a semi-defensive style and only breaking when the opportunities looked rosy. The forwards were watchful and canny. Their attacks over the blue line were of the solo variety with two men always bringing up the rear. They skated fast, however, and back-checked with a vengeance.

The Cook, Jemmett, Nicholson line used for the first time this season, looked good.

The "kid line" of Beaton, Hudson and McArthur were brilliant as usual. They were a little off in the first period, but teamed up as a unit in the remaining chukkers.

Red Cook, who played his first game of the season, worked like a Trojan all evening; in fact he was so intent on the business at hand that his overzealousness cost him five minutes in the "cooler" along

with Sam McManus, Moncton wing, whom "Red" states hit him on the head with his stick. Cook, who is not in the habit of letting things like this go by the board, immediately closed with the Irish Sammy—and there you have it.

DRAWING FOR PRIZES

The drawing for prizes in connection with the coach hockey fund was held between the first and second periods of the game. Miss Marjorie Roper of this city drew the lucky number from the ticket box held by ex-Mayor Mr. T. W. L. Prowse. Colonel D. A. MacKinnon also officiated in the drawing. Mr. E. F. Acorn announced the following winners:
1.—Mr. Jack Fraser, City, \$50.00.
2.—Mr. Bill Lea, Summerside, \$25.00.
3.—Miss Elaine Bennett, City, \$15.00.
4.—Mr. L. S. Johnson, Peters Road, \$10.00.

The Kenlock Korporation Vs Red Indians

The public are respectfully requested to keep away from the Forum tonight (Saturday) from 10 to 11 o'clock when the above teams clash for the first time in history. The boys are in perfect shape and heavy fireworks are expected which might endanger the lives and limbs of any fans or fannies who may be in attendance. Marquis of Queensbury rules will govern. No holds barred. The prospective line-ups are as follows:—

Kenlock Korporation: Goal, R. Worthing; Defence, H. Spillet, F. Moore, C. McKenzie; Forwards, L. McLeod, J. B. Johnson, R. R. Bell, D. L. Matheson. Manager, not named.

Red Indians: Goal, D. Grant; Defence, J. T. Davies, H. Richardson, C. Ives; Forwards, W. Duffy, G. McDonald, H. Barrett, M. Pickard. Manager, R. E. Sellar.

Some serious omission were made in the above, but no blame attaches to anyone as the "article" was written in haste by the authors. The omissions are corrected as follows—Red India's lineup should have Bill Collings and Dave Stewart included and also folks listen to this—Hal Gross is going to be the referee—a guarantee in itself of a genuine rough and tumble bag-up sample of Canada's national pastime. Stewart received a wire late last night giving him permission to play in this one exhibition game and Collings after a lot of correspondence, and wire pulling managed to get his release from the Abegweits. Get there early if you want a seat. Remember the time—10 P. M.

CARNERA AND SCHAAF SIGN

NEW YORK, Jan. 13.—(A.P.)—Madison Square Garden announced today that Ernie Schaff, knockout conqueror of Stanley Poreda, and Primo Carnera, Italian giant, signed contracts today for a 15-round match here Feb. 10, the winner to meet Jack Sharkey in a championship bout in June.

BOTH PARTIES

(Continued from Page 1)

President William T. Cosgrave, counted their own strength at 64 seats, seven more than last year. They estimated the Centrists and Independents would place 20 members on their side of the Dail giving them a total of 84 members—a majority of eight.

Meanwhile it became increasingly clear the Centrists will aim to hold a whip hand over the next government by taking from the Laborites the balance of power they held in the last Dail.

J. F. O'Hanlon, Centrist candidate at Shercock, County Cavan, said today: If the farmers return 10 to 12 men who will hold the balance of power in the next Dail, it doesn't matter a row of pins whether Cosgrave or De Valera is in office."

(The Centrists, however, have an agreement with the Nationalists which will prevent candidates from either group running against those from the other).

P. G. McGovern, another Centrist, said he would like to see his party form a bridge between the Republicans and the Nationalists which would promote a National Government.

Views of individual clergymen appeared in the contest today, one in favor of the Nationalist and the other of the Republican cause. Mr. Seagrave of Drogheda wrote to J. Murphy, Nationalist candidate in County Louth, saying:

"For the same reason I supported you in the last election I do so again. The name republic dazes many but there is a great difference between the name and reality. We would have a real public if we had the honesty and common sense to admit it—that is government by the people: we are independent; we make our own laws and none can interfere with us.

