Pour good apple sauce into a flat serving dish. Sprinkle thickly with chopped almonds and cinnamon. Serve with cream.

A BEAUTY HINT. The latest fad in society in California is the tub cure. In this the patient arises just as the crisp air of the morning is mellowed by the first sunbeam. An ordinary washtub is then filled with hot water and soap suds, into which various articles of linen are thrown. After they are thoroughly saturated the patient takes them up one at a time and rubs them briskly up and down on a washboard placed in the tub. This is kept up until the hands, arms and face are glowing pink. The patient then goes into the open air and hangs all the linen articles on a line stretched for that purpose. The one completing the task first announces the time to the others over the telephone and is entitled to a prize. It is exciting sport and also invigorating exercise.

HOW LONG. Christina Rossetti.

Watch with me men and women, and children dear, You whom I love, for whom I hope and fear, Watch with me this last vigil of the year.

Some hug their business, some their pleasure scheme; Some seize the vacant hour to sleep or dream; Heart locked in heart, some kneel and watch apart, Watch with me, blessed spirits, who delight, All through the holy night to walk in white.

Or take your ease after the long drawn fight. I know not if they watch with me: I know, They count this eve of resurrection slow. And cry, "How long?" with urgent utterance strong.

—DAIRY MEETING.—At the annual meeting recently held of the Grand River Dairymen Association, the old Board of Directors was re-elected. The proceeds from a social held at the residence of Mr I. Travers last Tuesday night.—X.

—WEDDING BELLS.—On Tuesday last took place at St. James Church, Edmund Bay, the marriage of Mr. James Luke of St. Chrysostome to Mrs. Celina Leblanc of Abram's Village. Mr. Aubin Arsenault was groomsmen and Miss Gorgina Arsenault attended the bride. After the marriage ceremony the bridal party drove to the home of Mr. Lean J. Arsenault, Abram's Village, where a sumptuous breakfast was served. The relatives and friends in the vicinity assisted at the dinner which was given in grand style. In the afternoon they repaired to the home of Mr. Luke where they partook of the delicious supper prepared for the occasion. The many friends of Mr. and Mrs. Luke wish them many long years of matrimonial bliss.—M.

—HOCKEY MATCH.—One of the most exciting games of hockey ever witnessed in Alberton was played on Tuesday night, Jan. 26, between the Stars of O'Leary and the Regals of Alberton. An exceptionally large number witnessed the game, and every good word of play or score was greeted with thunderous applause. The game was called about 8.15 and, as the teams lined up, it was hard to judge from their appearance what the issue of the game would be. The on-lookers were not kept very long in suspense however, for the swift Alberton side soon began to rush things, and the visitors were forced to take the defensive during the greater part of the game. During the first few minutes the playing was restricted chiefly to the Stars' territory, and Dorsey, was kept rather busy for a while. After about fifteen minutes play the home team made the first and only score during the first half. During the second half the playing was much faster, as both teams appeared to be getting warmed up to it. Some very spectacular runs were made at the beginning of the second half which elicited much applause from the on-lookers. The Regals, after a few minutes play secured a goal, but were followed with short intervals, by numbers, three, four and five. The visitors tried again and again to find the net but to no avail. The game ended 5-0 in favor of the home team. Despite some roughness, which is very hard to eliminate the game was decidedly good from start to finish. Judging from subsequent comment the Stars of Alberton were Murphy and Arsenault, and though the members of the O'Leary Team are all "Stars" the only real constellation was I. Ellis. The rinkophones furnished excellent music which was greatly enjoyed by those who took advantage of the hours skate after the game. Special trains conveyed a large number of passengers from Tignish and O'Leary. The line-up was as follows:—Regals, Goal, A. Lewis, Point W. Arsenault; Cover Point, A. E. Murphy; Centre, J. Matthews; R. Wing, J. Coll; L. Wing, H. Graves; Cover, M. Perry. Stars, Goal E. A. Dorsey; Point, J. Burns; Cover Point, H. Howatt; R. Wing, I. Ellis; L. Wing, M. Dennis; Rover, Lidson. R. E. Fielding refereed the game to the satisfaction of all while F. White and C. Ellis acted as Judges of play.—A.

