S'Side Y's Men's Radio Auction

The Citizens of Summerside will be interested to learn that the date set for this year's Radio Auction under the auspices of the Summerside Y's Men's Club, will be Thursday, March 19th. The Auction this year promises to be as big a success as ever. Many business firms and manufacturing establishments have made some splendid donations for the Auction to assist the many worthy undertakings of the Y's Men.

Review of Y's Men's Club

The work of the Y's Men in the past is well known. Some idea of the work they have done in the last year may be gained from the following:—

Maintenance of bathing house and swimming facilities at the Railway Wharf, Summerside, including wages of Supervisor and cost of equipping with new diving boards, sum disbursed, $250.00 Operation of Open Air Skating Rink at Electric Light Pond, including wages of man in charge, sum, $75.00. Equipping and operating under-privileged Children's Playground, $75.00. Sending groups of under-privileged boys to summer camps, $50.00. Amount voted Girl Guides for summer camp, and to Boy Scout Cub Pack, $55.00. To amount paid for medicines and special foods for under-privileged children, $25.00. Amount voted for baseball diamond, $15.00. P.E.I. Tuberculosis League, $10.00. Amount paid for operation of Red Triangle Club Room for use of enlisted men, since November, $400.00. Making a total expenditure from Service Account to the extent of $955.00 in support of local projects.

While many Service Clubs have devoted their entire effort to War Work, the Summerside Club has done its share of war work while at the same time it has maintained its support of worthy community endeavors, feeling that the physical well being of the youth of the Town should not be neglected, and that the swimming facilities and other projects beneficial to building up healthy bodies, are too important to be permitted to lapse.

S.

COME ALONG CADDY

MELBOURNE — (CP) — Recalling Canada's famous cadborosaurus of the B. C. coast, fishermen off the Australian coast have reported a great serpentine sea monster, from 30 to 50 feet long, with "red whiskers."

"Lady Scarface"

A mysterious underworld character known to the police only as Slade, who eventually turns out to be a feminine gangster, is the central character in this current thrill-drama, "Lady Scarface."

Dennis O'Keefe and Francis Neal have the feminine leads as a young police officer and a girl photographer, respectively. Judith Anderson plays the title role as the girl Dillinger whose criminal actions and whose face baffle the police.

Moldred Coles and Eric Blore have other principal roles in this exciting RKO Radio melodrama.

'Father Takes A Wife'

STORMY ROMANCE FOR BATTLING MR. AND MRS.

You cant teach an old dog new tricks. Nor can you take two highly self-willed persons of clashing temperaments and dispositions and expect them to get along in sweetness and light.

Around this theme has been woven the hilarious plot of "Father Takes a Wife" which marks Gloria Swanson's return to the screen. The famous glamor star shares stellar honors with Adolphe Menjou in the gay offering, Menjou playing the role of a fiery shipping magnate and Miss Swanson that of a volcanic actress whom he marries, to the vast dismay of his highly conventional son and daughter-in-law.

R.C.A.F. Bowling League Scores

Bulldozers and Clitracts were the winners in the R. C. A. F. Bowling matches at the Summerside Alleys on Wednesday last. Following are the scores:

McCarthy	199	142	183
Total—2530.			

Contact Club Activities

Setting our clocks ahead maybe one way of beating the Rising Sun, but Summerside Contacters continue to effect more substantial support to the Canadian war effort.

This month the Contact Club made a cash contribution of $25 to the Spitfire Fund. Club members are devoting ever-increasing time to Red Cross knitting and sewing projects which show promise of attaining a new high in March, 1942. Club work at the Airport is maintained by an alternating committee of six Clubsters who weekly volunteer their services to No. 9 S.F.T.S.

Two more Contacters who have recently joined the ranks of the Summerside Red Cross Corps are Mrs. L.A. Robinson, and Mrs. Al Compton the Club President. Thus, active Club participation is assured in the worthy cause of the Red Cross Corps which aims at preparedness.

Newcomers to the Summerside Contact Club include Mrs. Stairs, Mrs. Reynolds, Mrs. Paul Tovey of Toronto, and Mrs. Duvenaud from Sperling, Manitoba.

This week the Club Scrap Book was augmented by the addition of seventen signatures to the autograph section which is a record of R.C.A.F. hospital visiting on March 10th. On that day the following patients received smokes and fruits donated by Summerside business firms: Miss E. Fearon, AW2, Moncton, N.B.; Peter Holmes, AC2, St. John's, Newfoundland; Labranche Marrel. Montreal; Bob Welsh, LAC, London; M. G. Matheson, Charlottetown, P.E.I.; L. Chnunord, AC2, St. Quentin, N.B.; J.O. Anderson, AC1, Arran, Saskatchewan; J.E. Souhere, LAC, Montreal; Ron Chisholm, AC1, Saint John, N.B.; R.A. Neily, AC1, Middleton, N. S.; J.R. Hill, LAC, Montreal; W.E. Fisher, LAC, St. Louis, Missouri, U. S.A.; O.L. Darroch, AC2, Canoe Cove, P.E.I.; R.J. Jackson, LAC, Charlottetown, P.E.I.; G.C. Draces, LAC, Carman, Manitoba; D.M. Baitlies, AC1, Halifax, N.S.

