

How to Wash and Preserve Woolens

Woolen garments or articles cleaned with SURPRISE soap feel soft, fluffy, and well washed. Dry woolen articles in a moderate temperature—not in the sun—and do not allow them to freeze. Sun is injurious to wool; freezing causes shrinkage.

MISCOUCHE MAN VISITS WINNIPEG AND NEW YORK.—Mr. Urban Gillis, prominent fox rancher and seed potato grower returned on Saturday evening from New York on business. Mr. Gillis transacted business in both places and "made the grade" home in ten days. Urban was one of the strong "arms" of the champion Crystal hockey team for many years ago. He is justly considered one of our many successful Islanders "at home."—K.

Dullest Job in the World.

It is doubtful, according to a London paper, if there is any duller job on earth than that held by a red-headed, pathetic-looking individual who sits day after day in a small boat tied by a rope to Blackfriars Bridge, which crosses the Thames in the busiest part of London. Painters are at work on the bridge, and the man's job is to cast off his rope and catch them if and when they fall into the river.

Fourteen years ago a painter at work on the Tower Bridge did fall off the scaffolding and plunge into the river, to arise no more; and in consequence a demand arose that professional watchmen rovers whenever bridge-painting operations should be started anywhere within the metropolitan limits.

The local authorities yielded to the demand, and although for fourteen years no one else has ever fallen into the Thames from a municipal undertaking, the job goes on. The present occupants huddled in the stern seat, wrapped in an enormous overcoat, looking completely miserable. He probably is wondering if there will be another period of fourteen years to go without excitement. When it rains, as it does with unusual frequency in London, has naught to entertain him but the desolate rocking of the boat by the waves thrown up from passing barges.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Without the Blister—Easier, Quicker

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of the present white ointment. It takes the place of mustard plasters, and will not blister.

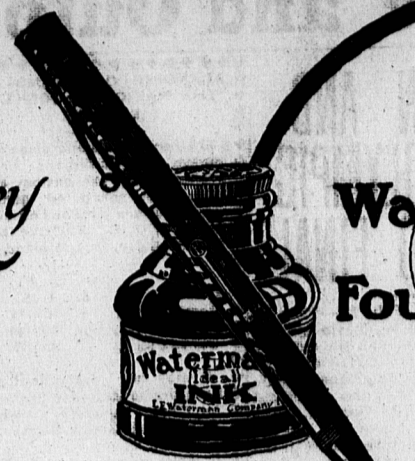

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it may prevent pneumonia), 40c and 75c, at all druggists.

MONTAGUE METHODIST.—The services for Sunday next will be 11 a.m. Lower Montague Union Church, 3 p.m. Sturgeon and 7 p.m. Montague.

EASTERN AGENT.—Mr. J. W. Murdoch is now Guardian Agent in Montague and will be pleased to receive news items, advertising, job printing, new and renewal subscriptions.

WELCOME VISITORS.—Mrs. Frederick Nash and little daughter of Berwick, N. S., were among the many last week's visitors to Montague and while here were the guests of Mr. and Mrs. D. L. McKinnon. Mrs. Nash was thoroughly at home in Montague, having been born and brought up in this neighborhood. The beautiful weather of the past few days also added greatly to the pleasure of the trip. Mrs. Nash reports similar weather conditions in Nova Scotia fine and mild, with very little snow. They left on return the latter part of the week.—J.

WEST ST. PETERS SOCIAL CLUB DEBATE.—The West St. Peters Social Club held their sixth Debate of the season on the night of Feb. 5th, the subject discussed was: "Resolved that the existing prohibitory laws are an injury rather than a benefit to the country." The discussion was opened by James A. McAdam and John A. McDonald, Pro. and Con. respectively, and each set forth a very impressive argument, stating their respective sides of the case in a manner worthy of any veteran of the platform. The discussion was then continued by the following speakers on the pro side, Mrs. J. K. Lacey, and Peter Grant, and on the con side J. B. McDonald, Allan Morrison, Joseph A. McDonald, Sidney Anderson, Miss Genevieve McCormac and James A. McDonald. The general results of the Act were discussed from many different angles all the speakers showing themselves capable of taking a wide view of the affair and bringing forth their arguments in an intelligent and impressive manner. The chair was capably occupied by Mr. Frank Anderson, who commended the speakers on their high order of debating, and after due consideration decided in favor of the Con. side. There was a large attendance present and great interest was shown in the discussion. Subject for Feb. 12th, Resolved that "man is a child of circumstance rather than architect of his own fortune."

PERSONALS

Mr. Frederick McIntyre, of Montague doesn't seem to improve in health as much as his many friends would wish. Mr. McIntyre, who has a strong robust following, seems to have completely collapsed, and is at present suffering from a number of complaints, which seem to hold the mastery over him. His recovery would be welcome news.—J.