"Elsewhere," he continued, "governments are springing up which are called republics, but in them is neither freedom nor justice. They are robbers and impious tyrannies, waging war on God and man."

On the other hand the Very Rev. Macbratnain of Ahascragh Ballinasloe wrote to the press in support of Mr. De Valera.

"Allow me to state," he said, "that in my opinion the economic policy of the Fianna Fail (Republican Party) is neither Socialist nor Communist, on the contrary, it is in accord with the encyclical "Rerum Novarum" of Pope Leo XIII.

"As a matter of fact the general policy of the Fianna Fail Government, in making the poor and distressed their first consideration is the surest remedy against Communism and Socialism.

"In all sincerity I believe the only hope for the future of our country lies in a return of the Fianna Fail Government to power with the largest majority it is possible to secure under proportional representation."

CURLING

A number of games were played last night, and Bill Townsend skipped his team through to victory. Now that the ice is in such good shape, all members should take advantage of it.

Saturday afternoon at 3 o'clock, games will be drawn up for East and West, and all members are asked to be on hand.

Bandits Make \$2,000 Haul

(Canadian Press)

VANCOUVER, Jan. 13.—City and provincial police combined tonight in a search for two armed bandits who escaped with \$2,000 in a hold-up of the Bank of Montreal, Alma Road branch, after a gunfight in which two bank employees were wounded.

The raid took place in the forenoon. With a flourish of revolvers the two gunmen herded the staff to the rear of the building. While one of the duo remained on guard the other scooped up all available cash in the teller's cage.

As they passed to the front of the building to make their getaway, E. Coombe opened fire with his automatic. The fire was returned by the bandits and Coombe received a wound in the chest. Harrison, another employee, received a minor flesh wound. The robbers escaped in a waiting automobile.

sioners, with members of the latter body travelling through the country securing contact with applicants for pension and reporting thereon to a stationary quorum in Ottawa. Others proposed the establishment of a body intermediate between the present tribunal and the Pensions Appeal Court, whose function would be to review the tribunal proceedings and determine whether right of appeal should or should not be granted.

Still another suggestion was that a "unit of discovery" be established as a sort of court of first instance. This unit, after having exhausted all available evidence in connection with a pension application, would determine whether a claim was or was not meritorious and would so inform the claimant.

The composition of the various pensioning bodies was discussed, praised and criticized according to the character of the testimony. Sug-

APPEAL COURT—The case of Ritchie vs. Rayner came before Mr. Justice Arsenault and Mr. Justice Saunders in the Appeal Court yesterday. Mr. W. E. Bentley asked for an appeal on the former decision handed down.

CAR STOLEN—A Plymouth sedan which had been parked outside the Forum last evening during the hockey game was stolen, and as yet has not been located. The city police are searching for the missing car.

TRIBUNAL COMPLETES WORK—Twenty-one cases were considered by the Pensions Tribunal during the last four days. The Tribunal leaves this morning for Halifax, and, after completing work in that city, will leave for St. John, N. B.

Badminton League For Summerside

Much interest has been taken this year in Badminton by a number of Summerside citizens of both sexes. Four good clubs are now going strong in the town. The League has been formed taking in all four clubs.

At a recent meeting the officers were appointed and are as follows: President, Dr. Archie McMurdo; Vice President, Allison Moore; Secretary, Treasurer, Dr. Hillard Clark; the executive consists of two delegates from each club to represent the clubs at each meeting.

On Thursday a meeting was held by the members of the League and the captains for each team appointed. The schedule of games were drawn up. The captains are: Dr. Clark for Trinity Club; Allison Moore, St. Mary's Club; A. E. Harris for Presbyterian Club and Geo. Lockhart for High School Club.

The first game is on Monday evening between Trinity and St. Mary's Clubs with a picked team. This game will be played in Epworth Hall. On Thursday evening the High School and the Presbyterians will play against one another in the Presbyterian Hall—S

THE CANADIAN

(Continued from Page 1)

Mr. McLean instanced how Canadian exports and imports were handicapped under present differences in currency. Sellers of Scandinavian lumber could accept in payment the English pound at its face value, but Canadian sellers must accept the pound at a discount ranging between 20 and 30 percent. Similarly, Canadians importing goods from Australia for instance, were obliged to pay a substantial premium.

