(From yesterday's Evening Guardian)

An Ottawa despatch says:—The Conservation commission is about to issue a bulletin on "fur farming in Canada," thereby recognizing a singular industry which has risen in Eastern Canada. The breeding of black foxes has been pursued, especially in Prince Edward Island, with much profit, the fur of a single adult animal being worth $1,500, while higher prices are paid for animals for breeding purposes. Much interest has been shown in this new kind of farming, and the Conservation Commission has instructed J. Walter Jones, B. S. A., who has made a study of fur farming in the United States to visit the fox and mink farms in Prince Edward Island, Ontario, and Quebec, and report. The bulletin will be issued later in the year.

G. C. Moyer, General Agent for the Mighty Haag circus is in Charlottetown, making final arrangements. This circus, is one of the largest in the world, and the preparations to bring it across the waters to Prince Edward Island, have been no small undertaking. Special trips had to be arranged with the steamer Empress, and tow boats and scows to bring across the Elephants, and other animals too large to go on board the steamer. The circus is one mile in length, 225 people are employed, and the finest horses in the world are among the animals. The finest train arrangements possible, with exceptionally low rates, have been completed. It is twenty years since a circus has visited Prince Edward Island and it is expected that on July 31st and Aug. 1st, Charlottetown will have to accommodate a record attendance of visitors.

McLENNAN EVIDENCE HEARD.

STELLARTON, July 7—Miss Etta McLennan has been arrested on a charge of shooting with intent to do bodily harm, and she will come up at 10 o'clock tomorrow, before Magistrate J. W. Henderson. The warrant was obtained by R. S. Faulker, the woman's brother-in-law. It is believed that Miss McLennan was suffering under a mental delusion and that her hallucination was that someone was trying to poison her.

The facts appear to be that while on a trip to McLennan's mountain, Mrs. Duncan Fraser, of Stellarton, was shot by her sister, Miss Etta McLennan. Mrs. fraser, in company with her husband, stayed overnight at a farm house recently purchased by Mr. Fraser as a summer home. The sister who did the shooting came over the previous evening to visit them and on the next morning asked Mr. Fraser to accompany her home, a few miles distant.

Mrs. Fraser objected and her sister drawing a revolver fired two shots, the first grazing the arm and the second deflected by Mrs. Fraser, lodging in her leg. Mr. Fraser on hearing the shots, rushed in and disarmed the woman, who seemed not to realize the seriousness of her conduct. Mrs. Fraser was at once driven to town and placed under the care of a physician.

INSPECTION OF CUSTOMS.

OTTAWA, July 7—It is understood that Hon. C. H. Mackintosh, former governor of the Northwest territories in its early years, has been appointed customs inspector for the Dominion of Canada. Mr. Mackintosh has been a well known figure in political circles for many years and was at one time owner of the Ottawa Citizen and member of Parliament for Ottawa. The scope of work for the new inspector will be throughout the Dominion and the knowledge which Mr. Mackintosh has at his command will be of immense value in his new sphere.

A committee of engineers has been appointed to inquire into the engineering department of the Royal Military college, Kingston, with a view to running it on entirely modern and up-to-date lines. The minister of militia and defence, Colonel the Hon. Sam Hughes, has the intention of broadening the scope of the present curriculum and the two courses, civil and military, will be developed in an identical manner. The buildings used for the engineering department will be extended shortly.

The report of the committee, of which Major Leonard, chairman of the transcontinental commission, is a member, will be presented to the minister shortly and changes will be made during the fall.

YACHT SOLD.

MONTREAL, July 7—The splendid yacht Princess, the property of the late George Wright, has been sold to John Wood, of Montreal, now summering at Chester. The price was in the vicinity of $1,000.