The St. Eleanor's Contact Club met last week on Friday, March 6th at the home of Mrs. Clyde Osborne. While Red Cross knitting was in progress, routine business was carried on. Autographed photo-cards were voted to transferred members. Club pins were distributed and plans for a party were discussed. Tea was served by Mrs. Osborne assisted by Mrs. Balduff, who was joint hostess for the afternoon. The next meeting will be held at the home of Mrs. Arthur Parsons who is President of St. Eleanors association.

SOCIAL ITEMS

Mrs. R.D. Lamond and infant son Roy have returned to Summerside from a winter holiday in Nova Scotia.

Mrs. K.L. Bendtsen has been ill for the past week in Prince County Hospital, Summerside.

Mrs. Douglas of Mt. Stewart, P.E. Island, was a guest at the Contact Club on March 11th. Her husband, Corporal Douglas, R.C.A.F., who has been hospitalized for several weeks at No. 9 S.F.T.S. is making a satisfactory recovery.

Corporal F.G. Spafford, R.C.A.F. and Mrs. Spafford are now residing in Moncton, N.B., where Corporal Spafford has been assigned to a new post.

The Contact Bridge Club met last Friday at the home of Mrs. E.F. Nadon. The afternoon's highest honours went to Mrs. Donald Axworthy. Mrs. John Stewart qualified for second prize and the Consolation was won by Mrs. G.F. Kane. Tea was served by the hostess.

Mrs. Gillan and son David arrived back this week from a two months visit in Ontario.

The R.C.A.F. nursing sisters, Flight Lieutenant Walsh and Flight Lieutenant Phillips entertained six Contacters at tea on the afternoon of March 10th. These included the Hospital committee of Mrs. G. Chikofsky, Mrs. Stan Pomes, and Mrs. L. L. Duvenaud, with Mrs. J. Hopkirk, Mrs. Herman and Mrs. F. Ogden of the Mending Corner.

Sergeant Eric Thompson, R.C.A.F. and Mrs. Thompson, formerly of Summerside, have announced the birth of a daughter, Mary Elizabeth born March 5th, in St. Jeans, Quebec.

QUEEN'S CANADIAN FUND DONATIONS

Repeated bombing raids on British port areas and the industrial midlands has attracted fresh attention to the frightful suffering of the many thousands of civilians in Great Britain who are harried from shelter to shelter and finally driven into the open country by successive raids. Eventually places are found for them all places of relative security, but their belongings of all kinds are destroyed. The task of emergency feeding alone is difficult. The task of setting them up once more with some quantity of clothing and bedding is much more difficult.

To meet these enormous needs, funds have been started in various parts of the world. Her Majesty the Queen has given her name in connection with the Dominion campaign, which is officially known as "The Queen's Canadian Fund for Air Raid Victims."

Every dollar contributed to the Queen's Canadian Fund goes without deduction to the Lord Mayor of London for distribution to the homeless and needy

Contributions from this Province should be forwarded to the Royal Trust Company, Charlottetown which reports the following receipts to date:—

Received recently:—

Mr. and Mrs. J. H. Hill, Charlottetown, $30.00.

Total to date, $5,517.95.

AIR-MINDED STATESMAN

CAPE TOWN —(CP) — Looking very fit and cheerful Prime Minister Jan Christiaan Smuts flew from Pretoria, the seat of South African government, to this city for the sitting of Union legislature.

C. C. F. Causes Lively Session

HALIFAX, March 13—(CP)—To express their disapproval of the amount of money spent in the Department of Industry and Publicity, the C.C.F. forced a recorded vote on a departmental estimate at a lively session of the Nova Scotia Legislature today. The House, in committee of supply, voted approval 21-3.

The two Conservative members in their seats at the time joined with the government to support the motion, while the three C.C.F. members voted against it. The vote came after C.C.F. leader Donald McDonald asked Industry Minister Harold Connolly a series of questions by which he said he was "trying to find out the functions of the department and if it was economically justified."

RED CROSS

Lectures in First Aid and practical instruction in bandages and dressings were given to all Red Cross Corps members on Monday night March 9th.

Thursday evening's activities were of a varied nature. After drill on that evening, the Office Administration Section visited the Potato Growers Association in the Tweel Building, where arrangements had been made for use of the Association's mimeograph in order to instruct he members in stencil cutting and running off the stencils on the machine. Mrs. A. B. Cosh, Commanding Officer of the Office Administration Section, read an important and interesting paper to her Section on "What is Expected of the Office Administration in Connection with Air Raid Precautions." This paper was sent to our Corps by Mrs. Ellis, National Commandant of Office Administration. This Section of the Corps is giving great assistance in co-operating in A.R.P. work throughout Canada.

The Transport Section in charge of Miss Olive Johnston, Officer Commanding, proceeded by bus to Beach Grove Inn Training Centre and there instructed in Gas Mask Drill and went through the Test Chamber. About forty-five minutes of the Gas Mask Drill was given to the group and then they were taken to the Test Chamber for about ten minutes. In the last minute or two the masks were removed and the girls had actual tear gas experience. This is the first time a group of girls have been through this particular drill and taken through the Test Chamber on Prince Edward Island.

