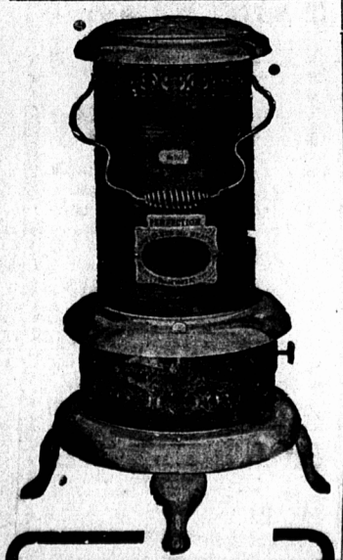
CHAUFFEURS BIG STRIKE

NEW YORK, October 28—The postal Transfer Chauffeurs are on strike and nearly a million pounds of mail are piled up here.



Heat that Cold Room

with the Perfection Oil Heater. The Perfection is the very latest word in efficient, satisfactory, economical and durable heat.

There is no smoke, no odor from the Perfection stove. The flame is easily adjusted and the oil tank holds enough oil for a day---the meter tells you how much fuel has been consumed.

There are hundreds of points to the Perfection that you should investigate. Call in and see this stove.

NO FRICTION IN ANY DIRECTION.

LONDON, Oct. 27.—The Times has an editorial this morning protesting against the sensational statements published on both sides of the Atlantic regarding the relations existing between the governments at Washington and London over the Mexican situation, and repeating its former assertion that no friction has arisen in any direction between the two governments. Reviewing the situation, it says:—

"We did not acknowledge General Huerta as acting president, from any predelection which we entertain for him, nor does the recognition imply approbation of his methods. We acknowledged him simply because he was the acting president, and because we thought in common with most of the powers that his recognition would tend to the restoring of orderly government. President Wilson has taken another view of the position and is supported by the great body of popular opposition in the United States. The speech which he made at Swarthmore, Pa., on Saturday, shows once again by what high ideals that view is supported. We do not question the elevation or sincerity of these sentiments. We cannot but question how far they may be practical politics. We speak frankly—we do not believe that a government can be established in Mexico which will realize, even roughly, President Wilson's ideals. We shall be delighted to find that we are mistaken. There has, we repeat, been no friction between London and Washington on the question hitherto, and we earnestly hope there will be none in the future."

THE CENTRAL GUARDIAN

It pays to buy in this Province.

OYSTERS.—Oysters may be had at 53 Water street, west, for 60 c a quart, today only..... 2393.

THE NORTHUMBERLAND.— The S. S. Northumberland arrived in Charlottetown from Pictou at 8.10 last evening.

REMEMBER The auction sale, on the 19th, of November on the farm of William J. Story, at Millview, of stock, crop and implements. See Ad. and handbills later. 2392.

DELEGATES.—Be sure and see Naves' Students Bible and those Christian mottos, at 170 Queen St, before leaving for home. 2386.

A PROVIDENT HEN.—A prominent railway man, whose home is in Charlottetown, owns a hen which is developing some peculiarities that are likely to make her famous. After rearing a brood of chickens to an age at which they could safely be left to their own resources the mother hen began paying daily visits to her owner's kitchen where she laid an egg on a lounge every morning. Latterly, finding that her efforts were being appreciated, she has gone a step further and now lays her daily egg in a glass eggbowl on the sideboard in the dining room. Her owner now expects that she will shortly undertake to superintend the cooking as well as the providing of this necessary article of diet.

THE IMPERIAL.—Although only a little over four years old the Imperial Motor, manufactured by Messrs Bruce Stewart & Co., Ltd., has found its way to the ends of the earth. New Zealand, Australia, Japan, Africa are already among its customers, and orders are being received almost daily, that cannot be filled within the specified time, so enormously has the demand increased. A plant working to its full capacity, every man employed who can find room to work in, and orders coming in faster than they can be filled, surely these are evidences not alone of the merits of this particular machine but show clearly the need of expansion and enlargement. Prince Edward Island needs factories, needs the employment that factories afford, needs the dividends that accrue from profitable enterprises. The Bruce Stewart & Co. enterprise has demonstrated its profitableness and has in a few years established itself as one of the foremost industries in Eastern Canada. Such an industry deserves all possible encouragement, and every effort should be made to develop it. 2390.