—ABRAM'S VILLAGE.—On Friday evening, the 22nd inst., Capt. J. Matherum Gallant of Abram's Village had occasion to drive to Capt. Edmund, he decided to extend his journey and give a call to Mr. Lean D. Arsenault of Maximville, having in his mind no doubt, the challenge issued out sometime ago by Mr. Arsenault who invited anyone for a friendly game of crokinole. Mr. Gallant never considered himself at a disadvantage as he had not his chosen partner, Mr. Arsenault then suggested that they play single handed as he did not wish to win anything but a fair game. This agreed, the two players sat down to play, best out of three, the two first games being won by Mr. Arsenault. Mr. Gallant then asked for a second heat and the result was the same as before. This will no doubt strengthen the confidence Mr. Arsenault had of himself as a player, but it may be presumed that he will have another tackle with Mr. Gallant soon. Mr. Gallant was cordially invited to come again and bring his partner. Mr. Antoine Leblanc who was employed with Mr. Lean D. Arsenault, Maximville for the past fortnight returned to his home in Abram's Village.—Mr. Batiste Barriault has hired to work at Mr. Andrew Peters for the winter.

—SCOTCHFORD.—Miss Mary A. McKenz, Scotchfort, spent the weekend visiting friends in Charlottetown. Misses Joseph Egan, John A. McDonald, Joseph Fisher and Mrs. Joseph Woer were passengers by the train from Scotchfort to Charlottetown Friday morning.—Miss Mary McNeill, Vernon River spent the weekend visiting friends in Tracadie.

—The annual ball of the Grand Tracadie Library Association was held on Monday night, Jan. 25th, the night being stormy the attendance was not as large as it otherwise would have been had the night been fine, the music was furnished by McInnis Bros., of Blooming Point in their usual up-to-date manner and a very pleasant night was spent by all who at the close of the ball felt fully repaid for braving the elements in having participated in this one of the annual and most enjoyable functions of the season. It no doubt must be a source of edification to all the patrons who are having their bills carried to them by the three Mail Carriers from Mt. Stewart, (namely Messrs Artemas Douglas, Arthur Coffin and Stewart McEachern) to have their mails distributed, so regularly, not one day having been missed this winter, so far, and when one considers that, on some of the neighboring routes the patrons were without mails from Saturday till the following Wednesday, the patrons of the Mt. Stewart route have reason to congratulate their mail carriers upon giving such an excellent service and who have proven themselves to be the right men in the right place. One thing that the patrons should strive to do is to make the carriers task as easy and pleasant as possible, for there is a hard lot particularly in the cold weather and stormy times in winter, one of the chief ways to help lessen their hardships, to a certain extent and one which the courier certainly appreciates is for each patron to have two little mail bags of their own, say about sixteen inches wide made up of strong cotton the cost being only a fraction, thus the courier will put each ones mail in the separ-

—PROGRESSIVE KENSINGTON—Prospects for building seem better than ever, which looks good for the Kensington Sash and Door Factory. Preparations are being made for seven new houses thus far, including some very large and up-to-date ones.—K.

—SEVERE WEATHER.—The severe frost of Friday and Saturday nights has caused much havoc with the water pipes around Summerside. The plumbers were quite busy yesterday repairing the damage done by the frost.—H.

—PREPARING FOR WORK.—The weather man has at last answered the wish of the "lumber Jack" of the vicinity and given them some snow for sleighing and they are certainly making use of it as the logs are piling up thick and fast at the mill in Kensington, which looks promising for the owner.—K.

—INSTITUTE WORK.—Success Institute met at the home of Miss Kate McLeod, Emerald, on the evening of Jan. 28th, 1915. There was a large attendance and eleven new members were enrolled. The subject of canning was well discussed by the members. A paper was read on canning of fruits and vegetables, which proved very beneficial. The members of the Institute purpose having a public entertainment to raise money for Red Cross work. Notice will appear later. Next meeting to be held at the home of Miss Belle Campbell, on Feb. 16th, 1915, at six o'clock p. m.

—DEBATING.—The subject for discussion at the last meeting of the Abram's Village debating club was Theory versus Practice. They could only be applied to Agriculture as it has been explained by the proposer. Good arguments were offered on both sides, but the dispute reached a climax when a member in favor of practice made the statement that apart from practising and experimenting on the farm, one could read books and news papers which at times could give him some information and thereby help him along. His opponents checked him however, by saying that the man who practises was not permitted to consult books or any papers to gain knowledge of farming, as the moment he learned anything by reading it was Theory. The President was then asked to explain the nature of the question, and he did so with great precision. The man of theory as he understood it, was to acquire knowledge by reading, presumably in College or other places of learning. The man of practice had to experiment on his farm and to gain knowledge thereby. The majority was in favor of practice.—M.

ate bags which will keep them snug and free from getting wet, and the patrons if they have any mail matter to send can put it in the second bag so the courier will take it in return for the one he leaves with the mail, and in this way he will always have one while the patron has the other. Already quite a number of people have supplied themselves with these bags and who finds them quite a boon over the old way, in fact they would not be without them and it is no doubt the wish of the mail courier that everyone will get them as it would assist in making their work much easier and in quicker time than before.—The central part of the Island was visited by the heaviest snowfall of the season on Friday last, about six inches falling on the level, just about enough to make good roads and to let the farmers get some hauling done as there could be no hauling of any consequence done before this owing to the scarcity of the snow.—S.

