—RECOVERING—Mr. Eddie (Eli) Arsenault, popular proprietor of Ed-dy's Tea Rooms, who has been causing his relatives and friends grave anxiety on account of his serious illness, is, it is pleasing to report, now making progress towards recovery.—S.

—UNITED CHURCH OF CANADA Kensington, April 27. Rev. J. R. Saint George, 2.18 1-2, a good consistent trotter, which was generally in the front line in those days. Mr. George Crozier, Malpeque, owns the Laco-pia colt from the good New London pacer Keeman Aubrey. This colt, now five years old, with proper tutoring ought to be a good one. Mr. Prowse Yeo, of Wilnot, owns a Fel-cella four year old which promises good. He won the three year old class at the New Annan matinee last fall in respectable time.

—FROM TUESDAY, APRIL 8th. I will be absent from my office about four or five weeks. Office will remain open to render service in the way of repairs. H. T. Colvin, Opt. D. Optometrist, Summerside, P. E. I. 2891-4-7-12-15-19-22-26-29-May-3-6-10.

—LATE SKATING RECORD.—What is perhaps a record for late skating on a P. E. Island rink, was established on Thursday night, April 17th, when the big arena was thrown open for skating and was patronized by a large number of skaters. The big phonographic electric amplifier (which can be heard on calm evenings for a mile and a half) boomed forth in grand resonance with some of the latest jazz records, and devotees of Canada's national winter pastime said farewell to the glacial oval till the season opens again in gala style next winter.—K.

—TREE FELLING AT INDIAN RIVER—A great number of the large trees surrounding St. Mary's Church and parochial house have been felled and the wood, sawlogs and brush... Some of the trees were between two and three feet in diameter. About fifty cords of wood and saw logs were salvaged. The stumps will be dynamited by Mr. Bert Kelly, who has had considerable experience in the business. Old time chopping frolics by the parish-ners was the modus operandi. This is the first step in a beautification plan promulgated by the pastor Rev. R. F. MacDonald.—K

—OMISSION RE FAST HORSES—In the list of Prince County speed prospects enumerated on the sport page of the Guardian last week several good ones were overlooked, among which were Peter Keys, owned by William Toombs, Kensington. This horse which is bred in the purple, was brought to P. E. Island from the stable of the well known horseman Billy Keyes, of St. Stephen last summer, and was raced at Montague and the Charlottetown Exhibition. His owner intends racing him on Island ovals this summer. Mr. Toombs is a bona fide rac-

—EASTER MONDAY TRAIN MIS-HAP—The freight train from the Province with two freight cars and two passenger coaches went off the track at Duvar at about 1 p. m. on Monday. The engine and tender was sent to O'Leary and obtained two box cars to take the passengers east. They arrived in Summerside shortly after nine thirty that night.—S.

—SUCCESSFUL EASTER TEA—The annual high tea and tazaar held on Easter Monday by the ladies of St. Mary's Church, Summerside, was in every way a huge success. The beautiful fancy work on display was the subject of much praise and found a ready sale. The tea-tables spread with every dainty were well patronized. The ladies are to be congratulated on the success of their undertaking, the proceeds of which amounted to the gratifying sum of over \$550.—S.

—EASTER SERVICES—Large con-gregations attended the services on Easter Sunday in the various con-gregations at Summerside. Although the weather was cold and disagree-able the churches presented a very beautiful appearance adorned with lovely Easter lilies and flowers. In St. Mary's Church a beautiful new altar linen graced the altar, the gift of Miss Olive Zinck, Red Cross Nurse for Prince County. Special Easter music was rendered in all the churches and the usual eloquent and appropriate sermons were preached for the occasion. One often reads in these days of the wane of Chris-tianity, but there is certainly no evi-dence of anything so foolish in this quarter of the globe.—S.

Must be a "per-sonage" of mature judgment and considerable erudition, judging by his observations on the ski jumper murder trial in Sydney, C. E., and his dissertation on the diurnal and annual motions of the earth, etc. He will be flattered to know that he "called the turn," on the outcome of the application for a new trial in the Anderson case on the ground of insanity, also that his idea of the situation was "eye to eye" with the editor of the Montreal Standard, who has a long editorial on the case emphasizing the crux of the conten-tion for a new trial as being that "Anderson was an American citizen and a champion ski jumper."
