Miss Devine Again Delights Big Audience

(Continued from page 1)

A variety of entertainment greeted those who attended yesterday afternoon's show at the Charlottetown Sporting Club.

Opening the proceedings were three boxing bouts, participants in which were announced as "pinweights". In the first bout Blair Ryan and Emmet Gallant slugged to a two-round draw. In the second encounter young George Sheppard shaded Harold Byers in three heats to gain a referee's decision, while the third affair was called a draw after Lloyd "Kid" Carr and Jackie Bolger had mixed things freely in three fast sessions.

At the conclusion of these hostilities the spectators were treated to an exhibition of step-dancing by the varied program followed by tap-dancing numbers by Misses Marion McDonald and Dolly Gallant.

At this point Miss Jean Hughes opened the program and delighted all present with a fine vocal rendition of the popular song, "There's A Gold Mine in the Sky". After this number the varied program continued with three more exhibitions of tap-dancing by little local artists including Misses Freda Josie, Marjorie Carr and Marjorie Quinn.

The final and, of course, the feature attraction of the afternoon was the appearance of Miss Esther Devine, young wizard contortionist, of Amherst, N. S. This little artist has performed here before and on each occasion has amazed her audience with the manner in which she twists her little body into seemingly impossible positions.

Yesterday afternoon she was at her best, and at the conclusion of her performance there was little doubt in the minds of those present as to her exceptional ability. At different stages of her act she seemed to be literally lit in knots and spectators wondered at times if she would be able to assume a normal position again.

Much has been written of this young lady and no doubt a great deal more will be written in the future, but in the minds of those who witnessed her performances here she has left a lasting impression, and it is safe to say they will be looking forward to her reappearance here again in the not too distant future.

Yesterday morning Miss Devine put on her act at the Provincial Sanatorium for the benefit of the patients in that institution, and needless to say her generosity was greatly appreciated by patients and staff alike.

Musical accompaniment for yesterday afternoon's dancing and singing numbers was provided by Messrs. Dofron and Santry, while Gus Longphie refereed the boxing bouts.

2nd P. E. I. Class In Forestry Likely

(Frederick Gleaner, July 19)

J. C. Veness, officer in charge of the Maritime District of the Dominion Forest Service, returned to Fredericton last night from Prince Edward Island where he spent a week in consultation with Provincial Government officials in regard to the possibilities of a future forestry programme on the Island.

While in P. E. I., Mr. Veness made a point of inspecting the work accomplished there by the members of the group of young men who attended the short course in practical forestry at the Acadia Forestry Experimental Station in Sunbury County during October and November of last year.

Mr. Veness was highly pleased with the interest which had been maintained by the members of the P. E. I. group who recently on their way to Halifax expressed delight at the valuable permanent collection of water colors and oils that is on display there.

Sir Wyly, who is known throughout Canada as being one of the most outstanding portrait painters of the day, will arrive here from Lady Grier, they have been visiting their son Mr. E. Grier and Mrs. Grier in Halifax. Mr. J. E. Grier is Manager of the Halifax branch of Hudson, McMillan, Co., Ltd.

for the province. Mr. Smith is a native of Prince Edward Island, and graduated from U.N.B. in 1934. Because of the distinct interest in forestry and the interest shown by the group sent here last year, it is quite probable that a second group will be sent to the Acadia Station to take a second course in the coming fall, said Mr. Veness.

Discuss Workmen's Compensation Act

The proposed Workmen's Compensation Act for this province was discussed last night at a conference between Mr. W. L. Best, Ottawa, vice-president, national legislative representative Brotherhood of Locomotive Firemen and Enginemen, Mr. Angus Cameron, local representative for the Brotherhood, and Mr. Daniel Coughlin, chairman of the Workmen's Compensation Committee of the Laborers' Protective Union of Charlottetown.

Mr. Coughlin called the committee together and prospects of having the Act placed on the statute books of this province were discussed with Messrs. Best and Cameron. Regret was expressed at the absence from the city of Premier Campbell as it had been hoped to arrange a conference between him and Mr. Best at this time.

Mr. Coughlin was informed by the visiting compensation authority, however, that the Act as drafted for presentation to the Legislature last session was perfect.

Mr. Best would be in the province again in November to confer with the Premier. It was announced.

Other persistent rumors have slated Justice Minister Lapointe for the Senate to succeed Senator Raoul Dandurand as government Mount Allison University to give a lecture before the students attending the Maritime Summer School and others. Sir Wyly will speak on "Adventures in Portrait Painting."