The Senior members of the Nursing Section were instructed in bed making, while the new members were given a lecture by Miss Kathrine Maclennan on "Communicatable Diseases."

The Nutrition Section held a "Fact Finding" class in which they endeavoured to determine the cost and quantities of food required in preparing large scale nourishment. The class made sandwiches and coffee during this experiment and then had the pleasure of partaking of their own preparations.

NAZI SPIES IN SWEDEN

STOCKHOLM — W. G. Johnsen, a stoker, was sentenced to four years, and Ernst Conrad, 24, an engineer, to eight months, on charges of espionage at the Karlskrona (Sweden) fortifications.

BLAMED BLACKOUT

LONDON—It is reported from [illegible] a "blackout test which had dimmed the signals" was blamed for a railway [illegible]

Refuse Comment On Quebec Story

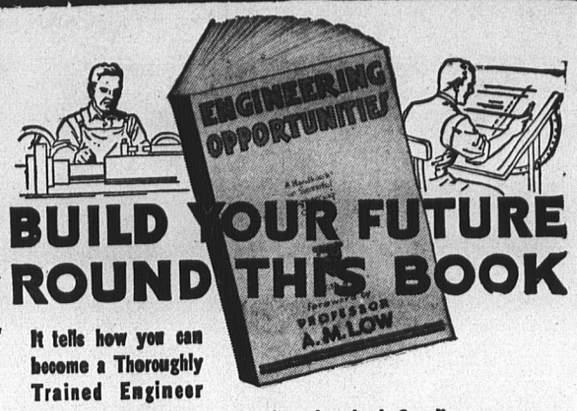
QUEBEC, March 13 — (CP) — Police and military authorities today refused comment on a news story published yesterday by Le Soleil, which said the existence had been discovered of an "organization" which "aims to permit soldiers and sailors to gain discharges from active service and to permit conscripted men to be exempted from compulsory service."

OTTAWA, March 13 —(CP)— Maj.-Gen. L. R. Lafleche, deputy war services minister, said today his department had received no details or information which would lead to a belief there was any serious or widespread situation in regard to men dodging military service through the taking of treatments which made them medically unfit.

The paper said "persons....for a fee, make knee injections for men who wish to gain exemption. These injections numb the senses. Permanent injury may be caused by the injections. Soldiers and sailors who receive such injections invariably obtain release from military service. Many cases have been reported to the police."

The paper also said "police authorities have also been informed that men called up for compulsory military training, to whom drugs have been given which have affected their blood pressure, have been classified as medically unfit."

near Hassleholm when five Swedish soldiers were killed and 15 injured.



BUILD YOUR FUTURE ROUND THIS BOOK

It tells how you can become a Thoroughly Trained Engineer

You can get practical experience in engineering in Canadian war industries. At the same time, you can learn engineering theory thoroughly to build a peacetime career through the home study courses listed in our 176-page free book "Engineering Opportunities". Among the courses listed are:

A.M.I. Mech. E.
Die and Press Tool Work
Sheet Metal Work
Welding
Refrigeration
Aeronautical Engineering
A.F.R. Ae. S.
Ground Engineers
Aero Engines
Electrical Engineering
A.M.I.E.E.
Telegraphy
Telephony
Wireless Engineering
A.M. BRIT. I.R.E.
Television
Automobile Engineering
Civil Engineering
A.M.I.C.E.
Road Engineering
Surveying and Levelling
Structural Engineering
Reinforced Concrete Design
Heating and Air Conditioning
Building Construction
Geology and Mineralogy
Metallurgy
Petroleum Technology
Mining Engineering
Mechanical Engineering

Symbolic of Canada's unceasing watch on the Pacific is this photo showing a member of a reconnaissance unit as he gazes westward from his post somewhere along the rugged shoreline of British Columbia. Twenty-four hours a day, from the United States border to the Alaskan Panhandle, sentries on guard against the bold new enemy who lurks beyond the horizon of the broad Pacific.

Russia.—Red Army soldiers examine guns and equipment left by the retreating Spanish Blue Divisions of the German 16th Field Army after a heavy defeat north of Lake Ilmen. Soviet troops were credited officially with shattering three divisions and killing 12,000 men of the 16th Army in what was described as only the first stage of a smashing new offensive in the Staraya Russia sector, below Leningrad.

Excessive Worry Saps the Nervous System

Worry over business or household duties, sudden shock, distressing news, the foolish attempt to put a week of normal life into 24 hours all put a strain on the nervous system it cannot stand.

If you are tired, listless, nervous and worried why not give Milburn's Health and Nerve Pills a chance to help put you on your feet again?

They are a blood enriching and nerve tonic containing essential elements for the blood and the nervous system.

Help yourself back to health—happiness by taking H. & N. Pills.

Price 50c a box, 65 pills, at all drug counters.

Look for our registered trade mark a "Red Heart" on the package.
