—POST NUPTIAL SHOWER— On Friday September 21st, the people of Treveller's Rest and surrounding districts gathered in Traveller's Rest Hall to tender a shower to Mr. and Mrs. Alfred Rayner (nee Velma Smith) who were married in Summerside on Sept 11th. The hall was charmingly decorated in pink and white for the occasion. The groom being unable to attend the bride was escorted to her seat of honor by Mrs George Carr while Mrs. Fred MacDonald played the Bridal Chorus. The heavily laden baskets were carried in and the presents were opened by Miss Florence MacInnis and Evelyn Wood. The numerous verses were read by Miss Roberta Champion and Mary MacDonald while Mrs. Alex MacDonald presented them to the bride. The presents were neatly arranged on the table by Miss Lilly Waite and consisted of linen, furniture, silverware and several envelopes of money. Also a beautiful chest of silver from the bride's parents, Mr and Mrs. Otto Smith. Mrs Rayner on behalf of her husband and herself thanked the donors for their lovely gifts and invited them all to visit them when Mr Rayner returns from the services. "All joined in singing "For They Are Jolly Good Fellows". A dainty lunch was served and the evening was spent in dancing. The music was supplied by Messrs Samuel MacAusland George Baglole Leo Farrell and Mrs. Fred McDonald.—S

— ARRESTED ON BREAKING CHARGE — A young man was arrested in Summerside yesterday and will appear in police court this morning in connection with a break into a pool room operated by Mr. George Bishop on Water Street. The break occurred in the early hours of Monday morning. Fifty-seven packages of cigarettes and approximately $100 in cash were reported to have been taken. A wrist watch is also missing.—S.

—WELCOMED HOME — Recently the friends and neighbors gathered at the home of Mr. and Mrs. Claude Delaney, Albany, P.E.I., to honor their son, Gnr. Stanley Delaney, and Gnr. Elmer Buchanan, son of Mr. and Mrs. Wm. Buchanan, who had returned home after spending five years overseas in England, France, Germany and Holland. It was also an extra occasion for, Cpl. Wm. A. MacLennan who had just returned that day was welcomed to the community. M. Harry Arnett presided, a short address was given by Rev. J. M. Baxter, after which suitable addresses were read by Mr. C. L. Flemming and Mr. W. F. MacCormac and rings bearing artillery crests were presented by Ida Delaney, Ronald Cameron, Douglas Perry. Mr. Keith Campbell gave two very lovely solos with guitar accompaniment. The remainder of the evening was spent in music and social chat. Prior to this event a similar reception was held at the home of Mr. and Mrs. Thos. S. Noonan to honor their three sons, LAC. Harold Noonan, Stoker Harry Noonan, LAC. Ham Noonan, and Pte. Aylier Bernard, son of Mr. and Mrs. Beni. Bernard. Addresses were read by Mrs. Stirling MacKay and rings presented by Bessie Delaney, Myrtle Dugay, Everett Noonan. It was a great pleasure and privilege for the friends to meet and welcome to the community Mrs. Harold Noonan and little daughter formerly of England. Music was furnished by Mrs. E. V. MacLeod, Mrs. Adrian Murray and Mr. Ernest Clarke on the guitar.

CAPITOL

SUMMERSIDE

—CAMEO — KENSINGTON — Tuesday - Wednesday, 8:00. It's "Hot Rhythm", starring Dona Drake, Robert Lowery and radio's top comedians. It's full of laugh's! See it. 10-9-2i

—POLICE COURT — In the Summerside Police Court yesterday morning four drunks forfeited their bail and another was fined $3 and costs. A party charged with damaging property had his case ad.

—LEGION ENTERTAINS — On Thursday evening the juvenile entertainers who contributed in a great measure to the success of the Canadian Legion carnival were entertained at Leo Coyles Olympia restaurant as the guests of the president of the Legion and members of the executive. In all about sixteen performers sat down to one of Leo's justly famous chicken suppers after which they were addressed by Mr. M.P. Titus, past-president of the Legion who congratulated them on the excellence of their performances during the Carnival. Mr. Titus acted as chairman during the evening. Lt. Colonel Dr. J.A. MacPhee, president of the Legion assured them that the success of the Carnival was something which they too might well be proud for they had contributed in a very tangible way in putting the show over each night. The chairman welcomed to the gathering Father Butler, who has just returned from overseas and called upon him to say a few words. After assuring the children of his pleasure at being once more in their midst, he reminded them how lucky they were to be able to sit down to this excellent meal. Many children in Europe had not had such an opportunity for a long time and it will be some years before they will be able to again. He said that no matter how much one travels it is always good to be home again for home after all was the best place on earth. Mr. Gaudet, manager of the Provincial Bank of Canada and a member of the Legion executive added his congratulations and thanks to the performers. He said he felt that over and above their talent for dancing, they should set aside a certain time to cultivate their musical talent, and in this way they would have a more varied repertoir to offer their audience. His advice was heartily seconded by Mr. Coyle, the manager of the restaurant, who advised them against too much repetition and suggested that they strive to improve and enlarge their dance routines. Under the direction of their young director, Miss Eleanor Peters, the children gave a performance which was very much appreciated by their hosts. The pleasant evening closed with God Save the King.—S

