

IT'S WONDERFUL HOW BUCKLEY'S CAN FIX A COLD SO QUICKLY

That's what surprises everyone who takes BUCKLEY'S for the first time. Accustomed to ordinary cough remedies they don't expect any benefit for several days, and often don't get relief then, and are astounded to find that the very first dose of BUCKLEY'S MIXTURE gives unmistakable relief.

ASSAULT CHARGE—Two men appeared before Magistrate Donald MacKinnon yesterday morning on a charge of assault, which is alleged to have taken place on St. Peter's Road on Nov. 1. The case was adjourned till Nov. 21.

TO ROYAL WINTER FAIR—Herds of the prize cattle of Ings and Son, and of Mr. J. Walter Jones leave this morning for the Royal Winter Fair. The herd of Ings and Son consists of eleven head of Ayrshires and are in charge of Messrs. Earl Ings and Irvine MacKee. Mr. Jones' herd of Holsteins will be in charge of Messrs. Victor Clouston and Cecil Lelachur.

SCHOOL BOARD—The regular monthly meeting of the School Board was held last evening. The chairman, Mr. C. H. B. Longworth, on behalf of the Board extended congratulations to Hon. Dr. MacMillan on his elevation to the Premiership and to Hon. H. F. MacPhee on his appointment as Attorney General. Members of the board extended sympathy to the chairman on the death recently of his sister.

DANGEROUS PRACTICE—Many complaints were received at the Police Station yesterday regarding the dangerous habit of children who were coasting and skating on the slippery pavements, particularly on the icy streets. Numerous hair's breadth escapes from serious injury from vehicles are reported. The police ask for the cooperation of parents in discouraging this exceedingly dangerous practice.

POTATO STEAMERS IN PORT—The S. S. Jakob MEARS, arrived from Summerside yesterday morning where she was loaded a part cargo by the Associated Shippers and is completing her cargo here with 20,000 bags. This steamer is docked on the east side of the railway wharf. The S. S. Nidaroid arrived from Souris yesterday morning where she loaded a part cargo by the Potato Growers Association. The S. S. Dampfire, arrived from Victoria where she loaded a part cargo and yesterday was anchored in the stream.

CARD PARTY—The second game of the Auction Tournament was held in the Holy Name Club card room last evening and was largely attended. Competition was very close up to the last stage of the game, when the following staged a fighting rally and carried away the prizes for the evening: Ladies' first, Mrs. J. F. Stewart (score 900); Gents' first, Mr. T. M. McMillan (score 1015); Consolation, Ladies', Miss Jean Peters (545); Gents', Prof. J. F. McMillan (score 855). The freeze out was another bang up affair, all being frozen out except Mrs. P. J. Gallant.

Mr. Harold Harper, accompanied by his wife, has left for Toronto where he will spend the next few months getting his artificial limbs, and also further treatment at Montreal.

Notice

All members of the Benevolent Irish Society are requested to meet at their Hall this morning at 8.30 to attend the funeral of their late Brother, Patron Peter Bradley.

SPEAKS ON R.C.M.P. WORK AT GYRO CLUB

Law Enforcement Subject of Interesting Address By Inspector Fripps.

Inspector James Fripps of the Royal Canadian Mounted Police gave a very interesting address on "Law Enforcement in Prince Edward Island" at the weekly meeting of the Gyro Club held last evening in the Canadian National Hotel.

He explained the location of detachments, the distribution of officers, and how the personnel at headquarters is employed. He described the various Federal and Provincial statutes, the enforcement of which devolves upon members of the Force.

He explained the necessity of the men being always on the alert, the necessity of securing the proper evidence and the importance of the rank and file of the citizens assisting the police at all times.

The Inspector dealt with the large amount of work entailed in investigations and prosecutions under the Highway Traffic Act and that section of the Criminal Code which deals with intoxicated drivers, and stated that according to statistics available the driving of motorists was considerably improved and has become much safer; there not being nearly as many accidents and fatalities in 1932 or 1933 as there were, for example, in 1930.

