INCREASE IN TOURIST TRAVEL TO MARITIMES ANTICIPATED 1933

Hotel men in the Maritime Provinces are expecting an increased tourist business for the season 1933 judging from the number of requests for accommodation already received, according to the Tourist and Convention Bureau of the Canadian National Railways. All three provinces, Nova Scotia, New Brunswick and Prince Edward Island, are well equipped to handle the tourist trade and offer accommodation ranging from the more elaborate hotels to private farm homes. In Nova Scotia the Canadian National operates the Nova Scotian Hotel at Halifax, one of the outstanding hotels of the east, and Pictou Lodge at Pictou, a seaside summer resort on the south shore of the Strait of Northumberland, patterned after Jasper Park Lodge in the heart of the Canadian Rockies. At Charlottetown, Prince Edward Island, is the Canadian National Hotel, another outstanding hostelry of Maritime Canada.

CARE OF DANCE SHOES

Every girl that dances knows to her bitter sorrow that pretty evening shoes have a short life. A clumsy partner or two, or even the continued friction of dancing... and long before soles wear out, the colored uppers are shabby. However, if taken in time, these shoes can be renovated at home. If the shoes are of colored brocade, get a stick or two of sealing wax to tone in as far as possible with the main coloring, or if the foundation color is gold or silver get gold or silver sealing wax. Have a darning needle ready to heat but stick this in a cork, so that you can hold it without burning the fingers. Heat a smothering iron too, but do not have this too hot. Melt sufficient of the wax to cover the worn places, run it over, smooth over gently with the iron, then heat the darning needle and pick out the pattern of the brocade. When kid evening shoes get worn, a still better plan is to dissolve a little sealing wax in methylated spirit and with a small brush apply this to the worn portions.

Farewell Gathering

A very enjoyable evening was spent at the home of Mr. and Mrs. Reg. Thomas, Albany, on April 29, when the friends and neighbors gathered to bid Mr. and Mrs. Thomas, who will leave the community shortly, a sad farewell. There were about one hundred guests present and the evening was spent pleasantly in games, music, etc. A step-dance by Jerome MacKenna was greatly enjoyed by the guests. A purse was presented by Mr. Percy Allen while the following address was read by Mr. Artie MacKay.

Mr. and Mrs. Thomas:—We have learned with deep regret of your intended departure from among us, and feel that we would be remiss in our duties if we did not in some way express the regret that we shall so deeply feel to have you leave our community.

Five years ago Reg you brought Jessie, a winsome, blushing, young bride among us, and in the years that have passed since then, we have learned to admire, and deeply respect that splendid, little person who had so completely captivated your heart.

We have found you, Mr. and Mrs. Thomas, kind and willing to respond to any worthy call, ready to lend a helping hand, or say a cheery word.

In our little smoker gatherings at the village we shall miss Reg's sparkling eyes and fearless manner. We shall also miss the double toot-toot, and drives as well of the old "Durant".

You will both be missed in the church, our homes, and all other social gatherings. We realize, however, our loss will be some other community's gain. That you may meet with success, health, and happiness in your new home is the wish of all here tonight.

Little Shirley and Arthur will also be missed, and in vain shall we look in the window or yard for their smiling little faces or a wave of their little hand.

In closing we offer you merely as a very slight token of our esteem, and appreciation, this small purse, which due to had roads and short time at our disposal we were unable to exchange for something more lasting to remember us by.

You are not going very far away, so we can look forward to having you spend many visits among us, where you will always be sure of a hearty welcome from your old friends in Albany.

May God guide and take care of you all in the years to come. Signed on behalf of your friends and neighbors.

Mr. Thomas, on behalf of his wife, thanked his friends in a few well chosen words and assured them that they would always remember and look forward to seeing their friends in Albany. After a lunch was served by the ladies, the crowd dispersed to their homes, feeling that they had enjoyed a real good time.

IN MEMORIAM

ANTHONY J. DOUGAN

The death occurred on Saturday last, after a brief illness, of Anthony J. Dougan, a most highly respected and life long resident of this city, where he was born 79 years ago.

