

Can People Get Along Without Good Coal

Oh yes! So can a wagon get along without grease; but in both cases it goes hard.

WOMAN'S BEST MEDICINE

Mrs. Kelly Advises all Women to Take "Fruit-a-Tives"

HAGERSVILLE, ONT., Aug. 26th, 1913. "I can highly recommend, "Fruit-a-Tives" because they did me an awful lot of good and I cannot speak too highly about them. About four years ago, I commenced taking "Fruit-a-Tives" for a general break-down and they did me a world of good. We bought a good many dollar's worth, but it was money well spent because they did all that you claim for them. Their action is so pleasant, compared with other laxatives, that I found only pleasure, as well as health, in taking them. They seemed to me to be particularly suited to women, on account of their mild and gentle action, and I trust that some other women may start taking "Fruit-a-Tives" after reading my letter, and if they do, I am satisfied the results will be the same as in my own case."

Mrs. W. N. KELLY

"Fruit-a-Tives" are sold by all dealers at 50c. a box, 6 for \$2.50, trial size, 25c, or sent postpaid on receipt of price by Fruit-a-Tives Limited, Ottawa.

SONS OF TEMPERANCE.—Charlottetown has been selected as the venue of the annual convention next year, of the National Division of the Sons of Temperance. This was decided at this year's convention which has just been held at Newport, R. I. The Rev. H. R. Staver, of Harcourt, N. B., was elected most worthy Patriarch, the highest office in the gift of the Order. He is the youngest man that has ever filled that position.

AN ISLAND POET IN THE WEST

Mr. Clement G. Flood, formerly of Kelly's Cross, this Province, was appointed official Poet by the Literary Society of the Moose Jaw Normal School of which he was a member. The duty of the Poet was to provide a new poem for each weekly meeting of the Society. Following is Mr. Flood's first effort in the performance of his somewhat difficult duty.

We assemble here each morning, In the Alexandra School, To take a course in training, And strive to learn each rule Regarding schools and discipline, School laws and civics too, With reading, writing, literature, This course we never shall rue.

It makes us think of childhood days When we from care are free, And played as merry boys and girls, As blitheome as could be, Our teachers too we see again And playmates good and true The old school house, the healthful games Recalled by all of you.

For some, those scenes are far away And we must realize We are no longer children now, And under other skies, We hope to fit ourselves to be A help to rising youth, To bring them up in righteousness, In knowledge and in truth.

As yet we are as strangers But we meet each morn as friends, A kindly wish—a pleasant word Each to the other lends, And when we're separated With each there shall remain The pleasant recollection That we'd like to meet again.

We'll not forget our teachers Nor their efforts for our weal, They have our welfare so at heart Respect for them we feel, We thank them for the valued help They give to us each day And by attention to our work The efforts should repay.

These simple thoughts I give to you Unlettered though they be But still I think I'm not to blame You've forced this part on me Next time I may do better— With this I'll draw the line And try and give you something else Upon some future time.

Three Essentials of Happiness

A clear conscience—and you'll sleep well
A good digestion—and you'll live well
A good SODA WATER—and you'll feel well.

Particular people find that it pays to have a regular drinking place—a place where sanitary conditions prevail—where only the purest materials are used in serving soda water—and where the service is ideal.

People go out of their way to drink at our fountain, because they know that we meet all of the above requirements.

Drink when you're tired—it's refreshing.
Drink when you're thirsty—its satisfying.
But—you don't need any special excuse for drinking at our fountain. The deliciousness of our beverage will satisfy you.

HOUSEHOLD HINTS.
Lemon cream sherbet is made with one and one-half cupsful of sugar and three-fourths cupful of lemon juice. Mix two cupfuls of milk and two cupfuls of this cream. Add milk mixture very slowly to fruit mixture; then add a few grains of salt. Freeze, using three parts finely crushed ice to one part rock salt.
A very good way to clean your velvet suit is to brush it thoroughly, then hang it on a coat hanger and suspend it from the bathroom ceiling, taking care that it is free from all objects. Turn the hot water on in the bath tub and close the room tight for about a half hour. This process will raise the nap as efficiently as a professional cleaner could do it.
The mother of a large family of little folks adopted the following plan to prevent the possibility of their taking a poisonous medicine by mistake: She purchased a number of tiny bells sold in toy shops, and when a bottle containing poisonous mixture was added to the medicine closet, a bell was threaded to a narrow ribbon and tied to the neck of the bottle.
There is a whole-wheat raisin bread that takes as good as cake and, is much better for the children. It is made in the following way: Use three cupfuls of milk, one cupful of water, one-half teaspoonful of salt, one and one-half cupfuls of raisins, one yeast cake and whole-wheat flour. Scald the milk, add the salt and when lukewarm the dissolved yeast cake, stir in flour enough to make a soft dough beat well and stand in a warm place until very light and spongy. Then add the raisins, flour and seeded, and enough more flour to make a rather stiff dough. Knead and mould into loaves, put into greased pans and let stand again until light. Brush the tops of the loaves with milk; bake in a moderate oven forty minutes.