He described other phases of police work and this was followed by a "question-box" and a "round-table" discussion in which many interesting matters were dealt with. The speaker stressed the great necessity for the police receiving proper information from the public if they were to be expected to operate efficiently.

A vote of thanks moved by Mr. W. A. Gaudet and seconded by Mr. R. C. Chandler was tendered the Inspector by the chairman, Mr. C. Frank MacDonald.

Dr. B. C. Keeping was elected to the vacancy on the Executive and at a later meeting he was appointed secretary of the Club for the balance of the year. The matter of the sale of Christmas Seals the latter part of November was discussed and committees appointed to carry on the work.

Grade I Sr.—1, Andrew Black; 2, Lucy Will. Grade I Jr.—1, Esther Aitken; 2, Adeline Campbell; 3, Velma Burke. Perfect attendance—Basil Johnston, Dorothy Johnston, Hilda Francis, Edna Burke, George Francis, Dorothy Burke, Elwood Campbell, Earl Townsend, John Francis, Lorne Francis, Dorothy Works, Henry Townsend, Weldon Campbell.

RULING FASSION

Judge—Too old! Why I could give you twenty years. Friend: Now, now, Judge. Don't start talking shop!—Sydney Bulletin.

"I do SOLEMNLY DECLARE that for a long time I suffered badly from INDIGESTION I tried everything to get relief but I continued to get worse. A friend of mine recommended Fruit-a-tives After taking them, it was not long before I was entirely well and could eat anything without pain or after effects." Sam Sussone

The following letter from the Public Utilities Board was read: Replying to your communication of Oct. 24, wherein you require information from the Board of Public Utilities, as to what action has been taken on the application made by five householders of the city, and also inquiring when a hearing upon the application may be expected, I have the honour to reply that no action whatsoever has been taken on the application, and the Board is ready at any time to hold a hearing, when the solicitor for the householders applies for the same in accordance with the statute and rules of practice made thereunder.

MUCH HEAT

Continued from page 1

Reference was made by His Worship to the death of Sergeant Peter Bradley, who 58 years ago had been appointed a member of the Police Force for the City of Charlottetown. For fifty succeeding years under conditions much more difficult than those now existing, he had faithfully done his duty.

The fact that he continued so long in his position testified to his ability. As an officer he was honest, capable and incorruptible. As a detective he showed keenness, shrewdness and discernment. His Worship was glad to be in a position to pay a tribute to the deceased.

A stormy and heated discussion arose out of the minutes, on the subject of the purchase of a test car load of coal. Councillor Whear insisted that he had been given authority at a caucus meeting to purchase the coal from a certain dealer. He had received an offer in writing which was given to the City Clerk. As a result of a statement by an opposition coal dealer the letter of acceptance was held up, but was eventually forwarded.

Councillor Kennedy stated that no tender had been received from the dealer in question at the time of the caucus. Councillor Whear stated that one had been received by the clerk. The point was disputed at great length.

Relief Question

Councillor Kennedy reported in asking for the confirmation of the Council before the payment of the relief bill that the Government had indicated its willingness to continue to pay one-third of the increased bill, if it were necessary that the bills be increased.

Councillor Whear stated that up to the present year the congregations had taken care of their own poor. The churches should bear their part of the burden. He blamed the Finance Committee for not taking its responsibility in the matter of the relief bill, and thus precipitated another heated argument.

Councillor Holman and Kennedy replied that the Finance Committee could not pass the bill. The whole Council would have to sanction the bills. Councillor Whear's criticism of the Finance Committee was unjustified, they stated.

Councillor Whear insisted that the committee was not bearing its responsibility, while the committee insisted that it was.

Councillor Day advocated the appointment of a special relief officer to investigate cases. He had made such a suggestion to the Premier.

Councillor Whear stated that if His Worship had appointed a committee as he should have done, in accordance with a resolution passed at the last regular meeting much discussion could have been prevented. No one man should attempt to represent the Council before the Government. There should be a written understanding with the Government to the effect that it would pay one-third of the relief bill. Until there was such an agreement he would not vote for the payment of any relief bills.

