YESTERDAY'S STOCK AND BOND QUOTATIONS

MARKET GOSSIP

(By John L. Cooley, Associated Press Financial Writer)

NEW YORK, July 19—Stocks dawdled today, responding so apathetically to professional operations in one or two groups that efforts toward a revival of the advance were abandoned. Closing prices represented almost a draw between minor advances and declines, with losses favored by a shade.

New York City Tractions and the tobaccos gave a bullish tinge to the market for a time.

Some of yesterday's weak spots hardened, notably Du Pont which seemed untroubled by its earnings report. Utilities were firmer. People's Gas rallied moderately as it became known that refunding operations for the Insull group's forthcoming maturities were to be undertaken soon. American Telephone and Consolidated Gas improved fractionally. Rails tried to be hopeful over the outcome of the executives' conference, but got little real inspiration therefrom. American Tobacco B, Reynolds B and Liggett and Myers B held part of their extreme gains of around a point. U. S. Steel was steady, although the preferred lost 1⅝ net. Brooklyn-Manhattan had a 2 point rise. It was the dullest day since June 20, sales totalling 464,890 shares.

Montreal Market Sidelights

(Canadian Press)

MONTREAL, July 19—Price movements were irregular and in the main of the narrowest variety in today's market on the local exchange with volume of trading showing a further and marked contraction. The undertone of the market here, however, remained distinctly firm, and the ability of values to hold relatively intact the robust advance of last week may be counted as offering evidence of not only a greatly improved sentiment but also of a sounder market position in a technical sense. At the close here losses were in excess of gains by 8 to 4, while the average price of twenty stocks declined .03. The New York market failed to provide a very encouraging background for the list here, stocks turning irregular in the late dealings, after a steady performance earlier in the day, with volume on the light side. Sentiment was aided, however, by continued firmness in bond prices and better prices for a number of commodities.

MONTREAL, July 19—(By the Canadian Press)—The reduction of dividends by the Bank of Montreal and the Royal Bank of Canada had an adverse influence upon the Montreal Stock Market in late trading today, resulting in a number of recessions, mainly fractional. The market received little leadership from the outside, Wall Street showing exceptionally dull trading.

Leaders in the local market showed considerable power of resistance. Montreal Power which was active throughout the day, closed at 31, unchanged. International Nickel was likewise unchanged at 6¼, while Shawinigan Power lost ⅛ to 12¾. Brazilian held steady at 10.

In vew of the dividend cuts by the Bank of Montreal and the Royal Bank of Canada the banking section drew more than unusual attention. Royal Bank only reacted one point to close at 144. The issue was lost several points in the course of the past few days, however. Bank of Montreal in odd lots was off 11 points to 180. Bank of Commerce was off 3 at 140, Bank of Nova Scotia at 247 and Basque Canadienne Nationale at 128 were both unchanged.

Other changes for the day included: Canada Bronze, up ⅛ to 13, National Breweries up ¼ at 14, Quebec Power down ½ at 12½, Canadian Industrial Alcohol down ⅛ to 17⅝. Canadian Pacific was down the same amount to 12½ and Winnipeg Electric lost ½ to 31½.

In the bonds Montreal Power debentures were off ⅛ to 39¼, Montreal Tramways first mortgage bonds changed hands at 93¾ and the Service Loan of 1941 was sold at 98.50.

Total sales were 6,282 shares and $8,000 bonds.

The pound sterling closed at $4.11¼ and the United States dollar at a premium of 15⅝ per cent.

LIVESTOCK MARKETS

(Canadian Press)

MONTREAL, July 19—Livestock for sale on the two Montreal markets today amounted to 236 cattle, 233 sheep and lambs, 2,064 hogs and 315 calves, including 130 cattle and 1,300 hogs held over from yesterday's market.

The only early cattle sales were bulls at $1.50 to $2.25 for common kinds, $3 for good butchers bulls and $3.50 for an odd choice bull. A few bids were made on some of the best cattle but there were no offers for common kinds.

Calves of medium quality sold for $3.50 to $4 with fairly good calves $4.50 and grassers and common drinkers around $2 and $2.25 with a few of the poorest kinds as low as $1.50.

Lambs were in fair demand at $6.50 per hundredweight for lambs of good weight and quality with a $2 cut on culls. Light or cull lambs were not wanted even at the lower figure. Sheep were slow at $1 to $2 per hundredweight. A few handpicked lambs sold up to $7.

Hog prices were not established. Only a few small sales were made and these were to local butchers at $8.25.

Grain Market

(Canadian Press)

WINNIPEG, July 19—Unfavorable weather reports from the United States north-west gave a hoist to hesitant wheat prices here today. Strong throughout the market showed gains of ½ cent at the close.

July closed at 53⅝; Oct. at 56¾ and December at 58½.

The extreme hot weather of the past week has brought on considerable deterioration in the spring crop area, reports stated.

The makret here early showed a tendency to work to higher levels. Opening unchanged prices edged higher on reports of some export worked overnight.