—JOTTINGS FROM NORBORO, LOT 25.—Not even Divine Providence is capable of pleasing all. The recent fall of snow so gladly welcomed by farmers and others having hauling to do is deeply deplored by many of Norboro's youthful knights of the Table Round and their "Lily Maids of Astolats" who were wont to spend their evenings indulging in the invigorating pastime of a enjoyable skate on some of the numerous natural rinks that the thaws and slight frosts have formed in plenty.—War continues to be the topic of discussion where'er the people congregate accompanied always with more or less argument (generally more).—Many complaints are heard regarding a vicious dog which is owned by a resident. This dog has contracted the habit so common amongst the canine tribe of following carriages for miles along the road to the very great annoyance of the travelling public. The only satisfaction vouchsafed by the owner to those who complain is that he is only a foolish pup and can do no harm.—Miss Gracie that he is only a pup but still when people persist in keeping such useless curs they should be compelled to keep them chained in their kennel.—Master Claris Harding the youthful horseman is "laying low" for the next horse trot on New London Ice.—Education in the district directed by the guiding hand and fertile brain of the popular and energetic teacher, Miss Hazel V. Woodside of Clinton, continues its onward march, Miss Woodside is plainly one of those Teachers so rarely met with, endowed by nature not only with the acts of implanting in the breast of her pupils her own desire for knowledge but also with that equally rare power of personality which enables her to extend her enthusiasm to parents and guardians. The results of Miss Woodside's efforts and energy are noticeable not only in the advancement which the pupils are making but also by the deep and earnest interest with which the parents are taking in the spread of education as well as by the cheerful and generous spirit with which they contribute towards everything which tends to make for improvement in the comfort or sanitary conditions of the school room. It is understood Mr. J. W. Bartley has consented to give a talk before a Norboro audience. Mr. Bartley has made a study of the hog business, and it is safe to predict that a treat is in store for those who hear him. If time will permit he will also have something to say in regard to the raising and marketing of fowl. Mr. Bartley will speak from personal experience therefore his talk should carry much weight.—Mr. Franklin Day, one of Norboro's up to now farmers is making preparations for the erection of a commodious barn in the early spring.—Mr. and Mrs. Sutherland of Broadview are spending the winter visiting relatives in Norboro, Mrs. Sutherland, formerly Miss Annie Sharpe, is a daughter of Mr. John Sharpe one of Norboro's oldest and most highly respected citizens. This is Mr. Sutherland's first visit to the Garden of the Gulf. He is a sturdy, companionable gentleman, possessing all the characteristics of those who first drew breath in the land of Bruce, Wallace and Burns. To whom the people of Norboro extends a hearty "Hieland" welcome.—Com.

Mr Manson reports having a splendid crossing from Pictou to Georgetown, the run being made in three hours, and no ice to be seen in the Gulf. He also reports business very quiet in Boston and New York, numerous factories being closed down or running on partial time and thousands of people out of employment.—X.

DO IT NOW.

If you have something hard to do, Begin it in a hurry. Don't dawdle round and put it off, And let it cause you worry.

If you have work that must be done, The best way is to do it, If you postpone it needlessly, You're pretty sure to rue it.

A task seems easier to do, When you have well begun it, Just brace up and begin it then, And first you know, you've done it.

BRIGADIER GOT VERY UNEXPECTED REPLY.

LONDON, Jan. 20.—An army officer, noted for his biting tongue, took up his position near the outposts of a big training center near London to discover whether Lord Kitchener's new army seriously recognized the importance of sentries. In the darkness he noted the customary sentry's challenge to returning regiments. From the Scots Greys, the Grenadier Guards and other regiments came the proper reply, and they were passed. "Halt, who goes there," he shouted as another infantry column advanced. "None of your d— business," was the unexpected reply. "Pass on, Canadians, snapped the Britisher.