MARRIAGE NUPTIALS.—Yesterday morning as the sun shone brightly, a very pretty and pleasing event took place at St. Joseph's Convent, The contracting parties were Miss Emma Curley, daughter of Philip, and Mrs. Curley, Prince St., and Mr. Joseph Coyle of the P. E. I. R., son of Mrs. John Coyle, City, the Nuptial knot being tied by the Rev Father Frank McQuaid of the Cathedral. The bride looked very winsome gowned in a tailored suit of blue, with hat and plumes of corresponding shade. She carried a large bouquet of white aster and maidenhair fern. She was attended by the groom's sister, Miss Margaret E. Coyle, who was very prettily attired in a tailored suit of blue, with blue beaver hat to match and carried a large bouquet of white and pink carnations with ferns. Mr. A. Eneas Curley, brother of the bride, did the honors of best man. On arrival at the Convent they were met at the door by the Mother Superior, who presented the bride with a handsome pair of pearl prayer beads and the groom with a handsome book. During the ceremony the convent choir under the direction of one of the Sisters, rendered beautiful and appropiate hymns. After the ceremony the happy couple were driven to the Wharf, followed by a number of carriages with friends. They will spend a few days in Halifax, and other points in Nova Scotia. The wedding presents were many and useful, some very costly and including several cheques.

PERSONALS

Mr. J. H. Bell returned to Summerside yesterday.

Mrs. Harold Matthew, of Souris, left the city yesterday for Boston.

Mr. and Mrs. E. Crosby came to Charlottetown yesterday from Cape Traverse.

Mr. and Mrs. Sullivan yesterday morning left Charlottetown for Boston and New York.

Mr. Alex Strange from Sydney arrived in Charlottetown by the Northumberland last evening.

Mr. Irving McLaren, of Paton & Co., left the city yesterday for Mt. Stewart where he will spend a short holiday.

Mr. John Mortimer of the R. R. Machine Shop, has been confined to his home for some days by illness. His many friends hope soon to see him out again.

Messrs J. M. Hughes, A. Hennessey, John Reardon, B. Callaghan and Temple McDonald were among the passengers arriving in Charlottetown on the Northumberland last evening.

Mr. Edward McKay, agent for the Mutual Life of Canada, spent the week end at Stanley Bridge. Mr. McKay is well known around New London, where he has earned for himself the name of a hustler.—N.

::HOLMAN'S PAY freight to any railway station in P.E.I. on $10.00 orders as outlined in detail on the back cover of their catalog. 2335-10-28Me31.

THE PLANT LINE.—Mr. James Carragher, agent of the Plant Line here, has received the following telegram from Mr. H. L. Chipman, Eastern Manager at Halifax: "Owing to the Steamer Perry being delayed nine hours at Charlottetown last week and then further delayed by the weather, fog and large cargoes at both Hawkesbury and Halifax obliged to cancel going east this week." This means that there will be no plant line sailing from Charlottetown until Friday, November 7th.

FOX NEWS.—Among prominent fox-men in the city yesterday were Mr. H. B. Weeks, of Tryon; Mr. Gore of the Holt Renfrew Company, of Quebec; Mr. J. Albert Grant, Secretary of the Newfoundland and Labrador Fox Ranches, Ltd.; Mr. Scovil, of St. Stephen, N. B., who, with some others from the same place who are interested in the fox business, is here with the object of looking over some of the fox ranches in this Island. Mr. Scovil is a prominent merchant and capitalist in St. Stephen, and is in fact one of the principal officials of the Board of Trade of that town. He and his associates were interested in the fox business by Mr. Ives, of Montague. When Mr. Ives first introduced the matter of fox ranching, not much weight was given to his proposals, but he took the plan of convincing the sceptics by building a fox ranch in St. Stephen, at a location near the American border, and the business thus formed is doing exceedingly well, and the people of St. Stephen are now as enthusiastic over foxes, as those of this province.

