Service That Leaves Nothing Undone

When necessity requires our services, it is a comforting thought to know that you can turn over all details of the funeral arrangements to us, and they will be performed efficiently, and in the same spirit of sympathy and understanding that thoughtful friends would give.

We have facilities to meet every possible requirement, and strive to perform our sensitive tasks in that tactful and obtrusive manner than inspires confidence.

How to Make Pine Cough Syrup at Home

This is equal for prompt results. Takes but a moment to prepare and saves you about 2¢.

You know that pine is used in nearly all prescriptions and remedies for coughs. The reason is that pine contains several peculiar elements that have a remarkable effect in soothing the inflamed membranes of the throat and chest.

Pine cough syrups are combinations of pine and syrup. The "syrup" part is usually plain sugar syrup.

To make the best pine cough remedy that money can buy, put 2 1/2 ounces of Pine in a 16-oz. bottle, and fill up with home-made sugar syrup. Or you can use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, you make 16 ounces—more than you can buy ready-made for \$2.50. It is pure, good and pleasant—children like it.

Put this in a wide-mouthed glass bottle and cork it. The cough may be dry, hoarse and tight, or may be persisitent from the formation of phlegm. The cause is the same. The inflamed membranes—and this Pine and Syrup combination will stop it—usually loosen up in 24 hours. It is a did, too, for bronchial asthma, hoarseness, or any ordinary throat ailment.

First is a highly concentrated compound of genuine Norway pine extract, and is famous the world over for its prompt effect upon coughs. Beware of substitutes. Ask your druggist for 2 1/2 ounces of Pine, with directions, and don't accept anything else. Guaranteed to give