He was a son of the late William T. Dougan, and his wife, Catherine Kennedy, both of this city, and after concluding his school and business course accepted the position of book-keeper with the late J. Hughes, coal merchant, Water Street. After some years he entered the painting and decorating business at which he was an adept. For some years before his retirement he successfully held the position of manager of the Charlottetown Bowling Alleys.

In all those lines of business he came in contact with a great many people and by his genial and pleasant manner made hosts of friends. Being well read, a pleasant conversationalist and with a retentive memory, he was always a favourite at any gathering.

About seven years ago he retired from active business, living quietly at the home of his daughter, Mrs. Ernest McCarey, and Mr. McCarey, and still keeping in touch with all the questions of the day.

His wife predeceased him a number of years ago.

He leaves to cherish the memory of a kind and loving father, the following: Mrs. Wm. E. Corliss, Buffalo, N. Y.; Mrs. Ernest McCarey, Misses Emma, Irene and Margaret at home; to all of whom the Guardian tenders sincere sympathy.

Two other daughters, Mrs. (Dr.) H. J. Gallagher, Providence, R.I., and Mrs. Geo. Bauer, of Buffalo, N. Y., predeceased their father some years ago.

The funeral, which was largely attended, was held yesterday morning from the residence of his son-in-law Mr. Ernest McCarey, 21 Grafton Street, to St. Dunstan's Basilica, where Requiem High Mass was celebrated by Rev. Louis Dougan, service at the grave being conducted by Rev. E. O'Hanley.

In the sanctuary were seated His Excellency Bishop O'Sullivan, and Rev. C. Pitre, Kelly's Cross. The Honorary pall bearers were: Dr. R. J. Ledwell, Messrs. Geo. M. Moore, C. Frank McDonald, W. N. Tanton, John McKenna and John McAleer.

Active pall bearers were: Dr. Blanchard, Messrs. F. J. Casey, M. G. McNeely, S. F. Doyle, Geo. Binns and A. Murphy.

The mourners were: Messrs. E. McCarey, E. McCarey Jr., Thos. Dougan, Dr. Chas. Dougan, Joseph Dougan, Richard Dougan, Wm. Dougan, Fred McCarey, J. A. McDonald, Wm. Morgan, W. E. Beer, Alex. Coody and Wilfred McGuigan.

WEST INDIES POPULAR AS HOLIDAY TRIP

Vagabond cruises from Canada to the West Indies operated by the Canadian National Steamships by means of passenger carrying freighters are continuing in popularity. The cruises take in the islands of Puerto Rico, United States territory, the French Islands of Martinique and Guadeloupe, Trinidad and other islands of the British West Indies and British Guiana and as a result many Canadians are becoming familiar with the picturesque country of the Caribbean. The islands of the British West Indies are also served by the luxurious "Lady" liners of the Canadian National Steamships. Bookings have been heavy on all Canadian National ships plying the West Indies route.

Monthly Meeting Of The Catholic Women's League

The regular monthly meeting of the C. W. L. was held in the K. of C. Hall last evening with the newly elected President, Miss Florence Dorsay, in the chair.

Minutes of the last meeting were read and adopted, and the treasurer's report showed a substantial balance.

The Social Service Committee reported that 17 articles were repaired and 8 playettes completed during the month.

Report from the recent cake sale showed that a satisfactory amount had been realized, and plans were made for the holding of another in two weeks' time.

It was decided to send the President, Miss Dorsay, as delegate to the National Convention to be held at Quebec in June. Mrs. Frank Murray was elected as alternate.

The usual prizes were voted to St. Dunstan's University and the City Schools.

It was decided not to hold any regular meeting in June or July. The meeting then adjourned.

GERMAN

(Continued from Page 1)

tee on armies voted not to consider Chancellor Hitler's storm troopers, at present auxiliary policemen, as a military organization, insisted that no country is more deeply interested in real disarmament than Germany.

"This interest," he asserted, "is due in the first place to past experience and to the profound conviction that the best guarantee of peace is based on the effective reduction of large armaments."

"In the next few years Germany will be engaged in the difficult work of an all-around internal reconstruction. She wants to heal the financial and economic wounds of war, the damage done by inflation, and the extravagant spending during the post-war years."