Under present circumstances, said Mr. McLean, "it does not seem to be reasonable for Canada to be following a financial policy, which, to a great extent leaves our commodity resources undeveloped; that is, a policy under which the fish remains in the sea, the lumber in the forest and the produce of the land is either unmarketable or is sold at prices that are, in a great many cases, below the cost of production."

gestions for improving these groups were many.

The joint committee is now requested to sift all these proposals and extract from them something that will re-establish the whole pensions machinery in the confidence of the ex-service men.

Iverson Released Paddy Gorman Of Ottawa Succeeds As New Coach Of Tail Enders Of American Section N.H.L.

CHICAGO, Jan. 13.—(C.P.)—With his Chicago Black Hawks riding the National League Hockey Toggan at a merry, mad clip, Major Fred McLaughlin today changed pilots and relegated himself to the cheering section.

Emil Iverson, coach of the slipping team, was released out-right and Thomas Patrick Gorman, of Ottawa, installed as managing director of the club with broad powers to map out and promote a recovery campaign. Gorman, a well known figure in the hockey world, also was named a member of the Board of Directors.

"And as for me," Major McLaughlin said with a big grin, "I'm sending myself to the cheering section. I'm convinced I'm just an amateur in hockey. It's been a case of the blind leading the blind as far as my influence on the team, and I'm convinced that he'll give Chicago a real club and bring nothing but sad news for our rivals. We're on the bottom of the American Division of the National Hockey League today but I know we'll be back up there fighting soon."

Gorman's appointment was effective immediately although the next Blackhawk game will not be played until Sunday night when they meet the New York Rangers at the Chicago Stadium. With their defeat last night by the Montreal Canadiens, the Blackhaws fell to a new low for the season with a record of eight victories, nine defeats, and six ties for a cellar point in the American Division of 27 points.

The new leader of the Blackhaws has been in hockey most of his life. He led the Ottawa Senators to four World's Championships in the Stanley Cup Finals from 1916 to 1923 in addition to losing the title in the 1922 and '24 finals. In 1925, he joined the New York Americans and led them with various success until 1929. Since then he has been connected with the Agua Caliente, Mexico, Jockey Club in an executive position. Gorman was entrusted to Agua Caliente today when he called Major McLaughlin for a friendly chat. Before the chat was over, he had a new job.

Gorman today refused to discuss any changes on the club but intimated he might make some drastic ones after he has had some opportunity to size up the team, which has been one of the big disappointments of the National Hockey League season.

DOWN THE BACK STRETCH

From far away New Zealand, that grand little country located in the South Seas, comes the interesting news that the world's two mile record pacing has been broken by Harold Logan, who carries the blood of the first two minute performer, the great Star Pointer. He won the New Zealand trotting cup, the richest stake of the meeting at Christ Church recently in 4:16 2-5, his time displacing the record made by Dan Patch in 1903 when he stepped the two miles against time at Macon, Georgia, in 4:17.

Harold Logan is called the "wonder horse" and although he is slated as having won a trotting classic he is a hopped pacer. Apparently "down under," they classify trotters and pacers as trotters. Those who think that speed is confined to American and Canadian tracks should be undecieved by the above wonderful performance.

It will be remembered that about a year ago the sport world was startled by the news that the wonder horse of Australia, Pharlap, was being shipped to the United States to compete for the \$50,000 running classic at Tia Juana. It is history how he competed there and won the race so easily and a few weeks later was poisoned from eating some grass which was growing near where he was stabled at a California race track. Had he lived there is no question but that he would have shattered all existing American marks for thoroughbreds as in his only start in America he won with ease in very fast time.

TOURIST ASSN. PREPARES FOR CAMPAIGN

The Tourist Association has a stirring and aggressive programme for this summer. If the plans of the Executive are concurred in by the general public and those most interested. This was evident from the enthusiasm displayed at a meeting last evening when plans were formulated for the forthcoming financial drive.

Initial meetings and get-together of the teams will be held at the Canadian National Hotel and Queen Hotel on consecutive evenings.

Details are well under way and indications point to the entire elimination of any atmosphere of drift or depression; on the contrary the belief is held that a programme of aggression and a determination to seek a share of the tourist business will prove a splendid factor in the general up trend so earnestly desired.
