FOX SHIPMENT.—Yesterday morning twenty pairs of foxes were shipped by Mr. W. K. Rogers to the Saltoun Fat Farms, Glasgow, Scotland. They were in charge of Mr. Robert Trotter, who was accompanied by his wife and family and who will remain in the Old Country. Mr. Trotter studied fox farming with Mr. Rogers.

FUNERAL NOTICE.—Mr. Angus Walker, died in Long Island, Mass., Nov. 22, aged seventy-nine. The remains were taken to Lauchling, P. E. I. Funeral took place at St. Georges. Services were held by the Rev. J. C. McDonald. Mr. Walker leaves to mourn, three sisters—Mrs. Peter McDonald and Miss Mary of Lauchling, Mrs. John McSwain of Calgary. Three brothers—Rev. E. Walker of Rollo Bay, Dr. Hugh of Lowell, Mass., and John M. of Chicago.

S. S. HILLSBORO.—The Department of Public Works will probably take the Hillsboro off the Charlottetown-Rocky Point route this week at the time of the highest spring tide, probably, tomorrow. It will be remembered that the federal Inspector Hulls at his last inspection ordered the steamer to be hauled up for repairs and the Department has considerable difficulty in keeping her on an undulating beach at the time of the highest tide and this is probably the last opportunity before the ice makes. As there will not be another high tide for two weeks and winter will probably set in before this, the Department's opinion is that the two weeks additional service at the risk does not justify taking the risk of having the boat up on the stocks for several months in the spring and summer of 1925. Arrangements have been made to place the large gasoline boat, owned by Mr. Ballingall on the route as soon as the Hillsboro is removed. The Ballingall boat is large enough to take care of such freight as will be offering during the remainder of the season and has excellent accommodation for passengers so that the change will occasion little if any inconvenience to the traveling public.

"PUZZLE, PUZZLE, PUZZLE" something new, something worth having. Get a Cross Word Puzzle game at this office 50 cts.—1233-12-9-m-11

POWELL CROSSLEY applied Henry Ford methods to Radio Production and gave the public high class Radio Sets at lower prices. 1273-12-10-m-11

CROSS WORD PUZZLE.—See advertisement for Cross Word Puzzle game in this issue. It tells you what we are offering you and how you may obtain it.

WRONG NAME.—In yesterday's City Council report of the tenders for coal accepted from W. D. Gillis and G. L. Laidlaw would have read "Sydney Run O'Mine" not "Spring Hill Run O'Mine."

BOYS AND GIRLS fourteen and under! Can you color? Clip the illustrations from "A Christmas Carol" color as specified and mail to the Guardian and see if you can win prize.

FUNERAL YESTERDAY.—The funeral of the late Edward Culter was held yesterday morning from his late residence, Pownall street to St. Dunstan's Cathedral where a Requiem Mass was celebrated by Rev. Maurice McDonald. The pallbearers were His Worship Mayor McKenna, Messrs T. White, Wm. Martin, Jas. Edon, John M. Hughes and Henry Fitzgerald. Service at the grave was conducted by Rev. P. Walsh.

CHRISTMAS SERVICE.—A delegation comprised of members of the Board of Trade and Retail Merchants Association has waited on Superintendent Grady and asked to have the Murray Harbor train leave Murray Harbor an hour later during Christmas week, enabling passengers to remain longer in the city. Mr. Grady promised to look into the matter and if arrangements could be made would so advise.

IN MEMORIAM

MRS. GEORGE HENRY

Stanley Bridge is called upon to mourn the loss of another of the most respected members of that community, in the death of Mrs. George Henry, who passed away on Nov. 27th, 1924 at the age of forty-nine years.

After a lingering illness of two years which she bore with patient resignation to the divine will passed on to the Better Land. In the time of her illness she had the benefit of all medical skill to ease her suffering, supplemented by the constant attention of relatives and friends of unusually friendly and kindly disposition, ever ready to extend a helping hand whenever needed in case of sickness or distress. She leaves to mourn besides her husband two daughters and one son, namely Mrs. Edward Graham Cavendish, Earle and Isabella at home.

The funeral services which was very impressive, was held from her late residence the service being conducted by the Rev. Mr. Atkinson of Cavendish. Her remains were laid to rest in the Cavendish Cemetery.

The pall bearers were: William Paynter, Hedley Paynter, Isaac Brown, Fulton Brown, Austin McNeil and Jacob Best.