Would Pay Her Debts

"She wants loyally to repay her large private debts therefore she wishes to spend for military purposes only the minimum necessary to safeguard her national security."

Count Nadolny, speaking in perfect French, remarked that Germany is not repulsed at the idea of making uniform the Continental European army system, which action, he said, would be tantamount to abolishing the German Reichswehr "imposed on Germany in 1919 against our will."

This could not be done, he added, in a day, for it would be impossible for Germany to pass instantly from one system to another. "It may be a desirable end to be reached at a later stage," the German said, adding that it should not be raised as a categorical demand.

Criticizes British Plan

The British Draft Convention presented by Prime Minister Ramsay MacDonald on March 16 which provided an army of 200,000 for Germany—thereby doubling the maximum set by the Treaty of Versailles—and which suggested a domestic army of 200,000 for France and an overseas force of 200,000, was characterized by Count Nadolny as "containing no real and practical disarmament proposal and no provision for the destruction of aggressive arms."

Saying he would insist that no military value be given Nazi brown-shirts because they are not a military organization, Count Nadolny said he thought it only fair that some 100,000 French troops in Northern Africa should be counted as the French home army because of their availability.

GRASS FIRE—The firemen were called out about 2 o'clock yesterday afternoon to extinguish a grass fire at Park Terrace. No difficulty was experienced.

LOBSTER SEASON—Due to high winds, no catches of lobsters have been made as yet, it is reported. The season opened on Monday. Herring bait is plentiful, and the north side of the Province is reported free from ice.

FEAST OF ST. JOSEPH—The feast of St. Joseph will be observed today at St. Joseph's Convent. Mass will be celebrated at the Convent this morning at 7 o'clock by His Excellency Bishop O'Sullivan, and members of St. Joseph's Sodality will receive Holy Communion in a body. In the evening at 7:30 a sermon will be delivered by Rev. Father McQuaid of St. Dunstan's University. Pontifical Benediction of the Most Blessed Sacrament will follow.

ICE CONDITIONS—Conditions in the Strait are improving daily, as prevailing winds have scattered much of the ice. There is still a small quantity in the harbor and in the Hillsboro Bay. On Monday there were large fields of ice off West Point and on the New Brunswick shore, but it is believed that the brisk wind yesterday broke up the floes. Most of the remaining ice is close to the shores. While navigation is possible for steamers it is considered inadvisable to place buoys while any ice remains.

63 ARE KILLED (Continued from Page 1)

The first report of Monday's tornadoes came from the Arkansas-Missouri line where the wind killed two persons at Salem and one at Camp, Ark. Rural property damage on the border was heavy and more than 12 persons were injured.

About 4 p. m. Monday, the tornado rode into Minden in a black, funnel-shaped cloud. It levelled the negro quarter of that important parish seat and killed at least 35. First reports said 60 were killed at Minden, but only 35 bodies had been recovered yesterday.

Minden bore the brunt of the disaster—the third major tornado in the Mississippi Valley this spring. Witnesses said buildings were tumbled about there like matches. Some dwellings literally burst. Fire broke out in the negro section. Darkness settled over the land. Word of the tornado was sent to Shreveport by men who picked their way over debris-strewn roads to nearby towns. The injured were taken to Shreveport in ambulances and trains. Many were treated in temporary hospitals at Minden.

National guardsmen maintained order. Medical assistance and food were rushed to Minden from Shreveport. The regular army, National guard, Red Cross workers and volunteers bent every effort to lessen suffering at the stricken town. Property damage in Louisiana and Arkansas was estimated at \$1,500,000.

Lowest In All Canada

PER CAPITA EXPENDITURES FROM LOCAL REVENUES

THE relative financial positions of the provinces of Canada, as displayed in the above chart, should be kept in mind when these questions are under discussion and consideration. As an example, within the past few days the results of a Dominion-wide survey by the Canadian Chamber of Commerce have been published, showing that in all provinces but Nova Scotia and Prince Edward Island current provincial expenditures are being reduced.

The answer is plain enough, because there is ample spread between the per capita expenditures of Nova Scotia and Prince Edward Island and those of the other Canadian provinces to provide for a considerable reduction in expenditures on the part of those provinces before they are brought down to the Nova Scotia and Prince Edward Island level.
