The Western Guardian

—IT PAYS to buy in this Province.

—THE MORNING DAILY Guardian can be obtained at Lafferty's Tonsorial Parlors, Summerside.

—TYPHOID.— There are several cases of typhoid fever in the vicinity of Summerside says the Journal. An especially sad case is that of Mr. and Mrs. Wm. Bowness, of Bedeque, who are both confined to bed with this dread disease.

—BLACKSMITH'S UNION.— The blacksmith's of Prince County have formed an Association to be known as "The Prince County Blacksmiths' Association." They have decided to raise the price of horse shoeing from $1.00 to $1.25 for new shoes, and 75 cents for resetting. These prices are to come into effect on November 1st.

—ISLANDER WOUNDED. — Mr. Fidele Poirier, hotel keeper, Wellington station, received a telegram last Monday morning informing him that his son Zeno was wounded. This brave young man had been to the front only a very short time. It is hoped, however, that his wound is not serious. M

—DEVELISH DOROTHY.— Mr. and Mrs. Malcolm Steele of Summerside paid a visit to Kensington on Sunday afternoon, driving "the" Island's premier money winning race horse— Develish Dorothy. Mr. Steele is her driver and trainer and is to be congratulated on his success. The mare has won $875.00 during this racing season. She is now thirteen years old, her first race was in the two year old class. Dr. J. T. Jenkins, her owner purchased her, and brought her here from Indiana, at that age.—K.

—EXCITING FOR CHASE.— On Saturday morning (last) a fine black fox escaped from Mr. William G. Simpson's ranch near Kensington. Mr. Simpson drove to Burlington and brought Mr. Amos Davidson with his locally famous foxhound to the scene. The hound soon got the scent, and after one hour's chase in the woods between Clermont and Kensington—Malpeque road, reynard was safely coralled. About fifteen people were "in at the finish," when Mr. Davidson jumped from behind a tree and nabbed the tired runner by the hind legs, then the rest was easy and Mr. Simpson was jubilant.—K.

—ABRAM'S VILLAGE.—The crops in this section seem to be very plentiful. Several loads have been hauled to Wellington Station where good prices are paid.—A public auction was held at Raphael Arsenault, Urbain Ville on Thursday afternoon. The auctioneer Mr. John T. Cosgrove was in fine form and aroused the interest of his hearers to such a pitch, that things sold rapidly and at good prices. Nevertheless the horses did not seem to belooked for and the bids were not very brisk. Cattle went pretty high as did also the farm produce. The attendance was exceptionally large, the day being fine. At half past three everything was disposed of and after the writing business was over, a great part of the crowd went to the home of Mrs. Glorice Gallant a distance of half a mile where the auctioneer, not the least fatigued, conducted a short furniture sale. Here the articles went much below their value, as most of them were costly when new and they had been used but very little. Mrs. Gallant with her family intends going to the States in the near future to rejoin her husband, who went about two years ago. Mr. and Mrs. Raphael Arsenault though pretty well up in years, intend going too, and live with their children, some of them having been there for several years.—M.

—ABRAM'S VILLAGE.—A meeting of the Egmond Bay and Mt. Carmel telephone circut was held at Abram's Village on Tuesday afternoon. It being the annual meeting the report of financial condition of the company was read and other matters were attended to. The suggestion to install a telephone box in the station house at Wellington came under consideration as well as the application for a box from the Farmers' Co-operative Store at Wellington. The following are the officers elected for the coming year: President, Mr. S. E. Gallant; Vice President, Rev. Father S. Boudreault; the following committee men. Mr. Daniel Yeo, Henry Darby, Peter Richard.

—LOS ANGELES POLICE SERGEANT VISITS P. E. I.— Sergeant Gregory Currie, formerly of Wellington, P. E. I., left for Los Angeles on Saturday morning via the Southern Pacific. Mr. Currie had been absent from P. E. I. for twenty-two years, although still a young man. He notices a vast difference in the prosperity of P. E. I., then and now. Mr. Currie visited the exhibition in Summerside on Friday and was delighted wth the exhibits and particularly the racing. He thinks trotting far more interesting than running, which latter is so strongly touted in the United States principally on account of the system of gambling accompanying the "rumers." Mr. Currie, who is a splendid type of an athlete, engaged in boxing competitions in Boston, prior to 1904, when he left for Los Angeles. At the Police and Fireman's tournament held in Los Angeles lately. Sergeant Currie won the boxing championship for the police department. Sergeant Currie was deeply impressed with the spirit of contentment pervading the lives of the people of P. E. I. in contradiction to the mad rush for existence in the crowded centres.—K.

—A SERIOUS ACCIDENT.— Another deplorable accident happened on Saturday night, near Tignish when three young horses that had escaped from a pasture field near by were feeding along the railroad track, became frightened by the arrival of the night express and dashed off at a gallop down the track in front of the train, until they reached the bridge, which is some 20 feet above the road level. Two of the horses were caught by the train men and led safely across the bridge, but the third, a fine young colt owned by Oxibey Arsenault, Peter's Road, had his feet caught between the planks, and upon being extricted, jumped from the bridge and broke his neck. The colt is a valuable one and its death is a severe loss to its owner.—Y.

—A GROWING SOCIETY. — The local branch of the Assumption Society at Urbanville, held its monthly meeting last Sunday evening. The attendance was not very large but the meeting was very interesting. At the outset the secretary read a communication from the President, Mr. Joseph G. Arsenault, informing his brother members of his intention to resign. The members, however, would not listen to such a suggestion. They implored the President to remain at his post. Some members who had never spoken publicly before rose on this occasion to give vent to their earnest regret at the resignation of the President, and supplicated him to change his mind. At last, Mr. Arsenault consented to withdraw his resignation to occupy the chair for the remaining part of the term. It may be well to say that the members were fully justified in their pressing invitation to the President to remain. Mr. Arsenault has always been an active member of the society and as president he has always conducted his meetings impartially and with interest. Several members are now glad to belong to this society and owe their good luck to Mr. Arsenault. M

Millinery Fashion Suggestions

Among some of the most marked styles to be seen in Holman's Millinery Department this season are quite large hats, trimmed flat, also very becoming small close high draped turbans for ladies, which are so warm and serviceable for winter. The "Jockey" hats for young ladies are decidedly chic and smart, made with deep peak at front, closely resembling men's Quebec shaped caps. These hats are trimmed at front with narrow ribbon trimmings, and promise to be one of the most popular styles for the fall. The colors which will be used most extensively are purple, wine and teledenegre (nigger brown); grey is also much in demand. Gold and Silver Hat Pins are very new and stylish, especially combined with narrow ribbon edged with gilt or silver to match. This ribbon is very pretty, and one of the new trimmings in ribbons.

Tams mads of black or colored velvet, and also chinchilla cloth will be very popular this season among young ladies on account of their smart appearance and serviceability. Some of these are effectively piped with red and green plaid, while others are becomingly trimmed with fancy long shaped hat pins. We might add that the large tricornes are decidedly new and stylish, especially when trimmed with large fancy wings. Small weasel heads, birds made up of colored beads, and ospreys are among some of the most used trimmings. One of the newest features is the hand painted flowers on hats, particularly roses. There is very little wide ribbon worn on the hats this fall.