BILL TO KILL THE INCURABLE

COPENHAGEN, Dec. 8.—A bill which would authorize doctors under certain conditions to take the life of a patient without incurring punishment has been introduced in the Danish Parliament by Minister of Justice Stejneger. Under the old law, the taking of a patient's life at his special request came within the designation of murder or manslaughter. The Stejneger bill states: "If action is undertaken in order to release a hopelessly ill person from severe and inevitable sufferings, punishment may be waived under extenuating circumstances." The bill would also make private detective activities subject to criminal prosecution for "illegally violating the sanctity of private life." There is also a usury clause laying down long sentences for "people exploiting others' needs." For various and similar offenses the bill would have the poor man pay a small fine and the rich man a large one, the common denominator being one day's income.

PRODUCTION OF GOLD REACHES HIGHEST MARK

TORONTO, Dec. 9.—According to statistics issued by the Ontario Department of Mines, metallic gold production for the first nine months of the present year showed a 14 per cent increase over a corresponding period in 1923. The total number of ounces of gold produced in the 1924 period were 894,812, as compared with 765,183 last year and the comparative value is \$18,171,106 and \$14,577,315.

"The output of gold is the greatest in Ontario's history," says the department's statistician, "indicating a production for the full year closely approximating \$25,000,000. Silver production has declined, due in part to the burning of the mills of the Conlagas mine at Cobalt, and Miller Lake mine. The output of nickel and copper shows an increase."

Minax's Linctum Relieves Neuralgia

Special Programme to Celebrate 1st Anniversary of C. N. R. Broadcasting

MONCTON, N.B., Dec. 9.—To celebrate the first anniversary of Radio broadcasting by the Canadian National Railways, there will be special programmes on Sunday evening, Dec. 28th from all C. N. R. Stations commencing at 9.15 p.m. This will mean a general broadcasting from the station at Moncton, Montreal, Ottawa, Toronto, Winnipeg and Calgary. In addition to musical programmes of great merit there will be addresses broadcast by Sir Henry Thornton, President of the Canadian National Railways, Mr. J. E. Ralymple Vice-President of Traffic, Mr. W. D. Robb, Vice-President of Radio and Mr. S. J. Hangerford, Vice-President of Operation.

The programme will be broadcast simultaneously from the stations at Toronto, Ottawa, and Montreal, these stations being connected by special telephone lines. The Calgary and Winnipeg stations will broadcast their own programmes as well as the Moncton Station, CNRA.

- Grade IV—1 Helen Lawless, 2 Edison Clow, 3 James White.
- Grade III—1 Genevieve Kelly, 2 Madeleine White, 3 Leona McEntee.
- Grade II—1 Spencer Hughes, 2 Ann McMahon, 3 Emmett Deighan.

CAUGHT AFTER LONG SEARCH

MONTREAL, Dec. 8.—Ten years search by the local police ended on Saturday when detectives arrested Andre Bockna, a native of Poland, aged 40, on a charge of attempting to murder a fellow-countryman, Vasil Carrai, here on the night of April 19, 1914. The arrest automatically started another search for Carrai, who, after recovering from his wounds, left Montreal and is no where to be found.

Bockna is meanwhile being held at detective headquarters. He will be arraigned tomorrow.

According to the police, the attempted murder followed a party in a house, where Carrai then lived. Liquor was consumed in large quantities and Bockna and Carrai came involved in argument. Some small matter, words were followed Bockna drew a revolver and fired by blows, and then, it is alleged, three times into Carrai's chest.

An Oil that is Famous

Though Canada was not the birthplace of Dr. Thomas' Electric Oil, it is the home of that famous compound. From here its good name was spread to Central and South America, the West Indies, Australia and New Zealand. That is attested enough to attest its excellence, for in all these countries it is on sale and in demand.

Stop "dosing" rheumatism.

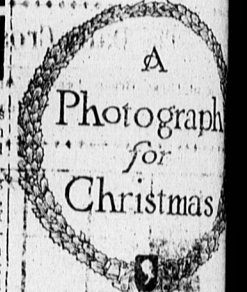

It's pain only. St. Jacobs' Oil will stop any pain, and not one rheumatism case in fifty requires internal treatment. Rub soothing St. Jacobs' Oil right on the tender spot, and by the time you say Jack Robinson—out comes the rheumatic pain and distress. St. Jacobs' Oil is a harmless rheumatism liniment which never (doses) patients, and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache and neuralgia.

Linger up! Get a small metal bottle of old-time, honest St. Jacobs' Oil from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer. Rub rheumatism away.