Personals

—The Misses Mildred and Audrey Boyd of Truro, N.S., were week-end visitors to Summerside, the guests of Mr. and Mrs. R.L. Willett.

—Mr. and Mrs. Abel Arsenault of Summerside and Mr. and Mrs. Roy Ahern of Dalhousie, N.B. left yesterday by automobile on a vacation trip to Montreal.—S.

—Mr. Willard Hogg, student at P.W.C. and his cousin Donnie Callbeck, Charlottetown, spent Thanksgiving Day with Mr. and Mrs. W. L. Hogg, Central Bedeque.

— Mr. and Mrs. Lloyd Webster, Bedeque, have arrived home from Montreal where Mr. Webster has been receiving treatment for a very serious accident which happened to him while operating a hay fork at his own barn. His many interested friends will be glad to hear of his steady improvement, although he will be confined to P. C. Hospital, Summerside, for further treatment. All hope for a complete recovery.

Text of Remarks By Mr. MacNaught In Commons Debate

Following is the text of the remarks by Mr. J.W. MacNaught, (Prince) in the Draft Address debate in the House of Commons on Oct. 1, as reported in Hansard:

Mr. MacNaught: "I wish to express one or two sentiments on the resolution introduced so ably by the hon. member for Battle River (Mr. Fair). I believe it was the hon. member for Nanaimo (Mr. Pearless) who said he represented an island in the Pacific. Well, I come from an island in the east, Prince Edward Island, and I think it might interest the house for me to tell of some of the experiences of veterans who took up land under the Soldier Settlement Act after the last war. I well recall many instances where these men were put on lands valued at three or four times their price. It was impossible for them to make good and they naturally failed.

"I do not wish hon. members to misunderstand me. I agree heartily with most of the sentiments expressed this afternoon and evening, but I think the resolution as at present worded is most inadequate. In the first place, a measure of relief such as this should be uniform in its benefits, and the thing that strikes me about this resolution is the great disparity of benefits that will accrue from it. There will be no case where the equity in the land will be the same and therefore each individual will derive a different benefit under the resolution.

"In the second place, some of the previous speakers have referred to the annovances that may be expressed by those veterans who have already got title. Well, what about the poor lad who held on for quite a long while and then gave up? For that reason I submit that the resolution is totally inadequate because the benefits are not equal and fair."

83 Candidates Nominated In Nova Scotia

HALIFAX, Oct. 9 — (CP) — Their names officially before the electorate in nomination day proceedings, 83 candidates took to the hustings tonight to work for votes in the Oct. 23 provincial elections.

Fighting for the 30 seats at stake in 20 constituencies were full slates of candidates for the Liberal and Progressive Conservative parties, 20 representatives of the C.C.F., two Labor Progressives and one Independant C.C.F.

Party standing at dissolution was: Liberals, 21; Progressive Conservatives, four; C.C.F., three; vacant, two.

Two candidates quietly entered the ring in Halifax seats with no advance publicity. They were Alexander Munro, running as a Labor-Progressive, and Andrew Mathews, described as an Independent C.C.F.

Mr. Mathews created a four-cornered fight in Halifax South running against Premier Macdonald, A.J. Haliburton (PC) and R. L. Rooney (CCF). Munro entered the contest in Halifax North against Industries Minister Harold Connolly, Thomas Burgess (CCF) and B.J. Vaughan (PC).

Before nomination day, CCF headquarters announced 21 candidates would be running under their banner and said Atholl MacDonald has been chosen by a convention to run in Inverness. Only two candidates, A.H. MacKinnon (L) and A. A MacInnis (PC), filed their names with the returning officer today, however, and the C.C.F. headquarters made no immediate comment on why MacDonald's papers were not submitted

Loan Headquarters Located In Former Carter Book Store

Provincial Headquarters for the 9th Victory Loan has been established in the former store of Carter & Co., now owned by F.W. Woolworth Company. This represents the third move for headquarters necessitated by conditions.

