SCHOOL CONCERT WAS A SUCCESS

Songs, Drills and Extraganza Delight a Crowded and Appreciative House

"Thus far and no further" said the School Board to the Director of last night's concert as they pointed to ten on the clock's disc.

The concert began, and, better still, ended on time. The orchestra boasts three of its members are school students.

The bright marches and the popular Scotch selections filled in the necessary changes of scene. Master Bruce sang "Footfall" very pleasingly, while that prime favorite Frank Stanley gave a splendid martial song. A clever recitation by Hazel Milligan was closely tied by a dear little tot whose name has escaped memory.

The cycle of Folk Song was sung with taste and "go." Hazel Down took part of "Come back to Erin" as a solo very sweetly. The solo in "All thro' the night" was sympathetically given by Myrtle Stanley.

Part two gave the Court of Magnificus Sextus, King of Hearts! The old story of the Knave of Hearts was told in song, diction and action. Parker Hooper made a capital Knave, Ross Bethune as King and Miss Pearl McKenzie as Queen.

Such a kaleidoscope of color and character is rarely seen. It reflects the greatest credit on the teachers of Prince St. School, whose artistic taste was ably seconded by the gracefulness and harmoniousness of the clever participants.

Miss Kacie Stanley as accompanist did well. Mr. Barlow makes a first class stage manager, a quiet stage with a half hundred performers is as delightful as rare. Mr. Watts as Director merits congratulations.

DOWIE'S DISCIPLE SAYS HE'S FAILED

CHICAGO, Feb. 8.—Followers of John Alexander Dowie were amazed yesterday to hear from the platform of Shiloh Tabernacle in Zion City the frank admission that the work of their leader had failed.

The statement came from Elder W. H. Cowman, in a sermon.

The elder declared that his conception of Dr. Dowie was that of a man who had been permitted to look forward into the future and grasp the great principles which will govern the millennium and had attempted to apply them to present conditions. "He has not succeeded," said the elder, "I hesitate to say it, yet I will say it with love, realizing something of what the fullness of my statement means. Why is not for me to say; but I know the reason why he has failed. It is because the men and women whom he has had in the church did not acknowledge the vision with him. Instead of giving him their money they put it into their pockets."

WILL BE CALLED PRINCE RUPERT

Name Selected for Western Terminal for Grand Trunk Pacific—Miss McDonald Winnipeg Gets First Prize, Two Other Competitors Awarded Smaller Sums.

MONTREAL, Feb. 9.—(Special)—The Grand Trunk Pacific's western terminal will be called Prince Rupert.

A competition was opened and prizes offered for the best name suggested, the name being limited to ten letters and three syllables, and to be distinctively Canadian.

Twelve hundred suggestions were received. Two persons offered Port Rupert and they received two hundred and fifty dollars each.

Miss Eleanor McDonald of Winnipeg suggested Prince Rupert and this name has been chosen, although of more than ten letters.

Miss McDonald gets the same amount as the other two.

CRYSTALS WIN THE GAME LAST NIGHT

Notwithstanding the fact that the trophy had been already won, a large and enthusiastic company assembled in the Summerside rink last night to witness the contest between the Charlottetown Abegweits and the Summerside Crystals. It was the sixth and last game of the P. E. I. Hockey League series.

A strong contingent had come down by special train to cheer their comrades in the herculean task of winning back the trophy. But the Crystals' luck was still with them last night. A visiting team has fearful odds to face when they line up before such swift skaters as the Summerside team with Scotty and Rosey in the forward line and Noonan in goal.

The game was one of the best ever seen in Summerside. It started at 8:10 and after an interval of sharp play the Crystals made a goal. After five minutes the Abbies played a goal which was protested, causing considerable delay and resulting in the Abbies' umpire being sent off the ice. The game now grew warmer. Baker got the puck and after pretty passing it found its way into the net.

Both teams worked hard till the half but the Crystals did the scoring, making two more goals at intervals of five minutes, leaving a score of 4-1 in favor of themselves at the end of the half.

The second half began at 9 sharp, the Crystals putting the puck into the Abbie net almost simultaneously. Five minutes more and Jimmy McMillan with an admirable lift added one to the minority. After a good exhibition of play McKinnon made another goal for the home team. The visitors then made two goals in quick succession. In the next quarter of an hour the Crystals made three more goals and the Abbies one. The game ended 9-5, favor of the Crystals.

The intermediate game also went to Summerside the score being 5-3.

SUMMARY.

Table with 2 columns: Team, Won, Lost. Crystals 4, 0. Abegweits 1, 3.

NOTES.

Bethune, a faultless referee. Not a rough player to be put aside.

Davy is a star—you can take your "affidav" on that.

DID NOT WANT HIM WITHOUT WHISKERS

PITTSBURGH, Pa., Feb. 8.—Owen S. Ceill, master in divorce, has recommended to court that a decree be granted Harry Light of this city, from Mrs. Fannie Light, because she is an anarchist, and insisted on his living up to her anarchistic ideas.