(From yesterday's Evening Guardian)

SOCIEL EVENT.—Mrs. St. Clair Blackett, Edmonton, entertained at a very large tea Tuesday afternoon in honor of her daughter, Miss Blackett and Miss Agnes Watts, formerly of Charlottetown, who made their initial bows to society. The large spacious hall and drawing room were beautifully decorated with quantities of pink and white roses, palms and ferns. The mantle in the drawing room being a perfect bank of roses; the library and dining room were done in big yellow and white 'mums and with the many softly shaded lights made a very charming picture The tea table was set with a handsome lace centre and doilies and a shower of yellow 'mums in a big crystal vase, with ropes of smilax hung from the electrolier to the four corners. Mrs. Blakett and the two fair debutantes received at the entrance of the drawing room, Mrs. Blackett wearing a copenhagen blue silk crepe de chine, relieved with lace and jeweled trimmings. Miss Blackett, a bright, vivacious and very attractive young lady, wore a very beautiful gown of pale pink flowered accordeon pleated chiffon over ivory satin, long pointed train and draped tunic of satin, edged with a band of white marabou and caught with tiny rhinestone buttons; bodice of flowered chiffon and shadow lace, finished with diamante and shower bouquet of cream roses. Miss Agnes Watts, a tall, stately beauty, wore a beautigown of white brocaded moire, draped and fastened with a pearl ornament, long pointed train, bodice of shadow lace with seed pearl trimming and shower bouquet of American beauty roses. In the evening Mr. and Mrs. Blackett entertained a number of young people at one of the jolliest of jolly dances.

SIBERIAN SABLES.—Delayed by fog on the Banks on her way from Libau, Russia, the Russian-American liner Russia arrived Saturday morning with a full passenger list says the Halifax Herald.—Two Russian sables were landed here, having been brought from Siberia by the department of agriculture for the purpose of experimental breeding. There has been such success in the fox farming industry in Prince Edward Island that the department decided to purchase a pair of sables and to send them to the fox farms on the Island. These sables are very much more valuable than the black fox and are said to be the first pair introduced into Canada. The sables are a particularly good pair and the experiments will be watched with interest, and if these valuable fur-bearing animals can be acclimatized it will mean a revolution in the fox farming industry. The sables are somewhat smaller than the black fox, but this is a young pair and are very vicious, not allowing any one to approach them. They have apparently stood the trip across the sea well and are seemingly in good health. Their coats are of a beautiful black luster. Besides this pair Russian breed and are expected to be heard from against their American competitors.

horses have defeated all the visitors to St. Petersburg for the last two seasons, and for the first time the United States will be invaded by Russian pacers and Colonel Rodzyanko has every confidence that his horses will be amongst the foremost at next season's circuits. The horses are a mixture of English and championship of the Russian tracks and have carried off eight first prizes in England during the present year. Many United States horse owners have taken their racers to St. Petersburg and have usually won everything in sight. Colonel Rodzyanko's of animals that are worth a small fortune, there is a pair of still more valuable animals on board. They are the two champion race horses of Russia, owned by one of St. Petersburg's most noted turf men, Colonel Rodzyanko, of the Imperial Cavalry Guard. These horses have won the

FIVE MINUTE CURE IF STOMACH IS BAD

"PAPE'S DIAPEPSIN" IS QUICKEST, SUREST INDIGESTION CURE KNOWN.

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

Pape's Diapepsin is noted for its speed in giving relief; its harmlessness; its certain unfailing action in regulating sick, sour, gassy stomach. Its millions of cures in indigestion, dyspepsia, gastritis and other stomach trouble has made it famous the world over.

Keep this perfect stomach doctor in your home—keep it handy—get a large fifty-cent case from any drug store and then if anyone should eat something which doesn't agree with them; if what they eat lays like lead ferments and sours and forms gas; causes headache, dizziness and nausea; erucations of acid and undigested food—remember as soon as Pape's Diapepsin comes in contact with the stomach all such distress vanishes. Its promptness, certainty and ease in overcoming the worst stomach disorders is a revelation to those who try it.