New York reported upwards of 700,000 bushels of wheat sold to foreign buyers including a full cargo of Manitobas.

Broomhall confirmed sales of Canadian wheat and it was believed a good quantity of no. 2 northern had been contracted for. No estimate of the amount was available.

Reports of continued rains in Russia and France where the harvest is in progress added to the bullish sentiment. Another constructive factor was the report that Russia was buying flour from Australia in addition to wheat.

Broomhall showed combined crops of Germany, France, Greece, Holland and Belgium at 75,000,000 bushels larger than a year ago. Balkan crops will yield little for export.

Cash wheat sold at spreads slightly higher. Export in barley and rye featured coarse grains.

CHICAGO

CHICAGO, July 19—Increased commission house buying based chiefly on disturbing crop advices relative to spring wheat led to price upturns in all grains today.

Extreme heat was reported to be bringing about premature ripening of spring wheat, and tending to make light weight grain. Some North Dakota points reported wheat prospects reduced more than half.

Wheat closed ¾-1¼ above yesterday's finish, corn ⅝-⅝ up, oats ¼-¼ off, and provisions unchanged to 20 cents down.

Dividend Reductions

MONTREAL, July 19—(By the Canadian Press)—Dividend reductions were today effected by two Canadian banks, Annual rates of the Bank of Montreal and the Royal Bank were cut from 12 to 10 per cent instead of three per cent.

In announcing the dividend cut, high officials of the two banks intimated that by an agreement, two and possibly three other banks would take similar action immediately. Confirmation of such action by the other banks was, however, not forthcoming. From the same source it was stated that no action would be taken by the Banque Canadienne Nationale, which is already on a 10 per cent basis. The Montreal city and district savings bank does not consider a reduction necessary at this tme, it was declared officially. This bank pays annual rate of 12 per cent.

Mr. and Mrs. E. R. Murphy of Boston, motored to their home at Montague to spend the summer months. On the way here they crossed the new toll Bridge which connects Burport, Maine, with Stocton Springs. This bridge is built 300 feet above the Kennebec River. Mr. Murphy's car was one of the first to cross there coming to Canada.

The musical Concert which opened the campaign for the new Montague Memorial Hospital was held in the I. O. O. F. Hall on Wednesday evening at 8 o'clock. The entertainment was much enjoyed by a large and appreciative audience. Ice-cream was sold during intermission. We were very fortunate in having with us Mr. Harvey Barnes, Boston, of Lotus Male Quartette fame. Mr. Barnes possesses a voice of rare quality and depth of tone combined with a charming personality which captivates his audience. We were also fortunate in having Mr. A. S. MacKay of Summerside who gave a very instructive and interesting talk on the need of a hospital for Kings County. Mr. MacKay in his usual highly capable manner gave a report of the success of the Prince County Hospital at Summerside and urged the people of Montague to do their best to carry on the divine work of bringing health and relief to the sick and suffering.

Mr. L. M. MacKinnon, who acted as chairman for the evening gave the opening address and introduced the following programme:

Speech, Mr. A. S. MacKay; Piano Duet, Mrs. Hubley and Mrs. Davison; Solo, Mr. Harvey Barnes; Male Quartette, Messrs. MacLean, Bears, Bruce and Ives; Solo, Mrs. Hubley; Violin Duet, Hume and Southam; Solo, Mr. Barnes. Indian Tableau and Pantomime. During this number "The Land of the Sky-Blue Waters," was sung by Mrs. Hubley and "The Cattle Thief" (Pauline E. Johnston) was very effectively given by Miss Francis Coffin in Indian costume. Solo, Mrs. Garrick; Violin Obligato, Mr. Hume; Hawaiian Guitar Duet, W. Hume and S. MacKay; Solo, Miss Margaret Coffin; Glowworm Song, Four Little Girls.

God Save the King. —H.

Over Crowding Of Auto Cause Of Death

MONTREAL, July 18—(By The Canadian Press)—Condemning the overcrowding of an automobile as a contributing cause, a coroner's jury today returned a verdict of accidental death in connection with the loss of three lives in an early morning collision between a motor and a street car. Three young men were killed while four others were in hospital critically injured.

The dead: Romeo Bleau, 25: Edgar Choquette, 23, and Stenson Berube, 19. In Hospital: Gerald Choquette, 17, Wilfrid Choquette, 22, Jacquet Beaudoin, 18, and Paul Emile Bleau, 26. All seven were driving in Romeo Bleau's car enroute from St. Gabrien de Brandon where while delicious strains of music were they had sung in a church choir to Montreal.

The impact derailed the street car which skidded 100 feet, tearing up pavement, before it was brought to a stop. Witnesses stated the tram was going at a moderate speed. The automobile caught fire. Two of its occupants were unconscious underneath it when the gasoline tank exploded.

I would advise only the real talented to make music a profession. —Ignace Jan Paderewski.

Minard's relieves strains and sprains.
