75% of disease avoided through internal cleanliness

WHEN you are constipated, poisons are formed in the accumulated food waste, and reach all parts of the body. The first results, headaches, biliousness, a feeling of "heaviness", etc., serve as warnings of graver diseases to follow if this intestinal poisoning continues unchecked.

This is why intestinal specialists state that constipation is the primary cause of three-quarters of all illness, including the gravest diseases of life.

Physicians Advise Lubrication for Internal Cleanliness

Medical science has found at last in *lubrication* a means of overcoming constipation. The gentle lubricant, Nujol, penetrates and softens the hard food waste, and thus hastens its passage through and out of the body. Thus, Nujol brings internal cleanliness.

Nujol is not a medicine or laxative and cannot gripe. Like pure water, it is harmless. Take Nujol regularly and adopt this habit of internal cleanliness. For sale by all druggists.

Commonwealth Line Working At Loss

MELBOURNE, Australia, Feb. 24 —Prime Minister Stanley Bruce has issued for publication the balance sheet of the Commonwealth Line of steamers for the seven months ending March 31, 1924, showing a loss of £245,000 in addition to losses of £1,172,000 for the years 1921 to 1922 and £1,626,000 for 1923 to 1924. The Board of Directors report the opinion that the Line cannot run without further losses, while ships are on the Australian register. The Government therefore is immediately inviting tenders for the purchase of the Line as a going concern on the condition that it be retained in the Australian trade.

OTTAWA, Feb. 21—The Government has under consideration the establishment of an old age pension legislation. Premier King said yesterday.

The Best Cough Syrup is Home-made.

Here's an easy way to save $2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? When you do, you will understand why thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will quickly earn it a permanent place in your home.

Into a 16-oz. bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the bottle. Or, if desired, use clarified molasses, honey, or corn syrup instead of sugar syrup. Either way, it tastes good, never spoils, and gives you 16 ounces of better cough remedy than you could buy ready-made for $2.50.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment, ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Toronto, Ont.
