

# A MAGIC HEALING CREAM

Carnation Cream heals, soothes and softens the skin. It begins healing the moment it is applied and its beneficial effects continue until the skin is restored to its natural soft and smooth condition. It should be on every dressing table and used after each bathing of the face and hands. So used, chaps, roughness and redness of the skin will never come. The skin will be kept soft, white and velvety. It is not greasy or sticky being entirely absorbed. Excellent for use after shaving. Price 25 cents. Sold only by

**J. G. Jamieson,**  
DRUGGIST,  
The Medical Hall.

## THE CONSOLIDATED SCHOOL.

Among the measures was one for the construction of the Tunnel, another to give maiden ladies the right to vote, another to tax medicine peddlers, and so on. These were debated pro and con with a coolness and nerve quite equal to that of the old hands in our Legislative Assembly. The speeches were brief, vigorous and often amusing. Many capital points were scored, and a surprising amount of business was disposed of in brief space.

A short musical program nearly exhausted the remaining time up to the hour fixed for returning to the city. A few minutes were reserved for speeches from Speaker Douglass, Hon. Mr. Cumiskey and Mr. Mathieson, Leader of the Opposition. Hon. Mr. Simpson, seconded by Mr. Prowse, M. L. A. moved, the thanks of the Members and other visitors to Principal Jones and the School Trustees for their invitation to visit the school and the entertainment afforded. The thanks were presented by the Speaker in a few graceful words to which Principal Jones responded very happily.

The party then took leave and returned to town, all apparently delighted with what they had seen, heard and otherwise learned of the Consolidated School. The Legislative visit and the favorable impressions received may be hoped and expected to give an impetus to the consolidation movement now taking shape in other parts of the Province.

The Macdonald Consolidated School at Hillsborough Station is a monument to the generosity of Sir William C. Macdonald. The capital expenditure for land, about two and a half acres, the building, plumbing, heating, school equipment, summer and winter vans for conveying the children to and from school has been nearly twenty thousand dollars, (\$19,780) Six districts are represented, viz. Cross Roads, Hazel Brook, Bethel, Fullerton's Marsh, Mount Herbert and Sunbury.

Six vans are in constant use, wheeled vehicles for summer and sleighs for winter, the former costing \$180 each and the latter \$50 each. The longest route is four and a half miles; the shortest three and a half miles. Pupils living within a mile of the school, if above seven years of age are not conveyed in the vans. The average cost of conveying the children in 1905 was \$1.55 per van per day, or \$9.30 per day for the six vans.

As compared with the six old schools the enrolment has been increased from 118 to 101, the number daily present from 89 to 119 and the percentage in attendance from 60 to 74. The total of teachers salaries shows an increase from \$1,100 to \$3,300. The difference is paid by Sir William Macdonald, and this favor is to be continued during 1906 and 1907.

Probably no better location could have been found for this interesting and costly experiment. The district is one of the most prosperous farming communities in the Province, the routes of moderate or reasonable length. The site was selected by Superintendent Anderson, and the excellent, well adapted building erected by the Messrs Lowe Brothers. Its heating and ventilation are modern and up-to-date.

The transformation from the six most ungraded schools to this large, splendidly equipped educational establishment is of itself something of an education for pupils and parents alike. Here all the subjects required by the Department of Education are taught, and in addition thereto are nature study with

a school garden, manual training and household science. There is also a competent teacher of music, and a piano, so that pupils are taught to sing. The pupils are one and all delighted with the change from their old district schools to the Consolidated.

So far as would be learned the parents not a few of whom had some misgivings at the outset as to sending their children so far away, and as to the new subjects being introduced, have found their objections removed in actual working. They find their children taking increased interest in their studies, more ready to go to school and making better progress. All admit the excellency of the school as conducted by Principal Jones and his capable staff.

Senator Ellis has concluded that the Canadian Senate could be dispensed with at no great loss to the country. This opinion seems to be pretty general among newspaper men who are not Senators as Mr. Ellis is. He deserves great credit for expressing his disinterested opinion in the one place where plain speaking of this sort is at once most unpopular and most needed.

We sincerely hope and trust that the bill now before the Legislature to provide for the registration of births, marriages and deaths will become law. It is about as simple and inexpensive in form as can well be devised. It needs no argument to convince intelligent persons of the necessity and great advantages of registration. We cannot afford to remain longer behind the age in this matter.

Mr. Justice Fitzgerald has printed in the evening papers a strong plea to free the city from tuberculosis. He deserves great credit for his efforts in this and other matters of humanitarian concern. He cites a pathetic case of a young man, afflicted with consumption, who also has wife and small family dependent, and is unable to work and without means. Clearly something ought to be done, but doubt remains in the public mind as to the best method of procedure. Judge Fitzgerald's letter ought to give an impetus to the recently formed Anti-Tuberculosis Society, which has yet but thirty members. It ought to have many times that number.

## Pure Blood Source of Health

And the Blood Can Only be Purified by the Healthful Action of the Liver and Kidneys.

**DR. CHASE'S KIDNEY-LIVER PILLS.**

At this season of the year as at no other the importance of pure blood is brought home to the minds of most people. As the result of artificial winter life—living on artificial foods and being shut up in badly ventilated rooms—the liver and kidneys become clogged and sluggish in action, the bowels constipated, and the blood loaded with poisonous impurities. Is it any wonder that spring finds us run down in health and feeling languid and fatigued? Is it any wonder that our systems become an easy prey to every form of disease which lurks in the spring air? Is it any wonder that we have aching heads and aching backs and suffer from indigestion and biliousness.

Dr. Chase's Kidney-Liver Pills are especially suitable as a spring medicine, because they act directly on the liver and kidneys and enliven the action of these great blood-filtering organs. Except by the action of the liver and kidneys, there is no means by which the poisonous impurities can be removed from the blood. With these organs in health, a person is almost immune from colds and all forms of contagious disease.

Dr. Chase's Kidney-Liver Pills should not be confused with medicines which merely act on the bowels. They do effect prompt motion of the bowels, and they do infinitely more, for by setting the liver right they bring about a good flow of bile and thoroughly cure constipation.

Biliousness, liver complaint, constipation, kidney derangements and impure blood cannot exist when Dr. Chase's Kidney-Liver Pills are used. And there is a great satisfaction in using a medicine which has stood the test of time and proven its right to a place in every home as a family medicine of worth and reliability.

Put Dr. Chase's Kidney-Liver Pills to the test and you will avoid the usual ills and weaknesses of spring. One pill a dose; 25 cents a box; at all dealers or Edmanston, Bates & Co., Toronto.

## A Large Number of Advance Styles In Ladies' Spring Garments Are Ready

## YOU USE ONE PAPER ONLY?

Then Direct Your Efforts to the Readers of The Guardian.

Advertisers who have a "one paper proposition" find it to their advantage to use the ONE paper that has the largest home circulation amongst the buying, thinking and influential classes.

You don't have to consider the entire press of the country or of the city when you advertise. Concentrate upon the readers of one paper and make up your mind to make customers of them by advertising in the columns of just this one newspaper.—JOS. A. RICHARDS AGENCY, NEW YORK.

If you want to practically cover Charlottetown, Queen's County and Prince Edward Island with BUT ONE newspaper you will make no mistake by using the Daily and Tri-Weekly editions of

## The Charlottetown Guardian,

FOR NEARLY EVERY BODY READS IT.
