—LEFT FOR QUEBEC—Miss Hope Prichard and her brother, Mr. Reginald Prichard left last week for St. Adele, Quebec, where they will conduct a ski-camp in that vicinity. As there is plenty of skiing in that part of the country the young people should do well.—S.

—SYMPATHY EXPRESSED—Much sympathy is expressed for Mr. and Mrs. Roland Pollard of Freetown in the death of their little son Lorne aged nine months, who passed away on New Year's Day. The funeral was held on Monday from the Roman Catholic Church at Summerfield.—S.

—KENSINGTON BUTTER FACTORY—It is a matter for congratulation in those years of comparative drought and depression that the production of butter in Kensington increased more than doubled in the last two years—from 68,000 lbs in 1935 to 143,000 lbs in 1937. It is a sure indication that farmers are getting back to the dairy herds as the principal item in farm economy. The consolidation of the old milk hauling routes combined in no small degree to the increased output. Some costly machinery has been installed including churning, refrigerator, etc., and a dividend of 5 per cent has been declared. Much credit is due the buttermaker Leo Hughes and the secretary W. L. Delaney for the circumspect manner in which they have handled the affairs of the association.—K

—KENSINGTON RINK—Another gala season for winter ice sports has been ushered in. Some of the Caesars said "All roads lead to Rome". The metaphorical expression may be applied appropriately to the gay crowds gravitating to the big ice arena on hockey and skating nights. The bright bizarre dress of the skaters skimming over the ice like swallows together with music and bright lights make the whole ensemble a "Winter Wonderland". Junior hockey has been introduced and a hectic season is anticipated with intense local interest. The sight of a good hockey game is a cure for the "blues". Old and young witness the games and forget all other worries and troubles—for a while at least. The local boys are improving in the technique of the great game every year. Good performers are expected of the juniors. It is to be hoped that Kensington will soon develop a team which will rate for the "big time" circuit viz. Charlottetown—Summerside.—K

—INSTALLATION OF OFFICERS—At the regular meeting of the Herman and Lebanon Lodge No. 3 A. F. and A. M. the following officers were elected: W. Bradshaw, W. M.; T. H. E. Ingham, S. W.; J. E. Morrison, J. V.; B. R. Sharpe, Secretary (re-elected); R. E. Ellis, Treasurer; H. B. Bernard, Chaplain; James MacArthur, S. D.; Roy Tanton, J. D.; J. H. Hanson, S. S.; Harry Daley, J. S.; O. Whalen, I. G.; William Gungey, Tyler. The officers were installed by Brother, Donald Baker, D. G. M. and Bro. H. B. Bernard.—S.

—WEEK OF PRAYER—The week of prayer opened in Summerside on Monday evening with a largely attended service in the Baptist Church. Rev. J. B. Wilson conducted the services and opened the meeting with a service of song. Mr. Turpel offered prayer. Rev. William Verwoil was the speaker of the evening. His text "take ye therefore no thought for your life" was very applicable to the theme chosen for the subject of the week, "God with us". In a very eloquent sermon Rev. Mr. Verwoil showed how God was ever thoughtful of his creatures and that we should put our lives in His care. A divine providence ruled over all. Last evening Rev. L. E. C. Davies was the speaker in the Christian Church. This evening the service will be in the United Church Rev. A. B. McDiarmid.—S.

CANADIAN

(Continued from page 1)

ister Mackenzie King called on Lady Perley to express his personal sympathies and the condolences of the government. He told Lady Perley the government would desire to furnish an escort of Royal Canadian Mounted Police for the funeral and to have a program played on the carillon in the Peace Tower during the services. Late tonight Lady Perley had not indicated her wishes but it was expected she would accept these arrangements which would provide the aspects of a state funeral.

PROMINENT IN OTTAWA

Prominent in Canada's political life since 1904, adviser to two great Conservative Prime Ministers, Sir Robert Borden and Rt. Hon. R. B. Bennett, Sir George labored long and usefully for his adopted country both at home and abroad.

In an acting capacity Sir George had at various times played almost every role in government from acting prime minister down. He was Canadian High Commissioner in London during the war years, was first Overseas Minister of Defence, and was a member of the first Imperial war cabinet.