The master found, among other things, that Mrs. Light fought with her husband all night, once, because he ventured the assertion that he needed a shave. She wanted him to grow a beard like the anarchists.

Another time, he alleges, she tore the clothing off his back and chased him out of the house with a poker because he asked her to cook a meal, when she wanted to go to an anarchistic meeting.

STRAINED BACK AND SIDE.

"While working in a saw mill" writes C. E. Keen of Ottawa, "I strained my back and side so severely I had to go to bed. Every movement caused me torture. I tried different oils and liniments, but wasn't helped till I used Nerviline. Even the first application gave considerable relief. In three days I was again at work. Other men in the mill use Nerviline with tremendous benefit too." An honest record of nearly fifty years has established the value of Colson's Nerviline.

EXPRESS TRAIN FROM HALIFAX

Detained by Special Freight Derailed—Worst Snow Storm of the Winter

MONTON, Feb. 9.—(Special)—Maritime Express from Halifax was delayed six hours tonight by the derailment of a freight train at Campbell's Sliding.

The entire train went off the track, but as no cars upset the damage done was slight.

The storm tonight on the northern lines is the worst of the winter.

Snowplows are being run over the line to keep it clear.

HINDU PILGRIMS AT ALLAHABAD

LONDON, February 8.—The Khumbh Mela, the great religious fair held at the confluence of the Ganges and Jumna beneath the old Mogul fort at Allahabad, is visited this year by a personage who claims to be the most learned of all the Mahatmas in Tibet or elsewhere.

He is beset by devotees of all sects, and his preaching is listened to with rapt attention. The number of pilgrims now congregated at the Mela, from all parts of India and bordering countries, is estimated at two millions.

The fair is always attended by immense numbers of Yogis and other Hindu devotees and ascetics.

TRAIN TRAVERSES SIMPLON TUNNEL

The London Express in a despatch from Geneva dated Feb. 8, says.—The first passenger train to pass through the new Simplon tunnel left Brigue this morning at 8:50, and arrived at Isello at 9:33.

The train consisted of a gaily decorated locomotive and four coaches, containing seventy officials of the Federal Government, engineers and journalists.

The passengers suffered from the intense heat, but otherwise the journey through the tunnel was entirely satisfactory. Upon arriving at Isello, salutes were fired, and cheers were raised by a large number of spectators.

A. R. M'LEOD WINS SCHOLARSHIP

An Island Boy Wins the Coveted Honor of Being the Rhodes Scholar For McGill University. The Winner a Native of Uigg P. E. I.

MONTREAL, Feb. 9.—(Special)—Yesterday evening the Faculty of McGill University appointed A. R. McLeod Rhodes Scholar for 1906.

Mr. McLeod was chosen after a close competition and is the first Island student winning the Rhodes Scholarship outside of his Province.

Mr. McLeod is a native of Uigg, P. E. I. and is about 23 years of age. He entered Prince of Wales College in 1898 University life of McGill and is fond of winning the Queen's Co. Scholarship.

NATIVE TRIBES RISE IN NATAL

Serious Trouble Feared, Soldiers Killed and Martial Law Proclaimed

PIETERMARITZBURG, NATAL, Feb. 9.—(Special)—The native tribes have risen and are terrorizing the country.

Martial law has been declared. Police reinforcements have found the bodies of six soldiers who were reported missing. The men had been cruelly stabbed to death.

Since yesterday fighting has not been resumed, but serious trouble is feared.

CONTRACTS FOR MANY MILLIONS

OTTAWA, Feb. 9.—(Special)—The aggregate value of the contracts for the two sections of the Transcontinental line for which tenders are called will be almost fourteen million dollars.

BRITISH SHIPS FROM ATLANTIC

And Mediterranean sent to North Sea—France to Follow

LONDON, Feb. 9.—(Special)—Four British cruisers will soon be withdrawn from the Mediterranean fleet and four battle-ships from the Atlantic fleet and all will be sent to the North Sea.

The reduction of the Mediterranean fleet is due to the Anglo-French entente and it is likely France will follow Britain's example.

CHINESE HUSBAND WIFE UNHAPPY

PARIS, Feb. 7.—The marriage between a young woman belonging to a well-known family in Paris and a Chinese diplomatist, which attracted so much attention two years ago, has had a somewhat unhappy sequel. After a short period of happy wedded life in Paris, the couple went to Peking, where the young wife received anything but a friendly welcome from the mandarin's family.

The female relatives of her husband quickly made her a butt for their ridicule, her mother-in-law showing herself especially tyrannical. They even induced her husband to marry a young Chinese woman, to whom the young French woman was required to act as a sort of servant.

At last the wretched wife contrived to send a letter to her mother, who went off to China, and yesterday returned with her daughter to Paris.