His Worship in reply to Councillor Whear, stated that he had no authority to appoint a committee. Motion had been made that a committee be appointed. Why had not the Council appointed the committee? He believed that the clergy-men could handle the relief question more economically than any machinery which the Council could set up.

Councillor Kennedy stated that the appointment of a committee was not necessary, as the Government had not yet refused to pay a bill.

Utilities Board's Reply

The following letter from the Public Utilities Board was read: Replying to your communication of Oct. 24, wherein you require information from the Board of Public Utilities, as to what action has been taken on the application made by five householders of the city, and also inquiring when a hearing upon the application may be expected, I have the honour to reply that no action whatsoever has been taken on the application, and the Board is ready at any time to hold a hearing, when the solicitor for the householders applies for the same in accordance with the statute and rules of practice made thereunder.

Finances

Councillor Kennedy for the Finance Committee reported that considering the conditions, taxes were coming in very well.

His Worship Mayor Stewart announced that a civic election was coming this winter and it was the desire of all the Councillors that every citizen have the privilege of voting, but if a citizen's taxes were not paid before December 31, he would be disqualified from voting. Councillor Reardon reported for the Streets Committee stating that the regular work was going on. It was hoped that it would be possible to do some work in addition to that already provided for.

Councillor Burke for the Police Committee stated that citizens had asked him to extend congratulations to the Chief of Police and the staff for the manner in which they had carried out their duties on Halloween night.

Light Committee

Councillor Holman reported for the Light Committee. His Worship stated that he did not think anything that the council could do would be of much use. The commissioners were right, as they were in the position of judges. He presumed that the five rate payers would have their solicitor take the case up, and secure the evidence necessary. If the case were to be successfully conducted the Council ought to have the Act amended next March.

Councillor Holman stated that the committee had gone into the matter of having the act changed at the next session of the legislature. Mr. N. W. Lowther, assisted by Mr. N. W. McNab, an expert from Nova Scotia, had been ordered to prepare a new act. Mr. Lowther had called in two members of the Public Utilities Board, and had received their approval of the Act. A certain member of the Government was to bring in the new Act. But a member of the Public Utilities Committee had told a member of the Government that he would refuse to act under the proposed act. A great deal of lobbying had been done by certain persons.

The act had been brought in late in the session by the present Premier. The bill had received its first reading. It had been urged on the Government that the act was no improvement over the old one. Propaganda had been used by outside utilities. The citizens were still "paying through the nose" over technicalities of the law.

The new act was presented to the Board, and was satisfactory, but it was not satisfactory for them when it appeared before the Government. The Government was not to blame, as it was told by the experts that the old act was all right. It might be just as well to wait for a new act, and until there was a sympathetic Board of Utilities.

Requested to express his opinion on the matter, the Recorder, Mr. K. M. Martin, stated that to look for a hearing at the present time would be ridiculous. Two months work would be required in preparation of the case. The Board fixes the time for the holding of the investigation.

Councillor Kennedy stated that the present Premier had asked the Utilities Board to have an investigation, and had stated that the Government was co-operating. Councillor Trainor reported for the Fire Committee.

Resolutions

A resolution was passed for the purchase of a car of coal from Mr. J. P. McCloskey.

A resolution was introduced for the continuation of the street from North River Road to the Sanatorium as far as Spring Park Road.

His Worship stated that the carrying out of the resolution would be contrary to law, as the existing contract could not be added to.

A heated argument arose in which there was considerable cross fire.

Councillor Hennessey thought that pipe should be laid as far as Spring Park Road.

The motion carried, with several dissenting votes.

His Worship stated that he would not sign a contract which was contrary to law. The resolution was withdrawn.

Public Health

Following is the report on Public Health, presented by Dr. B. C. Keeping:

I beg to submit herewith the monthly report of the Department of Health for the City of Charlottetown for October, 1933.

Chest examinations, 40; Communicable Diseases Reported, (1) Typhoid Fever; Cases Quarantined, 0; Laboratory Examinations: Blood Examinations, 40; Sputums, 8; Throat Swabs for culture, 1; Miscellaneous: Urinalysis, 1.