Home, Home, Home Sweet Home

Make the Home Sweet with some of Patons Furniture

Furnitune Talk that Pays the Purchaser

Buying furniture by the carload from the best makers pays us and you. Why? FIRST. Because buying in quantities we get the largest discount. SECOND. Frieght on small shipments cost twice as much as large. THIRD, AND BEST REASON, we buy for SPOT CASH and get an extra discount. FOURTH REASON. THREE KILLED, TWENTY INJURED IN IN RAILWAY ACCIDENT.

LONDON, October 27—In the latest railway accident which occurred today at Waterloo Junction, a South Eastern train was wrecked, three people were killed and twenty-four injured. This makes the sixth serious accident recently, and creates disquiet in the public mind, especially as all have been of a similar nature, a standing train being run into.

These accidents have not been confined to one railway line. Two have occurred on the Great Eastern, one on the Great Western, one on the Midland and to the Scotch express, one on the Cheshire and Liverpool line, and the last on the South Eastern.

TO FACILITATE LOANS.

QUEBEC, Oct. 26.—Among the passengers who arrived on the Empress of Britain, which reached here Saturday, was Sir Frederick Williams Taylor, the London manager of the Bank of Montreal, whose object in coming out here is said to be connected with the organization of a system of securities covering local loans in this country with the idea of making it easier for the smaller Canadian municipalities to get their bonds floated at a reasonable rate of interest and at the same time of giving the British investor more confidence in these issues.

It is understood that this question has already been given the serious attention of the Provincial Government and may be discussed at length in the inter-provincial conference, the feeling being that if Sir Frederick's mission is attended with success a large number of issues that would otherwise meet with small favor will be taken up at short notice.

SEVEN LIVES LOST IN A FIRE AT MILWAUKEE LAST NIGHT.

MILWAUKEE, Wis., Oct. 27—The toll of death from last night's fire, which destroyed the store of the Goodyear Rubber Company and adjoining buildings, and wrought other damage to property within the block, still remains at seven this morning, The monetary loss is estimated at half a million dollars.

THE RESOURCES OF SEA PROVINCES.

MONCTON, Oct. 27.—With the ultimate view of the stimulation of industrial activity, the development of tourist travel on a largely increased scale and the general exploiting of the maritime provinces and Quebec, the Canadian government railways are making active plans for the year 1914.

The burden of advertising the attractions of eastern Canada has largely been borne by the Intercolial, and while encouraging results have justified the efforts in the past, it is felt that more can be accomplished by a systematic and better organization campaign, in which the provinces and the people generally will be asked to co-operate. A thorough and systematic canvass will be made of the territory by a representative of the traffic department in order to obtain such details as will assist the railways in properly advertising the natural resources and attractions of the territory. It is expected that as a result of these enquiries there will be greater advertising activity on the part of the railway during the coming year.

A. H. Lindsay, of the traffic department of the Canadian government railways, has already gone to Cape Breton to obtain data along the lines indicated above. Thus the systematic enquiry has begun and will be continued until the entire territory has been covered.

JUDGE TO FACE IMPEACHMENT.

MONTGOMERY, Ala., Oct. 28—Impeachment case against Probate Judge A. L. Hasty, of Marengo County, charged with incompetency, wilful neglect of duty and corruption in office was called for trial in the Supreme Court today. The charges in the case are of a rather serious nature, but friends of the Judge still maintain that he has been guilty only of carelessness.

Cured Eczema Like Magic

Suffered for Years—Tried All Kinds of Treatment—Surprised at Results From Dr. Chase's Ointment.

You can soon tell when people are enthusiastic about medical treatment by the language they use. After experimenting with all sorts of ointments in a vain effort to obtain relief and cure, the writer of this letter was astonished at the quick and satisfactory results obtained by the use of Dr. Chase's Ointment.

"It worked like magic," she writes. Indeed, it is surprising the healing that is often effected in a single night by this great ointment. The stinging and itching are relieved at once, and cure is only a matter of time and patient treatment.

Mrs. Clements, 13 Strange street, Toronto, Ont., writes: "I have suffered from eczema for years, and after using all kinds of ointment, at last tried Dr. Chase's Ointment. It worked like magic and proved a God-send to me. I would advise anyone suffering from eczema to try one box and be convinced." 60 cents a box, all dealers, or Edmanson, Bates & Co., Limited, Toronto.