AUSTRALIAN HERO SAVES CHILDREN

LONDON, Feb. 7.—Advices from Australia give details of the great bush fires, in which at least twenty persons perished. As whole families are still missing, it is feared that this number will be exceeded. For the present it is impossible to estimate the death-roll.

One signal tale of bravery is told of a schoolmaster named Vale. As the smoke and heat invaded his schoolroom, where there were twenty-eight children under his charge, he procured wet blankets, and with these he covered the children at the same time placing moistened rags over their mouths and noses to prevent them breathing the choking fumes.

But the fire crept into the building which began to blaze. Vale, with the aid of his sons, placed the children in a pit, with their covering of wet blankets, and throughout the night he and his sons dragged water from a creek near by to keep the children wet.

All were saved. Vale, who was badly burned, collapsed when the danger was past. He is recovering.

CRUELTY PREVAILS IN AFRICA YET

LONDON, Feb. 8.—Details have just reached England of the burning of a juju house in the Andoni country of southern Nigeria, where both human sacrifices and cannibalism have until recently been rampant. On an appointed day the chiefs of Bonny and Opobo, who have some sort of control over the Andoni tribe, were called together and informed by the British Resident that these nefarious practices must be put a stop to.

After much hesitation the principal chief led the way to the centre of the village, where a ghastly sight presented itself. The juju house was literally covered with human skulls, even the gable ends and verandah posts bearing these horrible trophies. Some were comparatively fresh clearly showing that human sacrifices were still practised. In all upwards of two thousand were counted. The order was given to burn the house, but no native dared execute the command, so that at last the British Resident himself set fire to this chamber of horrors. As the flames leapt up to the sky the greatest excitement prevailed, and the terrified heathen stood with bated breath. Among the articles which perished was an historical drum, fashioned entirely out of human skin, and only beaten at the moment when the executioner struck off the head of some hapless victim.

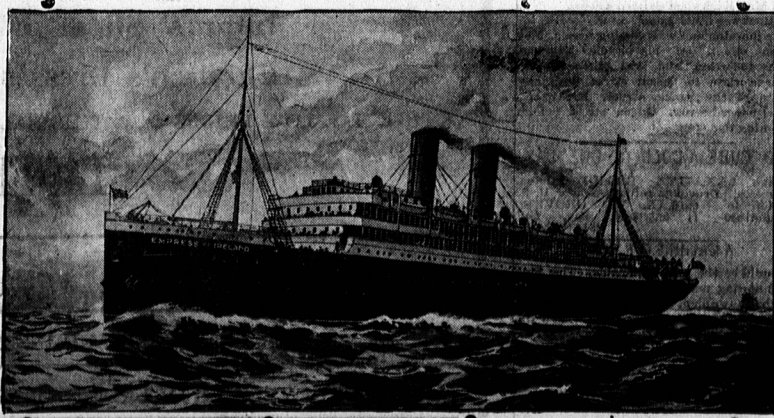

ntines

(Valentine day Feb'y, 14th) We are showing a beautiful line of FANCY and LACE VALENTINES, by far the best and largest stock ever shown in this city, all prices from 2c each up as high as you care to go.

THE C. P. R.'S NEW STEAMER THE EMPRESS OF IRELAND.

The C. P. R.'s new liner, Empress of Ireland, for the Great Britain-Canadian service, was launched lately at the yards of the Pacific Shipbuilding Co. at Govan on the Clyde. F. R. Perry, district passenger agent of the C. P. R. at St. John N. B. recently received the following despatch from Montreal on the day the ship was launched in the presence of an immense number of people at Govan on the Clyde today was successfully launched the magnificent new Canadian Pacific steamship Empress of Ireland, built for the Montreal-Quebec and Liverpool trade. Mrs. Garde, wife of the managing director of the Fairfield Shipbuilding Company, officiated at the Christening ceremony, after which the guests adjourned to the company's board room where a sumptuous lunch was enjoyed, followed by speeches, in the course of which the C. P. R. received the heartiest congratulations upon the happy conclusion of the function and the addition to their large fleet, of this magnificent steamer and her sister ship, the Empress of Britain, now lying in fitting-out basin of the Fairfield Company. The advent of these steamships in May next, representing as they do the most advanced type of modern shipbuilding, will mark a new epoch in Canadian shipping. The Empress of Britain is to sail on her first voyage in May and will bring a large number to Canada. One thousand five hundred and her passenger-carrying capacity is her space for the first voyage is practically all sold now.

PURGATIVES ARE DANGEROUS.

They grip, cause burning pains and make the constipated condition even worse. Physicians say the ideal laxative is Dr. Hamilton's Pills of Mandrake and Bile Beans; they are exceedingly mild, composed only of health giving vegetable extracts. Dr. Hamilton's Pills restore regular movement of the bowels, strengthen the stomach and purify the blood. For constipation, sick headache, biliousness and indigestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a box yourself.
