**EXPORTS OF CANADIAN EGGS**—The Guardian is quoted as its authority for the figures it used in connection with the export of Canadian produced eggs the report of the Minister of Customs for the fiscal year ending Mar. 31, 1919 giving number of the tons and the percentage of the report where the figures could be verified. The Patriot's "Reader" denies the accuracy of the figures and in its yesterday's issue, in a brazen attempt to justify its action gives the export of eggs, month by month, from March 1st, 1919 to December 31st, 1920. Surely the Patriot does not expect the Guardian to be deceived.

**SAGE TEA BEAUTIFIES AND DARKENS HAIR**  
DON'T STAY GRAY! IT DARKENS SO NATURALLY THAT NOBODY CAN TELL.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a bottle of Wyeth's Sage and Sulphur Compound at any drug store. Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful.

This is the age of youth Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur Compound tonight and you'll be delightfully young and handsome again in a few days.

The winners of the different prizes were as follows: Ladies, Miss Rita Shea, Gentlemen, Ambros Smith, Ladies' Booby, Mrs. Wm. Trainor. After cards a delicious lunch was served by the ladies and when the cravings of the inner man were satisfied an interesting debate took place in which quite a number of the men took part. The subject for discussion was from which is derived the most knowledge reading or travel. The arguments on both sides were well presented. However those in favor of the travelling seemed to bear more weight with the audience for when the time came for a decision it was given in favour of the latter. The night been well advanced the party broke up, well satisfied with the evening's entertainment.

**Xmas Entertainment at St. James**  
The St. James Church Christmas Concert was held last night and was a delightful one from beginning to end. The dainty little solo and quartets performing their solos, recitations, piano solos and choruses in their own inimitable manner, winning applause from a most enthusiastic audience of parents and friends. The older pupils performed their several parts very nicely and musical talent is not lacking in the young people of St. James Church. A real Christmas Tree—a tree of buns—occupied the centre of the platform and from its well laden branches candy and oranges were taken for the little girls and boys who were detained at the home on account of sickness, while those in attendance welcomed a genial Santa who had abundance for young and old. A vote of thanks was tendered by Mr. Malcolm to those who were instrumental in getting the programme up. Miss Jessie Fullerton, Miss Jean Tait, Miss Ethel Stewart and it was heartily seconded by Rev. Mr. Murray as it was indeed a credit to them. Col. Stewart presided in his genial manner and the only regret was the absence of Dr. Fullerton, who it is pleasing to report was somewhat better yesterday. The National Anthem brought the enjoyable evening to a close.

## LIFE WAS MISERABLE SAYS ROYAL ENGINEER

**Kirkpatrick Declares He Has Gained 12 Pounds And Is Like Different Man Since Taking Tanlac.**

"Since taking Tanlac I am in better physical trim than I have been in a long time," declared Robert Kirkpatrick, Royal Canadian Engineer, recently. Mr. Kirkpatrick has been in the military service since nineteen hundred and five, and is at present stationed at South Barracks, Halifax, N. S.

"At the time I began taking Tanlac I had been feeling more and more run down for quite a while. I had no appetite, and what I did eat seemed to collect in a lump, like lead right in the pit of my stomach. Gas would form and bloat me up tight as a drum, and I had terrible pains through my chest, stomach and between my shoulders. I had to be very careful of what I ate, as any fatty food would hurt me so bad I could hardly endure it.

"I was restless at night, some times couldn't get to sleep for hours after going to bed, and at the time I felt so tired and worn out, life was miserable. I also had numb, aching pains in my legs, and in fact was out of condition all the time."

Tanlac is sold in Charlottetown by Reddin Bros., in Montserrat by H. J. Mahon, J. P. White, Murray River; H. M. Chisholm, North Toronto; R. H. Coohon, Murray Harbour; Lord's Company, Borden; Lord's Company, Cape Traverse and Lord's Company, Carleton; J. W. McEwen, Bristol; A. J. McNeill, Bonshaw.

(Continued from Page Four.)

ing in the right way and at the proper time he has taken the foremost position in the ranks of first class statesmanship more rapidly than the best of his predecessors. The Union or Conservative party has under his happy leadership been cemented into a sodality so strong that even his opponents are constrained to admit the enduring power of his organization. A divided party he has drawn together, a segregated Quebec is fast returning to his standard, because the people have found in him a leader sympathetic to their needs, and the country a statesman whose patriotism will stand every test.

Thus in politics the year has mingled the evil with good. It is the old story of the compensations to be found in every activity. The inflictions of local misrule may not in our opinion be fully offset by the advantages of good government at Ottawa, but it will go a long way towards dispelling the gloom. Looking forward with a bright hope for the future, and anticipating that 1921 will bring to us greater benefits and blessing than in the best of the past, we wish to all and for all a VERY HAPPY AND PROSPEROUS NEW YEAR.

Address to Miss Josephine Campbell  
Teacher North Lake School  
Dear Miss Campbell: The trustees on behalf of the taxpayers of North Lake School take this opportunity of showing our appreciation of your efforts since you have taken charge of the school. We fully realize that the duties of a teacher are of such a nature that they require the patience and ability alike. You have accepted the position, we are delighted to know that the relations existing between yourself and every taxpayer has been of the most cordial nature and, that our pupils are devoted to you, is evidenced by the splendid attendance, even when weather conditions make regular attendance very difficult. But it is not only in the school that your care and influence are apparent; your interest in the appearance of the school-room, school garden and home projects, is noted very favorably by all. When a school-fair was held on the first time, you spared no effort, that would make it a success. We also highly appreciate your cheerful help, in everything that tends to promote the best interests of the district. You have not however, allowed other things to interfere with your care of the pupils during school hours.