For five previous loans, headquarters was located in the old Telephone Building, but sale of that structure this year for government agencies forced Victory Loan officials to seek other quarters. Three other loans have operated with the directing force of the organization using the former Board of Trade rooms in the Market Building.

The present location offers an ideal arrangement for the local direction of Canada's greatest Victory Loan, the 9th. The convenience of space and comfort given in these spacious quarters will mean easier working conditions for the entire force of workers. As was the case with former headquarters, use of the new rooms has been donated to the cause of Victory Bonds by the owners who recently acquired the structure. Arrangements were made with headquarters of F.W. Woolworth Company and aided by local manager L.J. Stacey.

HOUSE OR APARTMENT WANTED—immediately, in good residential district. Phone or write Dr. R.D. MacNeill, Cape Traverse. 10, 10, 11, 15-2i

ACHE? PAT ON SLOAN'S LINIMENT

GEN. MARSHALL—

(Continued from Page 1)

ous, mentioning particularly "the black days of 1942" when the Germans and Japanese seemed invincible.

"In good conscience," he continued, "this nation can take little credit for its part in staving off disaster in those critical days.

"It is certain that the refusal of the British and Russian peoples to accept what appeared to be inevitable defeat was the greatest factor in the salvage of our civilization.

"Of almost equal importance was the failure of the enemy to make the most of the situation.

Enemy Close to Victory

"In those hours Germany and Japan came so close to complete domination of the world that we do not yet realize how thin the thread of Allied survival had been stretched....

"There can be no doubt that the greed and mistakes of the war-making nations as well as the heroic stand of the British and Soviet peoples saved the United States a war on her own soil.

"The crisis had come and passed at Stalingrad and El Alamein before this nation was able to gather sufficient resources to participate in the fight in a determining manner."

The General's whole report is an effort to show that the idealistic motives which prompted the United States to disarm after every war has ended in costly disaster for the country—even though it ultimately triumphed when war was thrust upon it.

The voluminous report is a detailed and fascinating story of the war during the years the United States was a participant. There is a brief reference to the important part played by Canadian forces under Gen. Crerar in the fighting around Caen and later in the Dutch island of the Schelde and around Antwerp.

Future Possibilities

"Because it is so important that the people of the United States realize the possibilities of the future," Gen. Marshall said, he asked Gen. H. H. Arnold, army air forces chief, to estimate the capabilities of modern weapons. Here are some of the hitherto highly secret developments Gen. Arnold reported:

"We can direct rockets to targets by electronic devices and new instruments which guide them accurately to sources of heat, light and magnetism. Drawn by their own fuses such rockets will streak unerringly to the heart of big factories, attracted by the heat of the furnaces. They are so sensitive that in the space of a large room they aim themselves toward a man who enters in reaction to the heat of his body."

Within the next few years there will be produced pet-propelled bombers with speeds of 500 to 600 miles an hour, flying to targets 1,500 miles distant at altitudes above 40,000 feet. Development of even greater bombers, to operate in the stratosphere at supersonic speeds and carrying bomb loads of more than 100,000 pounds already is certain.

"These aircraft will have a sufficient range to attack any spot on the earth and return to a friendly base," Gen. Arnold reported.

"At this very moment we are making a single bomb weighing 45,000 pounds to keep pace with the bomber, already under construction, which will carry such a load. Air ordnance engineers have blueprinted a bomb weighing 100,000 pounds."

Improvement of jetfighters "may well produce within the next five years an aircraft capable of the speed of sound and of reaching targets 2,000 miles away at altitudes above 50,000 feet."

The Atomic Age

Discovery of the secret of atomic power, said Gen. Marshall, "can be man's greatest benefit" or "it can destroy him." Then the General added:

"It is against the latter terrible possibility that this nation must prepare or perish.

"Atomic power will affect the peaceful life of every individual on earth. And it will at the same time affect every instrument and technique of destruction."

How close was the race with Germany for this secret was indicated in a discussion by Gen. Marshall of the reasons for the Allied invasion of the European continent. One reason was to shorten the war by facilitating the advance of Russian forces from the east, said the General. The other he described this way:

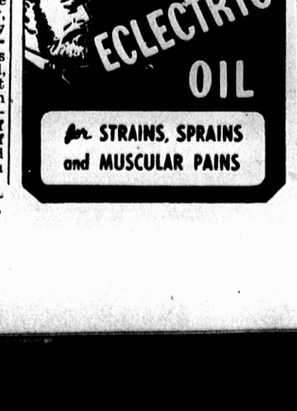
"At the same time German technological advances such as in the development of atomic explosives made it imperative that we attack before these terrible weapons could be turned against us."