Of medium height and build, Sir George's most striking physical characteristic was his heavy jet hair and well-trimmed beard which he had worn for many years. These were only slightly silvered by the years and in every way had dealt kindly with him.

FRIEND OF ALL

An outstanding characteristic of Sir George was his geniality. He had a ready smile and witty conversation that the hosts of friends who encountered him as he walked about the streets of Ottawa. He was a friend of the rich and poor alike and his disbursements among the needy were constant and liberal. Several charitable institutions in Ottawa stand as monuments to his generosity and that of his family.

During his term as Canadian High Commissioner in London Sir George and Lady Perley endeared themselves to the members of the overseas forces and among the high officials with whom they came in contact there during the war years. They were close friends of the late King George V and were entertained by him and Queen Mary at Sandringham.

PAID OWN EXPENSES

Sir George was a man of considerable wealth although he lived without ostentation. During his many trips abroad on missions for the Dominion Government he refused to take advantage of the provisions made by the Treasury but paid his expenses from his own resources.

One of the oldest graduates of Harvard University, Sir George came to Canada as a young man and associated himself with his father in a prosperous lumber business on the Ottawa River. He had business interests in Arrenteuil County, Quebec, which riding he represented in Parliament from 1904 to 1917, and from 1925 until his death.

A member of the fast disappearing band who composed the government formed by Sir Robert Borden in 1911, Sir George ever took a portfolio although more than once would have had his choice.

From 1914 until 1922 Sir George was in London, first as assistant High Commissioner, to which office he succeeded on the death of Lord Strathcona in 1917. He represented Canada on numerous missions in London and Geneva.

Returning to Canada Sir George was out of politics until 1925 when he was again returned in Arrenteuil. In 1926 he entered the Bennett Government without portfolio and was one of the Prime Minister's closest friends and advisers.

Gasoline Prices In Alberta Reduced

CALGARY, Jan. 4.—(CP)—Gasoline prices will be reduced 1-2 cents a gallon in Alberta following a reduction in crude oil prices at the Turner Valley Wells, J. R. McLeod, Production Manager of the Imperial Oil Company Ltd. announced today.

He said producers could be paid 22 cents a barrel less for their products, making the average price for Crude \$12.26 a barrel. He also said there would be a decrease in pipeline receiving, storing and loading rates on Turner Valley Oil. The reductions are effective Jan. 5.

In Calgary the reduction of gasoline will cut the retail price to 27 cents a gallon, including a seven cent Government Tax, on standard grades and 19 1-2 cents on the higher grades.

MEN WHO FEEL OLD

Get Back New Youth, Energy, Vitality

To many men to-day feel tired out all the time—can't work, late to get up mornings, haven't the vitality to do the things they used to do. A weak unhealthy liver caused by modern living, soft foods, lack of exercise, is the chief reason. Your liver is the storehouse for glucose or the "energy part" of the food you eat—it supplies energy to muscles, tissues and glands. If it is not strong and active no wonder you feel old! Take "Fruit-A-Tives," it will build up your liver like nothing else will. It's the surprise how young you soon feel. 25c, 50c., all Druggists.

000 to 125,000 at the same time last year," the report states, "the net improvement in the general situation, outside this stricken plain, suggests approximately 200,000 to 225,000 fewer persons dependent on public funds for material sustenance."

North Shore Hockey Gossip

I am writing you this little letter in the hope that you will see fit to have it printed in your sport column. It contains explanations that I feel should be made public in fairness to the Executive of the North Shore League of which I happen to be president.

First let me commend you on your efforts to keep alive the controversial spirit of the old "Stovepipe League," for without the badinage and argument of the hockey solons who gather around the fires in the barber shop before and after the actual contests, hockey would indeed be a tame affair. I would also like to express my appreciation of the way you hustle and work for the good of the game here in Kensington. I am throwing those bouquets at you so that, should I happen to lay you low with a brickbat later on, you will be appropriately decorated with flowers. In your recent batch of sporting notes, you say "the executive would also like to have them (Indian River) in, but they do not want to give their solons who gather around the fires in the barber shop before and after the actual contests, hockey would indeed be a tame affair.
