The annual reports were read, after which the following officers were elected for the ensuing year:—President, Mrs Angus Green; Vice-President, Mrs Gavin Harding; Secretary-Treasurer, Miss Grace Campbell; Directors, Mrs Thomas Wigmore, Miss Mayme MacKay and Miss Laura MacLeod; Auditors, Mrs James A. Campbell and Miss Mary Murray. The ladies of this Institute will hold an ice cream social in Graham's Road Hall on Wednesday evening, June 23rd. Proceeds in aid of Red Cross work.

::FOR SUMMER HOMES Drinking water rendered immune from typhoid by Montserrat. Most epidemics of typhoid are traceable to impure water. City people going to the country for the summer months or even for week ends, very often bring back Typhoid germs owing to vegetable decomposition in lake, river and well water. The Bacteriologists at McGill University have proven that a small quantity of Montserrat Lime Juice will destroy Typhoid germs in water, in twenty minutes.. Typhoid can be prevented at home or at the country cottage by using Montserrat Lime Juice. It makes the water absolutely immune, besides providing a wholesome, cooling and thirst assuaging beverage. Keep a pitcher of this healthy beverage in the ice box. MONTSERRAT LIME JUICE is for sale at all druggists and grocers.

—SCHOOL INSPECTED.—On Friday, 18th inst., the Abram's Village School was visited by Mr. R. H. Campbell, Superintendent of Education, accompanied by Inspector Gallant. Among the visitors present were the retiring trustee, the three trustees, Mr. S. E. Gallant, Mr. Harry Darby and Mr. Leon J. Arsenault. The principal's room was examined by the Superintendent, as was also some of the work in the other two departments. Mr. Gallant carried on the examination in other departments, principally in French. On the whole, the result of the examination apparently left a very favorable impression on the examiners, as well as on those present. At the close the pupils were given exercises in physical drill and performed their part very creditably even to the smallest of the primary department. As the Superintendent wanted to catch the 4 o'clock train going to Summerside, he was compelled to take a hurried leave with a hasty handshake and congratulations on the efficiency of the school. The pupils were then all assembled in the principal's room, where they were addressed by Messrs. Harry Darby, S. E. Gallant and Joseph L. Gallant, trustee. Mr. Darby was very explicit to his young hearers and forcibly explained how education made the man, leader in any new movement or progress in a community. Mr. S. E. Gallant gave the pupils good examples of the great perfection arrived at when the intelligence and talents of a pupil are developped rightly. He cited examples of men having acmieved a success only by work and perseverance. Mr. Joseph L. Gallant deplored the fact that pupils abandoned school too soon. They should continue their schooling as long as they possibly can. He called their attention to the advantage of education, as evidenced by the two examiners who had that day visited the school. They were men of a high education, who held very responsible positions and drew good salaries. He exhorted the children to follow in their footsteps and win fame. The other speakers also expressed their good wishes in connection with their school. The singing of the National Anthem dismissed the pupils for the day.—M.

TIGNISH

—HOME NEARING COMPLETION —The beautiful home of Mr. Bruno Peters, St. Louis, will be completed in about two months and when finished will be one of the finest dwellings in that part of the country.—Z

—NEW BUTTER MAN.—Mr. Benjamin Gallant has charge of the St. Louis butter plant this summer, and everyone furnishing cream is delighted with the way he handles the business and already quite an improvement over last year's work is in evidence.—Z.

—BUILDING SOLD—Messrs. Wiser and Ahearn on Tuesday sold to Mr. John A. Hackett, of Tignish, the meat market building situated on Phillip St. Mr. Hackett has not yet fully decided what he will do with the building but with his well known business acumen it is a foregone conclusion that the building will not be long idle.—Z.

—INSPECTING SCHOOLS.— Mr. Marin Gallant, Inspector of the French schools of West Prince, was in Tignish on Tuesday and in an interview with him showed his appreciation of the great spirit shown this year by all school rate-payers in voting large supplements for the hiring of teachers capable of teaching French and English alike.—Z.

—NEARING END.—Mrs. Joseph Casey and Mrs. Frank Doucette, of DeBlois, are at the point of death, the former from a complication of diseases and the latter from a serious attack of lung trouble. Much sympathy is felt for the little children and husband of Mrs. Doucette and likewise for Mrs. Casey's husband.—Z.

—FARMERS ANXIOUS.—The majority of farmers throughout Townships Numbers One, Two and Three will feel the disastrous result of the constant rain which has fallen steadily for the last two weeks. Many are unable to till their lands by the flooded condition, while those who were at first fortunate to sow their grain are now hampered by the rain which floods the fields causing great hardships to those owning high land as well as the low soil.—Z.

—BANKER RETURNS.—Mr. and Mrs. T. J. Scott returned to Tignish from their honeymoon on Monday evening after having travelled extensively for the last three weeks. Mr. Scott is Manager for the Royal Bank of Canada at Tignish, and since his coming here has made a host of friends. That his beautiful as well as gifted young wife will find a warm welcome in her new adopted home is a foregone conclusion.—Z.

—PLEASANT EVENING.—Quite a large gathering of young folk met at the home of Mr. and Mrs. Fred Ouellette at St. Louis Monday, and besides partaking of several dishes in which mackerel formed the chief species, a delightful evening was spent in recitations, music and songs. At the close of the evening's musicale Dr. McNally in eloquent terms thanked the host and hostess for their hospitality, and by the applause given the whole gathering voiced the doctor's sentiment.—Z.