Plans To Invade Japan

Gen. Marshall's report presented details of the plans for invading Japan, made unnecessary by the capitulation. They were two-fold, one designated by the operational code name "Olympic," the other "Coronet." They would have worked as follows:

Olympic—A three-pronged assault on southern Kyushu in the fall of this year (Gen. Marshall said in recent testimony before Congress that the target date was Nov. 1). The invading force would have been the United States 6th Army, consisting of the 1st and 11th Army Corps and the 5th Marine Amphibious Corps. The three groups would have landed at Kiyasaki, Ariake Wan and on beaches west of Kagoshima, all on the south and southeastern corners of Kyushu. A diversionary feint off Shikoku, at the southern end of the main island of Honshu, would have been carried out by the 10th Corps.

Coronet—Scheduled for the early spring of 1946 and carried out by the 8th and 10th Armies, made up of nine infantry, two armored and three marine divisions. The immediate target was the Tokyo plain of eastern Honshu. They were to have been followed ashore by the 1st Army, made up of 10 infantry divisions. The plan was to destroy the Japanese army of Honshu, occupy the Tokyo-Yokohama area, then fan out for a cleanup of the remaining enemy islands.



S'side To Halt Infractions Of Building By-Law

Council Informed Range Station At Airport May Be Completed For Civilian Use.

Discussion on the non-observance of the building regulations, ending with a resolution that prosecution proceedings be entered against those who have moved buildings without a permit, and the reading of a letter from the Hon. C.D. Howe, Minister of Reconstruction and Supply that the range station at Summerside Airport may be completed for civilian use, featured the regular meeting of the Summerside Town Council held last evening. Mayor J.F. Arnett presided and all councillors were present except councillor W.E. Smallman.

Discussion on the building regulations commenced when councillor T.D. Morrison said he wondered if they were being obeyed. He noted two houses being built without foundations.

Mayor Arnett said that if houses did not have proper foundations, the Town would not install water and sewerage facilities in them. In this matter he thought the rules should be adhered to and all people treated alike.

Councillor Gorrill referred to buildings being moved into Town without permits.

Councillor Morrison said that if people were just going ahead in violation of the by-laws, something should be done quickly or the situation would go from bad to worse.

The Town Clerk, Mr. J.H. Strong, said that previous to this by-law being put into effect, there were no regulations at all and he found that many people did not understand the by-law. However, he felt that there were no serious violations. There has been tremendous building activity in the Town lately and the Town Office is swamped with applications for permits. One house was moved into town in the middle of the night on a truck with the family aboard. New regulations always cause a certain amount of resentment, the Clerk said.

Councillor Mollison expressed his opinion that the regulations should be enforced.

Councillor Morrison spoke strongly in favor of prosecuting violators.

After more discussion on the matter, Councillor Wedge moved, seconded by Councillor Gorrill, that all parties who have moved buildings without a permit be prosecuted. The motion passed unanimously.

The letter from Hon. C.D. Howe read as follows: "Dear Sirs: I have your telegram of the 31st August relative to the cancellation of construction of the range station at Summerside. The station was being constructed for purposes of the R.C.A.F. but with the cessation of hostilities it is not required for such purposes. However consideration is being given to the question of the station for civilian use. A decision in this regard will be made in due course. C.D. Howe."

A petition was read from twenty-three residents of Wilmot Valley asking for the extention of power and light lines to their district.

Councillor Mollison said he was assured every farmer in the district would take advantage of the service and he thought the Town should consider the matter as soon as possible.

Councillor Morrison, chairman of the electric light committee said it would have to be left till spring as other work was being undertaken but he suggested the council consider it next spring.

A letter was read from the Canadian Oil Co. Ltd., asking extention of 60 days on their option on land opposite the East End railway crassing on Water Street.

Mayor Arnett explained that a representative of the company had been in conversation with him and explained that they were awaiting prices on the construction of a sea wall. He had been assured that if the company went ahead, they would put up a filling station that would be a credit to the town.

Councillor Gorrill moved a motion that the street committee be authorized to purchase a snow plow attachment for a truck. It was seconded by Councillor McNeil. Councillor Gorrill explained that it was the intention to run the plow during storms and in that way endeavor to keep the street's clear.

Councillor Wedge read a laboratory report of a milk test which showed the milk of nine of the milk vendors to have a bacterial count higher than permitted. Councillor Wedge said that this was most unusual and he felt that there must be something wrong with the test. It was decided to have another test.

Councillor Wedge also reported that one new man had been added to the police force.

