Our optical office is of the most approved style and is equipped with the very latest instruments and sight testing appliances. Glasses fitted by us do not detract from the appearance. We make a special study of the cosmetic effect to be obtained, and can assure you that our glasses add a certain note of neatness and refinement that meets with favorable comment. Children's eyes receive our special attention, and we pride ourselves on our ability to fit a child with child's glasses, not with cumbersome glasses that were intended for adults.
