At the hour of eight o'clock the Rev. E. J. Rattee pronounced the solemn words which united the happy couple in the sight of God and man. Thereafter, a very large company of guests tendered hearty congratulations to Mr. and Mrs. Bearsto, who are deservedly popular with all in the community. ## A SOCIALIST PROPHET

(Continued from page 2.)

small, obscure town, every preparation has been made for the enormous masses of troops. Against whom could such troops be used? Not against Russia; not against France, which could be much more easily and effectually assailed by land. No; the long quays were made for the embarkation of an army for the invasion of England. If the long quays were made for any other purpose they were made by fools. Now the Germans are not fools.

This is not all the evidence; but it will serve. The German method has always been to prepare secretly and thoroughly for war, while professing peace. Germany is now preparing for war upon a greater scale than she ever before attempted, and is at the same time professing peace to us. Germany behaved in the same way to Austria and to France, and when occasion served she fell upon her victims, defeated them, and annexed their territory.

Germany has on more than one occasion given way to furious and bitter manifestations of hatred against Britain. The acts and speeches of the Emperor, of his Ministers, and of his officers have been hostile and unfriendly to us on many occasions. The German Press is, and long has been, sporadically unfriendly to Britain. Germany has during the past eight years made naval preparations on an unprecedented scale, and in three years' time will have an enormous and powerful fleet in the North Sea, and behind the fleet everything needed in the way of construction and armament, and docking and repairing. Germany has ships, quays, equipment and men ready for an invasion of an enemy's country.

The German nation is a nation of soldiers, all organized, all equipped, all capable of rapid mobilization. Germany is the commercial and political rival of Britain. Britain alone stands in the way of Germany's realization of her dream of worldpower and domination. Germany has threatened us and warned us over and over and over again through a thousand tongues and pens.

It has been said that all these threats and warnings come from irresponsible Chauvinists. But it is a significant fact that all the utterances of these Chauvinists have been borne out by the facts of the rulers and leaders of the German people. The German Government may be doves and lambs; but they have made, and continue to make strenuous and gigantic preparations for war with Great Britain.

It is easy, perhaps, to find a plausible answer to any one piece of evidence. But the cumulative evidence is overwhelming. It admits of no other conclusion drawn by all capable critics and judges in every country of the globe.

Quite evident to the dimmest eyes, and reiterated over and over by Ger-

man politicians and military men, is the German motive for hostility to Britain.

Very significant are the anxiety of our soldiers and statesmen and the preparations, naval and military, which our Government has made against a prospective attack which no nation other than Germany, is capable of attempting.

Very significant are the thousands of abusive or threatening utterances from the Pan-Germanic party.

Most significant are the magnitude and eagerness of the German naval preparations.

Weighing the evidence calmly and dispassionately, I feel it my duty to declare my conviction that the British Empire is today confronted by the most tremendous danger that has ever threatened its existence.

And I must confess, with sorrowful misgiving, that the nation is blind to its peril, and is proving itself impotent to meet that danger as it must be met if the Empire is not to go down in complete and irretrievable disaster.

## CORONATION OF POPE BENEDICT XV. OF IMPOSING SOLEMNITY

ROME, Sept. 8.—The coronation of Pope Benedict XV. took place on Sunday in the Sistine Chapel. The ceremony was imposing in its solemnity. The Sistine Chapel was used for the occasion in order to avoid pomp during the war that is in progress. The entire Pontifical court, many of the Roman aristocracy, and the family of the Pontiff were present.

The scene with Pope Benedict seated in the Sedit Gestatoria chair preceded by the bearers of the Triple Crown and flanked by the bearers of the celebrated feather fans and sixty cardinals in their full-vestments was a striking one. When the ceremony ended the Pope was received with loud acclaim by those present.

Later in the day Pope Benedict received successively in private audience Cardinals Gibbons, Farley and O'Connell, who presented their suites and some American friends to the Pontiff.

# The Latest News of the Fox Industry

Shows that the Cross or Patch Fox is becoming highly popular with investors. Companies formed last year with this class of foxes are paying very large dividends. There is always a good percentage of black foxes in a number of litters.

Blacks from Crosses are well furred, healthy and extremely beautiful. They will be marketable on a pelt basis at a high figure. The Cross fox industry is therefore a safe, sane and sound one, the low capitalization allowing the investor a chance to become interested on the ground floor—to start where the pioneer started and at practically the same cost. We offer at present.

15 pairs Cross foxes, 1914 increase. They are large, handsome, healthy, sound, strong and well furred with excellent Black and Silver markings, they were bought right and will be sold right. If you have a little idle money why not get into the fox industry yourself. Be a rancher. Own a pair of foxes and secure all the dividend for yourself. Think it over but don't take long, as the kind of foxes we have to sell will move quickly.