Other resolutions passed were as follows:

Moved by Councillor Morrison and seconded by councillor McNeil that the electric light line on the Railway Wharf be purchased from Palmer and Williams Ltd. for $326.00

Moved by Councillor Morrison and seconded by Councillor McNeil that a toilet, wash basin and septic tank be installed in the addition to the electric light plant at a cost not to exceed $200.

Moved by Councillor McNeil, seconded by Councillor Morrison, that a hydrant be installed on East Street.—S.

U. S. To Give Britain 5 Billion In Credit

WASHINGTON, Oct. 9 — (Reuters) — An authoritative American source disclosed tonight that pending final decisions on commercial policy a tentative agreement has been reached in the current Anglo-American trade and financial negotiations for a $5,000,000,000 credit to Britain.

Under this plan Britain would only use the credit as she needed it and would also be given a "period of grace" of some five years before repayment would be required.

City Receipts Top Expenditures

The following financial statement was read to the Mayor and City Council last night by Coun. B. Earle MacDonald, chairman of the Finance Committee:

"Our report for the nine months show a good credit balance but let us not be too enthusiastic with our spending unless it is very necessary.

"When we undertake any new work most of the expenditure is placed in capital account and although this does not show on our annual maintenance account the interest on all capital money spent has to be paid from annual receipts.

"Receipts, nine months $280,945.94
"Expenditures, 9 months $234,411.42.
"Capital account to date (3 years) $35,090.71."

Optometrists Meet At Amherst

AMHERST, N.S., Oct. 9 — (CP) —Optometrists from the Maritimes today concluded a two day conference with 50 members of the profession present.

Dr. Jerome Heather of the American Academy of Optometry was guest speaker, while John Mulrooney, of Halifax, national director for the Maritimes was chairman.

The conferences were organized by C.S. Bell of Moncton, N.B. aided by Leo Moss, of Amherst.

Brief addresses were given by W.J. Short, president of the N.S. Association, Gordon Hutchinson, of Fredericton, and E. Boyaner, president of the N.B. Society.

Card Of Thanks

Mrs. Frank Day and family, wish to extend their sincere thanks for many kindnesses and messages of sympathy received in their recent sad bereavement. 10-10-1i.

In Memoriam

In loving memiry of our dear brother and uncle, Pte. William E. Stone, who was Killed in Action in Holland, October 10, 1944.

We often think we see his smiling face,
As he bade his last good-bye
And he left his home forever,
In a distant land to die.
Somewhere in Holland in a soldier's grave
Lies our dear brother and uncle,
Among the brave.
He never shunned his country's call
But gladly gave his life, his all.
He died the helpless to defend
A faithful soldier's noble end.

Lovingly Remembered by His Brother Harold, Wife and Family. 10-10-1i.

In Memoriam

In loving memory of my husband Private William Ernest Stone, who was Killed in Action October 10, 1944.

No one knows how much I miss him
No one knows the bitter pain
I have suffered since I lost him
Life has never been the same.

Though his smile is gone forever
And his hand I cannot touch
I shall always cherish memories
Of the one I loved so much.

Friends may think I have forgotten
When they sometimes see me smile
But thy little know the heartache
That the smile hides all the while.

He will never be forgotten
Never will his memory fade
Loving thoughts will always linger
Around the grave where he is laid.

Lovingly Remembered by His Wife 10-10-1i.

In Memoriam

In loving memory of Pte. William E. Stone, who was Killed in Action in Holland, October 10, 1944.

His kindly way and pleasant face
Are a pleasure to recall
He had a cheery word for each
And died beloved by all.

Some day we hope to meet him
Some day we know not when
To clasp his hand in the bettel land
Never to part again.

Ever Remembered by His Sister and Brother-in-Law Bessie and John 10-10-1i.

In Memoriam

In loving memory of our dear brother and uncle, Pte. William E. Stone, who gave his life for King and Country, October 10, 1944.

Today is a day of remembrance
With many sad regrets
A day I shall always remember
When the rest of the world forgets
I think of you in silence
And often repeat your name
What would I give to hear your voice,
And see your face again.

Lovingly Remembered by Brother Arthur, and Family. 10-10-1i.

In Memoriam

In loving memory of our dear brother and uncle, Pte. William E. Stone, who gave his life for King and Country, October 10, 1944.

There is someone who missed you sadly,
And finds the time long since you went,
There is someone who thinks of you daily
And tries to be brave and content.
But our hearts just ache with sadness,
Our eyes shed many a tear,
God alone knows how we miss you
At the dawn of another year.

Lovingly Remembered by Sister Ruth, Husband and Family. 10-10-1i.
